If The Irish Ran The World Montserrat 1630 1730:

If the Irish Ran the World Donald H. Akenson,1997 What would have happened if the Irish had conquered and controlled a vast empire Would they have been more humane rulers than the English Using the Caribbean island of Montserrat as a case study of Irish imperialism Donald Akenson addresses these questions and provides a detailed history of the island during its first century as a European colony *If the Irish Ran the World* Donald Harman Akenson,1997-01-01 What would have happened if the Irish had conquered and controlled a vast empire Would they have been more humane rulers than the English Using the Caribbean island of Montserrat as a case study of Irish imperialism Donald Akenson addresses these questions and provides a detailed history of the island during its first century as a European colony The Early English Caribbean, 1570-1700 Vol 3 Carla Gardina Pestana, Sharon V Salinger,2021-12-16 This four volume collection brings together rare pamphlets from the formative years of the English involvement in the Caribbean Texts presented in the volumes cover the first impressions of the region imperial rivalries between European traders and settlers and the experience of day to day life in the colonies Volume 3 Living in the Caribbean Once settlements were firmly established articles began to appear promoting the way of life to those back at home Numerous texts advertised the climate the crops and the social life and the recruitment of settlers generated a literature offering land liberty and other benefits to those who migrated Recruiting labour on the islands presented a particular problem A transatlantic trade in servants was developed initially and some groups including Quakers and those convicted after the Monmouth Rebellion were coerced into settling but in the end the colonists came to rely on slavery Sources document the growing involvement of English traders in the sale of enslaved Africans as well as the development of laws and the administration of justice on the islands **A Treatise on Northern Ireland** Brendan O'Leary,2019 The first volume of the definitive political history of Northern Ireland **Haven: The Mediterranean Crisis and Human Security** John Morrissey,2020-10-30 The Mediterranean refugee crisis presents states across Europe with a common security challenge how to intervene responsibly in mitigation and support This book seeks to advance the UN concept of human security in showing how a human security approach to the crisis can effectively conceptualize and respond to the intricacies of the challenges faced It argues for a politics of solidarity in proffering integrated solutions that call out the failure of top down statist security measures Leading international authors from a range of disciplines document key dimensions of the crisis including the legal mechanisms enabling or blocking asylum the biopolitical systems for managing displaced peoples and the multiple overlapping historical precedents of today s challenges *A Treatise on Northern Ireland, Volume I* Brendan O'Leary,2019-04-04 This first volume in A Treatise on Northern Ireland illuminates how British colonialism shaped the formation and political cultures of what became Northern Ireland and the Irish Free State Contrasting colonial and sectarianized accounts of modern Irish history Brendan O Leary shows that a judicious meld of these perspectives provides a properly political account of direct and indirect rule and of administrative and

settler colonialism The British state incorporated Ulster and Ireland into a deeply unequal Union after four re conquests over two centuries had successively defeated the Ulster Gaels the Catholic Confederates the Jacobites and the United Irishmen and their respective European allies Founded as a union of Protestants in Great Britain and Ireland rather than of the British and the Irish nations the colonial and sectarian Union was infamously punctured in the catastrophe of the Great Famine The subsequent mobilization of Irish nationalists and Ulster unionists and two republican insurrections amid the cataclysm and aftermath of World War I brought the now partly democratized Union to an unexpected end aside from a shrunken rump of British authority baptized as Northern Ireland Home rule would be granted to those who had claimed not to want it after having been refused to those who had ardently sought it The failure of possible federal reconstructions of the Union and the fateful partition of the island are explained and systematically compared with other British colonial partitions Northern Ireland was invented in accordance with British interests to resolve the hereditary animosities between the descendants of Irish natives and British settlers in Ireland In the long run the invention proved unfit for purpose Indispensable for explaining contemporary institutions and mentalities this volume clears the path for the intelligent reader determined to understand contemporary Northern Ireland

Ireland, Sweden, and the Great European Migration, 1815-1914 Donald H. Akenson, 2011 A comparative history of European emigration *Sharavogue* Nancy Blanton, 2012-10 It is December of 1649 as England's uncrowned king Oliver Cromwell leads his brutal army across Ireland to eliminate a violent rebellion Fifteen year old Elvy Burke the daughter of a great warrior wants only one thing to live her destiny as a leader and defender of her country While waiting anxiously in her village Elvy receives word that Cromwell and his cavalry are on the way As she hears the thunderous hooves approaching Elvy has already decided she will not give up easily When Cromwell cruelly beheads a village boy Elvy vows to avenge the killing by destroying Cromwell After fleeing from the general's soldiers Elvy aligns with a Scottish outlaw whose schemes send them headlong into a tumultuous journey across the sea to the West Indies where she becomes an indentured servant for the fledgling sugar plantation *Sharavogue* Knowing she will surely be killed if she attempts to escape Elvy learns to survive in her new life and soon discovers the depth of her own strengths and emotions *Sharavogue* is the compelling historical tale of one girl's incredible journey through the lawless lands of the West Indies as she fights her way back to Ireland to confront her sworn enemy and claim her destiny *Ethnic Groups of the Americas* James B. Minahan, 2013-03-14 Intended to help students explore ethnic identity one of the most important issues of the 21st century this concise one stop reference presents rigorously researched content on the national groups and ethnicities of North America Central America South America and the Caribbean Combining up to date information with extensive historical and cultural background the encyclopedia covers approximately 150 groups arranged alphabetically Each engaging entry offers a short introduction detailing names population estimates language and religion This is followed by a history of the group through the turn of the 19th century with background on societal organization and culture and expanded information

on language and religious beliefs The last section of each entry discusses the group in the 19th 20th and 21st centuries including information on its present situation Readers will also learn about demographic trends and major population centers parallels with other groups typical ways of life and relations with neighbors Major events and notable challenges are documented as are key figures who played a significant political or cultural role in the group s history Each entry also provides a list for further reading and research

Hubs of Empire Matthew Mulcahy,2014-11-03 The colonial Low Country the Carolinas Georgia and British Caribbean made up an integrated region quite distinct from the Chesapeake Mid Atlantic or New England Like Maryland and Virginia the greater Southeast which formed as Mulcahy argues a dynamic center of the British imperial scheme in the New World relied on staple crops and slave labor Yet the economic and social ties that bound the Carolinas and the West Indies created quite distinct cultures black and white alike giving planters e g a sense of taste and behavior far more tropical and Continental than the ideals that influenced tobacco planters in the Chesapeake The location and trade patterns of the Carolinas and West Indies encouraged the purchase of slaves from sources and in numbers that ensured far greater persistence of African traditions and threats of violence than elsewhere Mulcahy offers us a short book that explores this early American Caribbean region in the manner of our other series titles explaining the integrity if not unity of the region and what made it so and also comparing it to other economic cultural regions in the colonial period

Country houses and the British Empire, 1700-1930 Stephanie Barczewski,2017-02-01 Country houses and the British empire 1700 1930 assesses the economic and cultural links between country houses and the Empire between the eighteenth and twentieth centuries Using sources from over fifty British and Irish archives it enables readers to better understand the impact of the empire upon the British metropolis by showing both the geographical variations and its different cultural manifestations Barczewski offers a rare scholarly analysis of the history of country houses that goes beyond an architectural or biographical study and recognises their importance as the physical embodiments of imperial wealth and reflectors of imperial cultural influences In so doing she restores them to their true place of centrality in British culture over the last three centuries and provides fresh insights into the role of the Empire in the British metropolis

Making the Imperial Nation Gabriel Glickman,2023-01-31 How did the creation of an overseas empire change politics in England itself After 1660 English governments aimed to convert scattered overseas dominions into a coordinated territorial power base Stuart monarchs encouraged schemes for expansion in America Africa and Asia tightened control over existing territories and endorsed systems of slave labor to boost colonial prosperity But English power was precarious and colonial designs were subject to regular defeats and failed experimentation Recovering from recent Civil Wars at home England itself was shaken by unrest and upheaval through the later seventeenth century Colonial policies emerged from a kingdom riven with inner tensions which it exported to enclaves overseas Gabriel Glickman reinstates the colonies within the domestic history of Restoration England He shows how the pursuit of empire raised moral and ideological controversies that divided political

opinion and unsettled many received ideas of English national identity Overseas ambitions disrupted bonds in Europe and cast new questions about English relations with Scotland and Ireland Vigorous debates were provoked by contact with non Christian peoples and by changes brought to cultural tastes and consumer habits at home England was becoming an imperial nation before it had acquired a secure territorial empire The pressures of colonization exerted a decisive influence over the wars revolutions and party conflicts that destabilized the later Stuart kingdom *Religious Freedom, Multiculturalism,*

Islam Tuula Sakaranaho,2006-11-01 This is a comparative study of Muslims in Finland and the Republic of Ireland from the perspective of religious freedom and multiculturalism The book consists of three parts the first part discusses religious freedom and multiculturalism from a conceptual point of view and mainly within the context of Western Europe culminating in the cases of Finland and Ireland the second part deals with the establishment of Muslim communities in Europe in general and in Finland and Ireland in particular and the third part concerns Islam and education in these respective countries **A**

Brief History of Slavery Jeremy Black,2011-08-18 A thought provoking and important book that raises essential issues crucial not only for understanding our past but also the present day In this panoramic history Jeremy Black tells how slavery was first developed in the ancient world and reaches all the way to the present in the form of contemporary crimes such as trafficking and bonded labour He shows how slavery has taken many forms throughout history and across the world from the uprising of Spartacus the plantations of the West Indies and the murderous forced labour of the gulags and concentration camps Slavery helped to consolidate transoceanic empires and helped mould new world societies such as America and Brazil Black charts the long fight for abolition in the nineteenth century looking at both the campaigners as well as the harrowing accounts of the enslaved themselves Slavery is still with us today and coerced labour can be found closer to home than one might expect Settler Society in the English Leeward Islands, 1670-1776 Natalie A. Zacek,2010-08-30

Settler Society in the English Leeward Islands 1670 1776 is the first study of the history of the federated colony of the Leeward Islands Antigua Montserrat Nevis and St Kitts that covers all four islands in the period from their independence from Barbados in 1670 up to the outbreak of the American Revolution which reshaped the Caribbean Natalie A Zacek emphasizes the extent to which the planters of these islands attempted to establish recognizably English societies in tropical islands based on plantation agriculture and African slavery By examining conflicts relating to ethnicity and religion controversies regarding sex and social order and a series of virulent battles over the limits of local and imperial authority this book depicts these West Indian colonists as skilled improvisers who adapted to an unfamiliar environment and as individuals as committed as other American colonists to the norms and values of English society politics and culture *Ireland In The 20th Century* Tim Pat

Coogan,2009-12-01 Ireland s bestselling popular historian tells the story of contemporary Ireland controversial authoritative and highly readable Tim Pat Coogan s biographies of Michael Collins and DeValera and his studies of the IRA the Troubles and the Irish Diaspora have transformed our understanding of contemporary Ireland and all have been massive bestsellers

Now he has produced a major history of Ireland in the twentieth century Covering both South and North and dealing with cultural and social history as well as political this enthralling work will become the definitive single volume account of the making of modern Ireland Islanded Identities Maeve McCusker,Anthony Soares,2011 Preliminary Material Island Theory The Antipodes Matthew Boyd Goldie Writing Against the Tide Patrick Chamoiseau s Is land Imaginary Maeve Mccusker A Distinctive Disaster Literature Montserrat Island Poetry under Pressure Jonathan Skinner Rethinking Identity and Belonging Mauritianness in the Work of Ananda Devi Ritu Tyagi From Slave to Tourist Entertainer Performative Negotiations of Identity and Difference in Mauritius Burkhard Schnepel and Cornelia Schnepel Amid the Alien Corn British India as Human Island Ralph Crane Journalism and Identity The Red Top Hangover and Erosions of Island Mentality in Postcolonial Ireland Mark Wehrly Western Blood in an Eastern Island Affective Identities in Timor Leste Anthony Soares No Man is an Island National Literary Canons Writers and Readers Lyn Innes Impure Islands Europe and a Post Imperial Polity Paulo de Medeiros Notes on Contributors Index **Off the Beach in the Caribbean** Raymond A. Saraceni,2021-04-28 Colourful and various characterized by rich histories a treasure trove of fascinating places and most especially by an array of unique compelling personalities the Caribbean islands are decidedly more than their beaches and resorts **Some Family** Donald H. Akenson,2007-08-08 Donald Akenson writes authoritatively and with verve about this controversial mixture of religion politics and culture this is a good book that rewards repeated readings Books in Canada *Riches from Atlantic Commerce* ,2021-10-11 While it is generally recognized that the Dutch played a prominent part in the world economy of the seventeenth and eighteenth centuries most studies of Dutch long distance shipping and trade have focused on Asia and neglected the Atlantic region In this volume eight scholars contribute their expertise on Dutch trade with Africa the Americas and the West Indies and demonstrate that Dutch trade in the Atlantic was far more extensive and valuable than has generally been assumed and exceeded the trade with Asia at that time Supported by extensive archival research and quantitative data the study makes a strong appeal for a reassessment of Dutch maritime commerce of that period and should stimulate further research of Dutch Atlantic trade Riches from Atlantic Commerce has been selected by Choice as Outstanding Academic Title 2005 Contributors include Christopher Ebert Victor Enthoven Henk den Heijer Han Jordaan Wim Klooster Eric Willem van der Oest Johannes Postma Claudia Schnurmann and Stuart B Schwartz
