that list substantially with dozens of new essays on additional authors from the late eighteenth century to the present who have contributed to the Palmetto State's distinctive literary heritage. Each profile in this concise reference includes essential biographical facts and critical assessments to place the featured writers in the larger context of South Carolina's literary tradition. The guide comprises 128 entries written by more than sixty-nine literary scholars and it also highlights the sixty-nine writers inducted thus far into the South Carolina Academy of Authors which serves as the state's literary hall of fame. Rich in natural beauty and historic complexity, South Carolina has long been a source of inspiration for writers. The talented novelists, essayists, poets, playwrights, journalists, historians, and other writers featured here represent the countless individuals who have shared tales and lore of South Carolina. The guide includes a foreword by George Singleton, author of two novels, four short story collections, and one nonfiction book, and a 2010 inductee of the South Carolina Academy of Authors. *Library of Congress Subject Headings*. Havoc in the Hub Peter Wolfe, 2007-01-01. *Havoc in the Hub* examines the long neglected work of George V. Higgins, bringing to light the wealth of intellectual, social, literary, and religious thought that underlie his 25 novels and numerous other writings.

Necessary American Fictions William Darby, 1987. William Darby gives us a comprehensive and mostly sympathetic reading of over fifty novels and a few movies from the 1950s. He examines titles such as *Mandingo*, *The Invisible Man*, *I the Jury*, *Catcher in the Rye*, *Battle Cry*, *The Caine Mutiny*, *The Revolt of Mamie Stover*, *The Manchurian Candidate*, *Hawaii*, *The Bramble Bush*, *Peyton Place*, *Ten North Frederick*, *A Stone for Danny Fisher*, *The Bad Seed*, *Not as a Stranger*, *The Blackboard Jungle*, *From Here to Eternity*, and *Compulsion*.

The Professions of Authorship Matthew Joseph Bruccoli, 1996. A tribute to a man whose life's work has centered on the study of authorship and who is a scholar and book collector of the first magnitude. *The Professions of Authorship* examines the business of writing, publishing, and selling books or what George V. Higgins describes in this volume as a perplexing, disorganized, chameleonic enterprise. Twenty-three authors, publishing professionals, and scholars who share Matthew J. Bruccoli's love and knowledge of books offer candid observations and opinions about the past, present, and future of publishing. In doing so, they unravel many of the mysteries surrounding this tradition-bound endeavor.

Writers and Miners David C. Duke, 2021-10-21. Coal miners evoke admiration and sympathy from the public, and writers, some seeking a muse, others a cause, traditionally champion them. David C. Duke explores more than one hundred years of this tradition in literature, poetry, drama, and film. Duke argues that, as most writers spoke about rather than to the mining community, miners became stock characters in an industrial morality play, robbed of individuality or humanity. He discusses activist writers such as John Reed, Theodore Dreiser, and Denise Giardina, who assisted striking workers and looks at the writing of miners themselves. He examines portrayals of miners from *The Trail of the Lonesome Pine* to *Matewan* and *The Kentucky Cycle*. The most comprehensive study on the subject to date, *Writers and Miners* investigates the vexed political and creative relationship between activists and artists and those they seek to
