Islamic Concept Of God:

Islamic Concept of God Mohammad Zia Ullah,1984 **Allah: The Concept of God in Islam** Yasin T. al-Jibouri,2012-01-19 Humans are comprised of a body and a soul yet most of them take care of their bodies and forget about their souls This book wakes them up the author hopes and provides them with a dose of spirituality which they may never have had before This book is written for everyone and its stories will appeal to many if not most people who will find in them beauty and universality There is One God one human family started by Adam and Eve one truth one heaven one hell one right and one wrong and one religion Call any of these by any name it does not matter for calling a rose by any other name does not change its beauty hue aroma or anything else So is the case particularly with God whom the Muslims prefer to call All h for reasons which the book explains This Volume discusses the 99 Attributes of All h or how Muslims view their Creator Knowing a maker is done by knowing what he makes It discusses not only prominent figures but other beings as well jinns or genies angels demons etc It narrates interesting tales about a number of God s prophets and messengers such as Noah Moses Abraham David Solomon and Jesus Christ peace with them all and many many salutations *Allah: The Concept of God in Islam* Yasin T. al-Jibouri,2013-07-08 This Volume discusses a number of various topics which the author thinks the reader will find to be very interesting Among them are Surat al Fatiha the Opening Chapter of the Holy Qur an its significance implications mysteries and linguistic marvels a number of selected supplications original Arabic texts and author s translations and the stories behind them in order to demonstrate how one can get to know his Lord from supplication a discussion of the biography of the Prophet of Islam which occupies the bulk of this book and which takes the reader back to the 7th Century and how the Arabs were living in their Peninsula their interactions with followers of Paganism Christianity and Judaism He narrates details of a plot to assassinate the Prophet s mother and later to assassinate him wizardry and witchcraft during the time how the Islamic message was born fought for survival and flourished the two Jewish ladies who became the Prophet s wives covenants of the Prophet with the Christians of Najran Yemen and with Medina Hijaz Arabic texts and translations how the immediate family of the Prophet of Islam did not receive the recognition it deserves and the injustice meted particularly to his only surviving daughter Fatima whose inheritance was confiscated It also contains three important chapters 1 one about the Qur an and its miraculous aspects 2 another about the rising Islamophobia throughout the West and Islam bashing in Japan and 3 a discussion of jihad the most misunderstood Islamic concept and of the Qaida menace Wahhabism Takfirism and terrorism Throughout the book the author stresses the unity of the adherents to the Abrahamic faith advocating peaceful coexistence between the Muslims of the world and followers of all other religions after all according to him we all are members of one and the same family which our parents Adam and Eve started **Islamic Concept of God** Zia Ullah Muhammad,1999-05-01 **Who Is Allah SWT God In Islam Religion?** Muhammad Vandestra,2019-05-22 Some of the biggest misconceptions that many non Muslims have about Islam have to do with the word

Allah For various reasons many people have come to believe that Muslims worship a different God than Christians and Jews This is totally false since Allah is simply the Arabic word for God and there is only One God Let there be no doubt Muslims worship the God of Adam Noah Abraham Moses David and Jesus peace be upon them all However it is certainly true that Jews Christians and Muslims all have different concepts of Almighty God For example Muslims like Jews reject the Christian beliefs of the Trinity and the Divine Incarnation This however does not mean that each of these three religions worships a different God because as we have already said there is only One True God Judaism Christianity and Islam all claim to be Abrahamic Faiths and all of them are also classified as monotheistic However Islam teaches that other religions have in one way or another distorted and nullified a pure and proper belief in Almighty God by neglecting His true teachings and mixing them with man made ideas First of all it is important to note that Allah is the same word that Arabic speaking Christians and Jews use for God If you pick up an Arabic Bible you will see the word Allah being used where God is used in English This is because Allah is a word in the Arabic language equivalent to the English word God with a capital G Additionally the word Allah cannot be made plural a fact which goes hand in hand with the Islamic concept of God It is interesting to note that the Aramaic word El which is the word for God in the language that Jesus spoke is certainly more similar in sound to the word Allah than the English word God This also holds true for the various Hebrew words for God which are El and Elah and the plural or glorified form Elohim The reason for these similarities is that Aramaic

The Names of God in Judaism, Christianity, and Islam Máire Byrne, 2011-07-07 This book offers a welcome solution to the growing need for a common language in interfaith dialogue particularly between the three Abrahamic faiths in our modern pluralistic society The book suggests that the names given to God in the Hebrew Bible the New Testament and the Qur'an could be the very foundations and building blocks for a common language between the Jewish Christian and Islamic faiths On both a formal interfaith level as well as between everyday followers of each doctrine this book facilitates a more fruitful and universal understanding and respect of each sacred text exploring both the commonalities and differences between each theology and their individual receptions In a practical application of the methodologies of comparative theology Maire Byrne shows that the titles names and epithets given to God in the sacred texts of Judaism Christianity and Islam contribute towards similar images of God in each case and elucidates the importance of this for providing a viable starting point for interfaith dialogue

Iranian Islam Fereshteh Ahmadi, Nader Ahmadi, 1998-10-07 The author examines from different perspectives theological and philosophical as well as socio political and historical the significance of the concept of the individual in the ways of thinking of Iranians This book establishes that the mystical dimension of Islamic thought the divine nature of Islamic law and the mode of relationship between ruler and the ruled in combination counteracted growth of concern for the individual self in Iranian thought

heaven and a hell Why does God allow evil in the world permitting bad things to happen to good people This collection of essential verses from Scripture and the accompanying commentaries will help answer these and other fundamental questions The sixty six books of the Bible are an integrated message system from God a message to mankind from the creator of all things It is the best selling book of all time yet most copies sit unread This is due in part to the fact that wading through so many pages of spiritually inspired and purposefully encrypted material can be intimidating This new guide to the Bible offers a solution for those eager to understand God s message and develop a closer relationship with Him It holds a collection of inspirational verses selected from all sixty six books of Scripture cataloged under more than 100 specific subject headings

The Concept of Person in Judaism, Christianity and Islam Georges Tamer,2023-11-06 The sixth volume of the series Key Concepts of Interreligious Discourses investigates the roots of the concept of person in Judaism Christianity and Islam and its relevance for the present time The concept of person lies at the core of central ideas in the modern world such as the value and development of personal identity the sanctity of human person and the human rights based on that In societies that are shaped by a long Christian tradition these ideas are associated often with the belief in the creation of man in the image of God But although Judaism shares with Christianity the same Biblical texts about the creation of man and also the Qur n knows Adam as the first human being created by God and his representative on earth the focus on the concept of person is in each one of these religions a different one So the crucial question is how did the concept of person evolve in Judaism Christianity and Islam out of the concept of human being What are the special features of personhood in each one of these traditions The volume presents the concept of person in its different aspects as anchored in Judaism Christianity and Islam It unfolds commonalities and differences between the three monotheistic religions as well as the manifold discourses about the meaning of person within these three religions

God and Humans in Islamic Thought Maha Elkaisy-Friemuth,2006-09-27 Winner of The Iranian World Prize for the Book of the Year 2007 in the Philosophy and Mysticism category This new and original text provides a timely re examination of Islamic thought presenting a stark contrast to the more usual conservative view The explanation of the relationship between God and humans as portrayed in Islam is often influenced by the images of God and of human beings which theologians philosophers and mystics have in mind The early period of Islam reveals a diversity of interpretations of this relationship Elkaisy Friemuth discusses the view of three scholars from the tenth and eleventh century Abd al Jabbar Ibn Sina and Al Ghazali which introduce three different approaches of looking at the relationship between God and Humans God and Humans in Islamic Thought attempts to shed light on an important side of medieval rational thought in demonstrating its significance in forming the basis of an understanding of the nature of God the nature of human beings and the construction of different bridges between them

The Concept of God in Islam Gai Eaton,1990 **Allah** Shaik Kadir,2016-05-16 This book Allah Understanding God in Islam apart from describing what Islam is explains that all prophets sent by God including Prophet Abraham Prophet Moses

and Prophet Jesus Christ were Islams prophets too and that Muslims must believe in them The book specifically informs readers that Allah is the same God of every human being of any race culture or religion The book delves into the messages of the Quran Islams Holy Book to highlight the importance of knowing the true nature of God called Allah in Islam It points out that the proper knowledge of God would compel people to adhere to His commandments in having faith in Him and His practical guidance to acquire a close and rewarding relationship with Allah and His creations as well as with all human beings who though diversified in various nationalities and faiths can be united in spirit and togetherness The book also emphasises that following Allahs guidance with understanding would facilitate people to appreciate the natural gifts Allah has given to every person and so instead of getting overwhelmed by ignorance and falling into the trap of hatred and hostility enable them to live a happy peaceful and harmonious life

Anthropomorphic Depictions of God Zulfiqar Ali

Shah,2012-01-01 This monumental study examines issues of anthropomorphism in the three Abrahamic Faiths as viewed through the texts of the Hebrew Bible the New Testament and the Qur an Throughout history Christianity and Judaism have tried to make sense of God While juxtaposing the Islamic position against this the author addresses the Judeo Christian worldview and how each has chosen to framework its encounter with God to what extent this has been the result of actual scripture and to what extent the product of theological debate or church decrees of later centuries and absorption of Hellenistic philosophy Shah also examines Islam s heavily anti anthropomorphic stance and Islamic theological discourse on Tawhid as well as the Ninety Nine Names of God and what these have meant in relation to Muslim understanding of God and His attributes Describing how these became the touchstone of Muslim discourse with Judaism and Christianity he critiques theological statements and perspectives that came to dilute if not counter strict monotheism As secularism debates whether God is dead the issue of anthropomorphism has become of immense importance The quest for God especially in this day and age is partly one of intellectual longing To Shah anthropomorphic concepts and corporeal depictions of the Divine are perhaps among the leading factors of modern atheism As such he ultimately draws the conclusion that the postmodern longing for God will not be quenched by pre modern anthropomorphic and corporeal concepts of the Divine which have simply brought God down to this cosmos with a precise historical function and a specified location reducing the intellectual and spiritual force of what God is and represents causing the soul to detract from a sense of the sacred and thereby belief in Him

Muslim: What You Need to Know About the World's Fastest Growing Religion Hank Hanegraaff,2017-10-10

Is Islam a peaceful and tolerant religion How did it get started World events are making it more timely important and necessary for every Christian to understand how the world s fastest growing religion will affect them and how to stand firm in the truth of Christ Renowned Bible Answer Man Hank Hanegraaff provides an in depth look at Islam For all the debate over Islam and its growing presence in the world one thing is often overlooked Islam is not a religion in the Western sense It s an all encompassing worldview opposed to anything but itself While there may be millions of peaceful and tolerant Muslims

many of them our neighbors Islam itself is not peaceful and tolerant Islam is the only significant religious system in the history of the human race with a structure of laws that mandate violence against the infidel The current narrative is that to tell the truth in this regard will radicalize Muslims and worsen hostilities A common phrase you've probably heard is that Islam is not our enemy As well intentioned as this mantra may be it is a dangerous stance once someone understands Islam in full Global Islamic jihadism is exacting mass genocide on Christians in the East and multiplying terrorist attacks throughout the West Worse still Western governments academic institutions and media outlets seem bent on peddling a false narrative about what Islam truly is In Muslim you will Learn the history of Islam from the bloody career of the prophet Mohammed to the authoritarian Islamic law Examine how Islamic theology refutes the core Christian beliefs of original sin Jesus resurrection and more Discover specific Islamic teaching inciting violence to non Muslims and even governments opposing Islamic law Find solutions and encouragement for Christians to withstand this growing global threat The conflict between Islam and the West is not going to die down or fade away The Islamic doctrines upon which it is based will continue to cause conflict on an ever increasing scale With Muslim Christians can equip themselves and others to stand unwavering in the truth of Christ

The Doctrine of God in African Christian Thought James Henry Owino Kombo, 2007-05-30 The Christian faith knows and worships one God who is revealed in the Son and in the Holy Spirit This is the meaning of the doctrine of the Trinity in Christian thought Although Christian orthodoxy defines the doctrine of the Trinity the intellectual tools used to capture it significantly vary At different times and in different places Western Christianity has for instance used neo Platonism German Idealism and the conceptual tools of the second century Greeks Taking elements from the known African intellectual framework this book argues that for African Christians the respective pre Christian African understanding of God and the Ntu metaphysics in particular function as conceptual gates for an attempt towards articulating the Trinity for African Christian audiences

[THE GUIDE TO ANSWERING ISLAM](#) Daniel Janosik, 2019-01-26 The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians Jews and even young little children not to mention Muslims with which they disagree However the average Christian does not know their true beliefs just how many there are to the extent they will go to carry out these beliefs Daily we find Islamic commentators on the TV and radio offering up misleading information quoting certain portions of the Quran while leaving other parts out

When considering Islamic beliefs other Islamic writings must be considered like the Hadith or Sunnah and the Shariah or canon law While Islam in general does not support radical Islam the vast majority do support radical beliefs For example beheadings stoning for adultery or homosexuality suicide bombings turning the world into an Islamic state and far too many other heinous things THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology The reader will learn about Muhammad s calling the history of the Quran how Islam expanded the death of Muhammad and the splinter groups that followed In addition the three sources of their teaching six pillars of belief five pillars of Islam the twelfth Imam and much more will be discussed While there are several books on Islam and radical Islam this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths THE GUIDE TO ISLAM will be an effective evangelism tool In addition each chapter will end with review questions helping the reader recall the main points of the chapter Therefore it can be studied alone or in a church Bible study setting THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church There are many recent books written by Christians about Islam and there are many books written recently about radical Islam However none of these recent books attempts to do what has been done which is to give an adequate portrayal of Islam critiqued by history and Christian doctrine and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian s perspective

Attaining Inner Peace in Islam Zuleyha Keskin, 2021-08-20 This book discusses inner peace from an Islamic theological and spiritual perspective the writings of Said Nursi a twentieth century Muslim scholar Inner peace is a topic of great interest in the world at present While happiness and mental health have been extensively discussed from a psychological and sociological perspective and while inner peace has been written about from various religious viewpoints there is very little scholarly work on inner peace from an Islamic theological and spiritual perspective This book addresses this significant gap With Islam being the second largest religion in the world this book provides an important contribution to the literature on a faith tradition which is followed by so many In addressing the intersection between Islam spirituality and psychology this book makes an original contribution to the literature on modern Islamic thinkers like Nursi and to the broader fields of Islamic studies and theology philosophy and well being studies
