

QUOTATION MARKS AND PUNCTUATION

The Ultimate Guide!

Punctuation Mark	Inside Quotation Marks	Outside Quotation Marks
Period	Yes	No
Comma	Yes	No
Exclamation Point	Yes	No
Question Mark	Yes	No
Colon	Yes	No
Semi-Colon	No	Yes

If you're like most people, you've probably wondered at some point whether punctuation should go inside or outside quotation marks. The answer is simple: it depends on the punctuation mark!

For periods, commas, exclamation points, question marks, and colons, the punctuation should always go inside the quotation marks. For example:

- She said, "I love ice cream."
- Did he really say, "I'm quitting my job"?
- The sign read, "No parking: violators will be towed."

On the other hand, semi-colons should always go outside quotation marks. For example:

- He told me to "keep calm"; I knew he was right.

So there you have it! Follow these simple rules and you'll never have to worry about misplacing your punctuation again.

Inside A Question:

Humanitarianism in Question Michael Barnett, Thomas G. Weiss, 2008-03-14 Years of tremendous growth in response to complex emergencies have left a mark on the humanitarian sector. Various matters that once seemed settled are now subjects of intense debate. What is humanitarianism? Is it limited to the provision of relief to victims of conflict or does it include broader objectives such as human rights, democracy, promotion, development, and peacebuilding? For much of the last century, the principles of humanitarianism were guided by neutrality, impartiality, and independence. More recently, some humanitarian organizations have begun to relax these tenets. The recognition that humanitarian action can lead to negative consequences has forced humanitarian organizations to measure their effectiveness, to reflect on their ethical positions, and to consider not only the values that motivate their actions but also the consequences of those actions. In the indispensable *Humanitarianism in Question*, Michael Barnett and Thomas G. Weiss bring together scholars from a variety of disciplines to address the humanitarian identity crisis, including humanitarianism's relationship to accountability, great powers, privatization, and corporate philanthropy, warlords, and the ethical evaluations that inform life and death decision making during and after emergencies.

The Identity in Question John Rajchman, 2014-10-29 As virulent nationalism increases in Europe and the debate surrounding political correctness continues to rage in the US, this volume provides a theoretical analysis of these events and the questions they raise for critical theory.

The Picture in Question Mark C. Taylor, 2010-01-15 A rich exploration of the possibilities of representation after Modernism, Mark Taylor's new study charts the logic and continuity of Mark Tansey's painting by considering the philosophical ideas behind Tansey's art. Taylor examines how Tansey uses structuralist and poststructuralist thought as well as catastrophe, chaos, and complexity theory to create paintings that please the eye while provoking the mind. Taylor's clear accounts of thinkers ranging from Plato, Kant, and Hegel to Merleau-Ponty, Derrida, and de Man will be an invaluable contribution to students and teachers of art.

Selves in Question Judith Lutge Coullie, Stephan Meyer, Thengani H. Ngwenya, Thomas Olver, 2006-05-31 Wide-ranging and engaging, *Selves in Question* considers the various ways in which auto-biographical accounts situate and question the self in contemporary southern Africa. The twenty-seven interviews presented here consider both the ontological status and the representation of the self. They remind us that the self is constantly under construction in webs of interlocation and that its status and representation are always in question. The contributors therefore look at ways in which auto-biographical practices contribute to placing understanding and troubling the self and selves in postcolonies in the current global constellation. They examine topics such as the contexts conducive to production, processes, the contents, and forms of auto-biographical accounts, and finally their impact on the producers and the audience. In doing so, they map out a multitude of variables, including the specific historical juncture, geo-political locations, social positions, cultures, languages, generations, and genders in their relations to auto-biographical practices. Those interviewed include the famous and the hardly known, women and men, writers and performers.
