Ghost Stories From Beyond The Grave:

Ghost Stories from Beyond the Grave Linda A. Oness, 2005-03 Imagine yourself trapped alone in a ghost's room or tracked by a deadly stalker In your mind suspend your trembling hands over a Ouija board or dodge the curses of an evil ring These hair raising tales by Linda Oness are brilliant and will leave you unnerved and afraid of the night One woman finds herself caught up in a deadly liaison and becomes possessed another is the victim of a crazed witch hunt Many of these stories will transport you to the other side as through the ghost portal in a family basement while others will leave you with a horrible fright like the story of Herod the Death Ghoul This collection of thirteen spine chilling tales is the perfect companion around any campfire or as you sit alone at home and listen to the wind howl and the house creak and the hounds bay in the distant moonlight And when such a night comes again you'll find yourself opening this book yet again as you snuggle tight your skin tingles and you revisit these ghosts you know so well

stories from Adam Millard Nelson W Pyles Robert W Walker Jennifer Word et al *Afterlives* Nancy Mandeville Caciola, 2016-03-31 Simultaneously real and unreal the dead are people yet they are not The society of medieval Europe developed a rich set of imaginative traditions about death and the afterlife using the dead as a point of entry for thinking about the self regeneration and loss These macabre preoccupations are evident in the widespread popularity of stories about the returned dead who interacted with the living both as disembodied spirits and as living corpses or revenants In *Afterlives* Nancy Mandeville Caciola explores this extraordinary phenomenon of the living s relationship with the dead in Europe during the five hundred years after the year 1000 Caciola considers both Christian and pagan beliefs showing how certain traditions survived and evolved over time and how attitudes both diverged and overlapped through different contexts and social strata As she shows the intersection of Christian eschatology with various pagan afterlife imaginings from the classical paganisms of the Mediterranean to the Germanic Celtic Slavic and Scandinavian paganisms indigenous to northern Europe brought new cultural values about the dead into the Christian fold as Christianity spread across Europe Indeed the Church proved surprisingly open to these influences absorbing new images of death and afterlife in unpredictable fashion Over time however the persistence of regional cultures and beliefs would be counterbalanced by the effects of an increasingly centralized Church hierarchy Through it all one thing remained constant the deep desire in medieval people to bring together the living and the dead into a single community enduring across the generations **The Big Book of New York Ghost Stories** Cheri Farnsworth, 2019-07-17 Hauntings lurk and spirits linger in the Empire State Reader beware Turn these pages and enter the world of the paranormal where ghosts and ghouls alike creep just out of sight Author Cheri Farnsworth shines a light in the dark corners of New York and scares those spirits out of hiding in this thrilling collection From apparitions and objects that fly off of tables at the Manhattan Bistro to a specter that stalks Pulpit Rock in Lake Placid there s no shortage of bone chilling tales to keep you up at night Around the campfire or tucked away on a dark and stormy night this big book of ghost stories is a hauntingly good read **Ghosts of Idaho's Magic Valley** Andy Weeks, 2012-09-11 Barking dogs silent birds and a malodorous stench foretell encounters with the ghostly apparitions and strange creatures that stalk Magic Valley Are these just fanciful notions and figments of the imagination Not according to eyewitnesses who swear things really do go bump in the night in south central Idaho Read about the Stricker Ranch caretaker awakened by the phantom of a pioneer woman the piercing red eyes that frightened visitors at Albion s normal school campus the couple whose property is haunted by ancient spirits and the woman and her grandson who encountered Bigfoot s foul stench in a local wilderness Turn on the lights get cozy and read on as author Andy Weeks investigates the phenomena and local lore of Idaho s Magic Valley **The Best Ghost Stories** Joseph Lewis French, 1919 **Encyclopedia of Television Shows, 1925 through 2010, 2d ed.** Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10 200 programs making it the most comprehensive documentation of television programs ever published In addition to covering the standard

network and cable entertainment genres the book also covers programs generally not covered elsewhere in print or even online including Internet series aired and unaired pilot films erotic series gay and lesbian series risqué cartoons and experimental programs from 1925 through 1945 **100 True and Terrifying Ghost Stories** Robert J Dornan,2024-07-28

In the silent whispers of night when shadows cloak the world and an unsettling stillness hangs in the air a lost realm awaits where past and present intertwine This is a realm where echoes of bygone eras linger the unfulfilled and forgotten roam freely and the unseen make their presence known in the most chilling ways 100 True and Terrifying Ghost Stories offers a haunting invitation into this spectral world This book is a compendium of the uncanny and unexplained presenting a diverse collection of spectral encounters from across the globe from China to America Peru to London These are true events that defy logical explanation and challenge our understanding of reality Within these pages you will meet spirits that wander ancient castles and bloody battlefields phantoms haunting suburban homes and bustling city streets and apparitions manifesting in unexpected places Encounters range from mildly unsettling to downright terrifying featuring playful poltergeists and vengeful wraiths Each narrative offers a glimpse into a world where the ordinary and extraordinary collide and the living and the dead share a tenuous coexistence So turn the page and let the journey begin But be warned once you enter the world of the supernatural you may find it hard to leave The spirits within these pages are waiting to tell their stories and they have been waiting for someone like you to listen *Scarewaves: Beyond the Grave (Scarewaves #2)* Trevor Henderson,2025-08-05

A new terror descends upon the haunted town of Beacon Point in the sequel to Scarewaves by Internet horror superstar Trevor Henderson complete with new spine tingling illustrations It s been six months since the events of Scarewaves and in that time Beacon Point has enjoyed an uncommon period of peace and quiet but nothing lasts forever Mary Byron Rebecca and Luke have done their best to move on with their lives and forget the strangeness that lurks beneath the surface of Beacon Point But while Alan Graves the enigmatic radio host may be long gone his specter looms large over the group literally When strange but beautiful lights begin to appear in the night sky the kids have good reason to be wary Soon they each encounter strange events that spell out paranormal activity With the help of Alan Graves now broadcasting from beyond the grave the kids discover what s really behind these strange encounters and they ll have to work harder than ever before to make it out of this alive **The Phantom Rickshaw and Other Ghost Stories** Rudyard Kipling,1899
