## **Ghetto Schooling:**

*Ghetto Schooling* Jean Anyon, 1997 Argues that without fundamental change in government and business policies and restoring political power and economic opportunities to inner city residents and the redirection of major resources back into the schools and the communities they serve urban schools are consigned to failure and no effort at raising standards improving teaching or boosting achievement can occur *Ghetto Schooling* Jean Anyon, 1997-09-19 In this personal account originally published in 1997 Jean Anyon provides evidence that the economic and political devastation of America's inner cities has robbed schools and teachers of the capacity to successfully implement current strategies of educational reform She argues that without fundamental change in government and business policies and the redirection of major resources back into the schools and the communities they serve urban schools are consigned to failure and no effort at raising standards improving teaching or boosting achievement can occur Based on her participation in an intensive four year school reform project in the Newark New Jersey public schools the author vividly captures the anguish and anger of students and teachers caught in the tangle of a failing school system *Ghetto Schooling* offers a penetrating historical analysis of more than a century of government and business policies that have drained the economic political and human resources of urban populations This book reveals the historical roots of the current crisis in ghetto schools and what must be done to reverse the downward spiral *Our Schools Suck* Jeanne Theoharis, Gaston Alonso, Noel S. Anderson, Celina Su, 2009-05-01 Shares the voices of students speaking out against the failures of urban education Our schools suck This is how many young people of color call attention to the kind of public education they are receiving In cities across the nation many students are trapped in under funded mismanaged and unsafe schools Yet a number of scholars and of public figures have shifted attention away from the persistence of school segregation to lambaste the values of young people themselves *Our Schools Suck* forcefully challenges this assertion by giving voice to the compelling stories of African American and Latino students who attend under resourced inner city schools where guidance counselors and AP classes are limited and security guards and metal detectors are plentiful and grow disheartened by a public conversation that continually casts them as the problem with urban schools By showing that young people are deeply committed to education but often critical of the kind of education they are receiving this book highlights the dishonesty of public claims that they do not value education Ultimately these powerful student voices remind us of the ways we have shirked our public responsibility to create excellent schools True school reform requires no less than a new civil rights movement where adults join with young people to ensure an equal education for each and every student *The African American Struggle for Secondary Schooling, 1940-1980* John L. Rury, Shirley A. Hill, 2015-04-24 This is the first comprehensive account of African American secondary education in the postwar era Drawing on quantitative datasets as well as oral history this compelling narrative examines how African Americans narrowed the racial gap in high school completion The authors explore regional variations in high school attendance across the United States and how

intraracial factors affected attendance within racial groups They also examine the larger social historical context such as the national high school revolution the civil rights movement campaigns to expand schooling and urging youth to stay in school and Black migration northward Closing chapters focus on desegregation and the urban crisis of the 1960s and 1970s that accelerated White flight and funding problems for urban school systems The conclusion summarizes these developments and briefly looks at the period since 1980 when secondary attainment levels stopped advancing for Blacks and Whites alike Book Highlights A comprehensive history drawing on statistical analysis archival research and interviews with African Americans who attended school in the 1940s and 1950s Lessons from the past showing how parents and local communities played the most direct and dynamic role in the fight for access to education Today s major challenges including the growth of inner city poverty and changing family structures John L Rury is professor of education and by courtesy history at the University of Kansas Shirley A Hill is professor of sociology at the University of Kansas Based on prodigious research The African American Struggle for Secondary Schooling sets a new standard of excellence in social history and policy studies The authors evocatively recreate the passions of the civil rights movement and centrality of public schools in the ongoing quest for justice opportunity and freedom William J Reese Carl F Kaestle WARF Professor of Educational Policy Studies and History University of Wisconsin Madison This book is a rich and compelling addition to the literature on secondary education generally and on secondary education for African Americans specifically It will set the standard for historical studies on American high schools for a long time to come Jeffrey Mirel David L Angus Collegiate Chair of Education Professor of History University of Michigan The African American Struggle for Secondary Schooling fills a major gap in the history of African American educational history This book will be on my shelf and will no doubt be on the shelves of scholars and students who study African American educational history Thomas V O'Brien Professor and Chair Department of Educational Studies and Research University of Southern Mississippi This is the only book length account of the growth and impact of secondary education for African Americans post 1930 With a unique and original analysis the authors frame key themes not only within the common historiographical tradition of an unfolding of growth and development over time but correctly understand that high school entailed opportunities for attainment in a broader social sense as well Michael Fultz Professor Department of Educational Policy Studies University of Wisconsin Madison

**Poverty and Schooling in the U.S.** Sue Books, 2004-07-19 Poverty is an educational issue because it affects children s physical emotional and cognitive development Especially in current times taken for granted ideas about poverty and poor children must be scrutinized and reconsidered That is the goal of this book Poverty and Schooling in the U S Contexts and Consequences is in part a plea for educators and future educators to undertake the intellectual and emotional work of learning more about the social causes as well as the sometimes life altering consequences of poverty Although such efforts will not eradicate poverty they can help form more insightful educators administrators policymakers and researchers The book is also an effort to bring to the table a larger conversation about the

educational significance of the social and legal policy contexts of poverty and about typical school experiences of poor children Poverty and Schooling in the U S Contexts and Consequences describes what teachers need to know or to understand about the contexts and consequences of poverty provides information and analysis of the social context of poverty examines the experience of many children and families living in poverty documents the demographics of poverty and offers a critique of the official U S poverty metric reports on continuing and significant disparities in school funding presents historical context through a broad brush review of some of the landmark legal decisions in the struggle for educational opportunity looks at some typical school experiences of poor children considers the consequences of the federal No Child Left Behind Act and offers suggestions about the kind of educational reform that could make a difference in the lives of poor children This book is fundamental for faculty researchers school practitioners and students across the field of education It is accessible to all readers An extensive background in social theory educational theory or statistics is not required

Dark Ghettos Tommie Shelby, 2016-11 Winner of the Spitz Prize Conference for the Study of Political Thought Winner of the North American Society for Social Philosophy Book Award Why do American ghettos persist Scholars and commentators

often identify some factor such as single motherhood joblessness or violent street crime as the key to solving the problem and recommend policies accordingly But Tommie Shelby argues these attempts to fix ghettos or help their poor inhabitants ignore fundamental questions of justice and fail to see the urban poor as moral agents responding to injustice Provocative Shelby doesn't lay out a jobs program or a housing initiative Indeed as he freely admits he offers no new political strategies or policy proposals What he aims to do instead is both more abstract and more radical to challenge the assumption common to liberals and conservatives alike that ghettos are problems best addressed with narrowly targeted government programs or civic interventions For Shelby ghettos are something more troubling and less tractable symptoms of the systemic injustice of the United States They represent not aberrant dysfunction but the natural workings of a deeply unfair scheme The only real solution in this way of thinking is the fundamental reform of the basic structure of our society James Ryerson New York Times Book Review

**The Urban Primary School** Meg Maguire, Tim Wooldridge, Simon Pratt-Adams, 2006-05-16 This book offers an in depth understanding of the unique challenges and contributions of urban primary schools The authors set urban education in the wider social context of structural disadvantage poverty oppression and exclusion and reassert some critical urban educational concerns Recognising that practice needs to be informed by theory they provide a strong theoretical framework alongside contemporary ethnographic data Drawing on their extensive experience in urban primary schools as well as numerous case studies the authors present a fresh and stimulating view of urban primary schools which will inspire education professionals and academics alike The Urban Primary School is essential reading for teachers and trainee teachers in urban primary schools as well as for students of education policy makers parents and school governors

*Media Education Goes to School* Allison Butler, 2010 Media Education Goes to School examines the struggles involved in integrating media education across the curriculum at a small urban school Based on quasi ethnographic research specifically semi formal individual and group interviews with twenty one participants and participant observation the text focuses on how students understand and make meaning of media education in their schools and what they know about urban education and urban school reform The book argues against the neoliberal ethos that continuously harms urban youth and the rhetoric of new school reform that replicates not heals subjected social positions Media education is a necessity in secondary schooling but it cannot be thoroughly integrated into schools until significant structural changes are made in education this book positions the site of change through the struggles students express with their own experience of education

**Critical Voices in School Reform** Beth Rubin, Elena Silva, 2003-12-16 This is the first book to look at school reform from the perspectives of those most affected by it the students

*School Resegregation* John Charles Boger, Gary Orfield, 2009-11-13 Confronting a reality that many policy makers would prefer to ignore contributors to this volume offer the latest information on the trend toward the racial and socioeconomic resegregation of southern schools In the region that has achieved more widespread public school integration than any other since 1970 resegregation combined with resource inequities and the current

accountability movement is now bringing public education in the South to a critical crossroads In thirteen essays leading thinkers in the field of race and public education present not only the latest data and statistics on the trend toward resegregation but also legal and policy analysis of why these trends are accelerating how they are harmful and what can be done to counter them What is at stake is the quality of education available to both white and nonwhite students they argue This volume will help educators policy makers and concerned citizens begin a much needed dialogue about how America can best educate its increasingly multiethnic student population in the twenty first century Contributors Karen E Banks Wake County Public School System Raleigh N C John Charles Boger University of North Carolina School of Law Erwin Chemerinsky Duke Law School Charles T Clotfelter Duke University Susan Leigh Flinspach University of California Santa Cruz Erica Frankenberg Harvard Graduate School of Education Catherine E Freeman U S Department of Education Jay P Heubert Teachers College Columbia University Jennifer Jellison Holme University of California Los Angeles Michal Kurlaender Harvard Graduate School of Education Helen F Ladd Duke University Luis M Laosa Kingston N J Jacinta S Ma U S Equal Employment Opportunity Commission Roslyn Arlin Mickelson University of North Carolina at Charlotte Gary Orfield Harvard Graduate School of Education Gregory J Palardy University of Georgia John A Powell Ohio State University Sean F Reardon Stanford University Russell W Rumberger University of California Santa Barbara Benjamin Scafidi Georgia State University David L Sjoquist Georgia State University Jacob L Vigdor Duke University Amy Stuart Wells Teachers College Columbia University John T Yun University of California Santa Barbara

Helping Nonmainstream Families Achieve Equity Within the Context of School-Based Consulting Margaret R. Rogers, Bernice Lott, 2013-11-26 First Published in 2005 This is a dual edition of Volume 16 of the Journal of Educational Psychological Consultation double issue from Margaret R Rogers and Bernice Lott The aim of this special issue is to explore issues of equity within the context of school based consulting with nonmainstream parents and their children This volume proposes that several entities within the education system have a major responsibility to recognize and then to challenge unresponsive and neglectful educational environments
