Gift Of Speech:

Homiletical Theology David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A *Becoming Human* Luke A. Powery, 2022-11-01 Discussions of racial difference always embody a story The dominant story told in our society about race has many components but two stand out 1 racial difference is an essential characteristic fully determining individual and group identity and 2 racial difference means that some bodies are less human than others The church knows another story says Luke Powery if it would remember it That story says that the diversity of human bodies is one of the gifts of the Spirit That story's decisive chapter comes at Pentecost when the Spirit embraces all bodies all flesh all tongues In that story different kinds of materiality and embodiment are strengths to be celebrated rather than inconvenient facts to be ignored or feared In this book Powery urges the church to live up to the inclusive story of Pentecost in its life of worship and ministry He reviews ways that a theology and practice of preaching can more fully exemplify the diversity of gifts God gives to the church He concludes by entering into a conversation with the work of Howard Thurman on doing ministry to and with humanity in the light of the work of the Spirit **Truth Games** John Forrester, 2000-04-14 This book offers a rich philosophical and historical perspective on the mechanics moral dilemmas and rippling implications of psychoanalysis Original witty incisive these essays provide a new understanding of the uses and abuses and the ultimate significance of truth telling and lying trust and confidence as they operate in psychoanalysis Since Lacan Linda Clifton, 2018-03-29 This volume comprises of papers by analysts and members of the Freudian School of Melbourne It addresses the question what difference Lacan's teaching
