Containing the true account of the system of the universe, and of the Christian Trinity, etc** Richard Brocklesby,1706 [Hamlet's Fictions](#) Maurice Charney,2014-02-03 But in a fiction in a dream of passion In an extended commentary on this passage this book offers a rationale for the excellence and primacy of this play among the tragedies Throughout emphasis is placed on Hamlet s fantasies and imaginations rather than on ethical criteria and on the depiction of Hamlet as a revenge play through an exploration of its dark and mysterious aspects The book stresses the importance of Passion and Its Fictions in the play and

attempts to explore the very Pirandellian topic of Hamlet's passion and dream of passion. It goes on to examine the organization of dramatic energies in the play, the use Shakespeare makes of analogy and infinite regress and of scene rows, broken scenes and impacted scenes and the significance of the exact middle of Hamlet. The final section is devoted to conventions of style, imagery and genre in the play: what is the stage situation of asides, soliloquies and offstage speech? How is the imagery of skin disease and sealing distinctive? In what sense is Hamlet a comedy or does it use comedy significantly?

Shakespeare's Dramatic Structures Anthony Brennan, 2013-09-13 First published in 1986. The focus of this book is the dramatic strategies of scenic repetition and character separation. The author traces the way in which Shakespeare often presents recurring gestures, dramatic interactions and complex scenic structures at widely separated intervals in a play, thereby providing an internal system of cross-reference for an audience. He also examines the way in which Shakespeare increases the dramatic voltage in central relationships by limiting the access key characters have to each other on stage. These strategies, it is argued, are indelible marks of Shakespeare's craftsmanship which survive all attempts to obliterate it in many modern productions.
