

1968 Quantum Electronics Conference

THIS ISSUE includes, in addition to regular JOURNAL papers and correspondence, the first installment of selected papers from the 1968 Quantum Electronics Conference, held in Miami, Fla., May 14-17, 1968. The November issue will contain the remainder of these papers, which comprise approximately 35 percent of the actual presentations at the meeting. As such, this collection is not a complete record of the Conference, but includes those contributions that the authors felt suitable for submission and that were accepted by the Editorial Board.

From an archival point of view, these issues and that of May, 1968, constitute a record of the Conference in terms of abstracts of all papers. The Conference Digest is included in the May issue and summaries of all post-deadline papers are included here. The Editors wish to thank the many referees for their prompt review of the papers under the pressure of an early publication deadline and during the inevitable interruptions of the summer holidays.

Copies of the October and November issues are being sent to all Conference registrants.
