Israeli Democracy Under Stress

Charles S. Liebman, Elihu Katz

Israeli Democracy Under Stress:

Israeli Democracy Under Stress Ehud Sprinzak, 1993-01 This work examines the crisis of Israeli politics in the 1990s exploring the increasing ungovernability of the Jewish state its obsolete electoral system and cynical coalition politics its overburdened judiciary its stagnant economy and related issues The authors while highly critical present a comprehensive effort to provide a scholarly foundation for political reform in Israel **Studies in Contemporary Jewry** Ezra

Mendelsohn, 1997-01-30 *Literary Strategies Jewish Texts and Contexts* collects essays on Jewish literature which deal with the manifold ways that literary texts reveal their authors attitudes toward their own Jewish identity and toward diverse aspects of the Jewish question Essays in this volume explore the tension between Israeli and Diaspora identities and between those who write in Hebrew or Yiddish and those who write in other non Jewish languages The essays also explore the question of how Jewish writers remember history in their search for a useable past From essays on Jabotinsky s virtually unknown plays to Philip Roth s novels this book provides a strong overview of contemporary themes in Jewish literary studies

Institutions And Democratic Statecraft Metin Heper, 2018-10-08 This volume of fifteen original essays examines the role of political institutions in establishing democratic stability around the globe Leading scholars survey well established democracies such as the United States Great Britain Canada Australia and France relatively established democracies such as Germany Italy India and Israel and newly established democracies such as Turkey Poland and Spain The final chapter explores how political institutions may be connected to democracy for best performance of the political system The Presidentialization of Politics Thomas Poguntke, Paul Webb, 2007-04-27 *The Presidentialization of Politics* shows that the politics of democratic societies is moving towards a presidentialized working mode even in the absence of formal institutional changes These developments can be explained by a combination of long term structural changes in modern politics and societies contingent factors which fluctuate over time While these contingent short term factors relate to the personalities of office holders the overall political agenda and the majority situation in parliament there are several structural factors which are relatively uniform across modern nations First the internationalization of modern politics which is particularly pronounced within the European Union has led to an executive bias of the political process which has strengthened the role of political top elites vis vis their parliamentary groups and or their parties Their predominance has been amplified further by the vastly expanded steering capacities of state machineries which have severely reduced the scope of effective parliamentary control At the same time the declining stability of political alignments has increased the proportion of citizens whose voting decisions are not constrained by long standing party loyalties In conjunction with the mediatization of politics this has increased the capacity of political leaders to by pass their party machines and to appeal directly to voters As a result three interrelated processes have led to a political process increasingly moulded by the inherent logic of presidentialism increasing leadership power and autonomy within the political executive increasing leadership power and autonomy within

political parties and increasingly leadership centred electoral processes The book presents evidence for this process of presidentialization for 14 modern democracies including the US and Canada While there are substantial cross national differences the overall thesis holds modern democracies are increasingly following a presidential logic of governance through which leadership is becoming more central and more powerful but also increasingly dependent on successful immediate appeal to the mass public Implications for democratic theory are considered *Being Israeli* Gershon Shafir,Yoav Peled,2002-02-14 A timely study by two well known scholars offers a theoretically informed account of the political sociology of Israel The analysis is set within its historical context as the authors trace Israel s development from Zionist settlement in the 1880s through the establishment of the state in 1948 to the present day Against this background the authors speculate on the relationship between identity and citizenship in Israeli society and consider the differential rights duties and privileges that are accorded different social strata In this way they demonstrate that despite ongoing tensions the pressure of globalization and economic liberalization has gradually transformed Israel from a frontier society to one more oriented towards peace and private profit This unexpected conclusion offers some encouragement for the future of this troubled region However Israel s position towards the peace process is still subject to a tug of war between two conceptions of citizenship liberal citizenship on the one hand and a combination of the remnants of republican citizenship associated with the colonial settlement with an ever more religiously defined ethno nationalist citizenship on the other *The Oxford Handbook of Israeli Politics and Society* Reuven Y. Hazan,Alan Dowty,Menachem Hofnung,Gideon Rahat,2020-08-15 This publication offers the most wide ranging examination to date of an intriguing country one that is often misunderstood It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The Oxford Handbook of Israeli Politics and Society considers the role of external hostilities but this is not taken as the main determinant of Israel s internal politics Rather the Handbook presents an overview of the historical development of Israeli democracy through chapters examining the country s history contemporary society political institutions international relations and most pressing political issues This comprehensive volume offers contributions by internationally recognized authorities on their subjects outlining the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments *Work and Organizations in Israel* Itzhak Harpaz,2017-09-04 Since the State of Israel was established its labor force has grown rapidly and has become increasingly diverse in terms of its demographic cultural ethnic and socioeconomic characteristics Israeli work values have shifted towards greater individualism materialism careerism and preference for white collar and knowledge based occupations is evident A major structural change is underway as indicated by the decline of agriculture as a component in the Israeli economy and the

growth of the industrial sector mostly towards high technology and innovative enterprises This volume sheds light on trends and developments that have been taking place in the realm of work in Israel in recent years It contains a unique selection of articles presenting empirical evidence of the major features and important changes characterizing work organizations and the regime of work in Israeli society labor relations work values power and management in organizations work in the Kibbutz inter organizational relations women and work migrants and minorities in the Israeli labor force Studies show that another two major trends characterize the contemporary economy and the labor market the trend toward privatization and globalization the results of which are a continuous decrease of job security and an increasing level of unemployed Israeli men and women that are replaced by the low cost labor of foreign workers emigrating from third world countries This timely volume is valuable for its contribution to illuminating the recent changes taking place in the realm of work in Israel and will be of interest to sociologists social scientists and students of Judaica

Democratic Societies and Their Armed Forces

Stuart A. Cohen, 2013-02-01 These papers are an edited selection from the BESA conference of 1998 They present an overview of transformations in societal military relations in the western world and the specific manifestations in Israel

To Be an Arab in Israel Laurence Louër, 2007-03-06 To Be an Arab in Israel fills a long neglected gap in the study of Israel and the contemporary Arab world Whether for ideological reasons or otherwise both Israeli and Arab writers have yet to seriously consider Israel's significant minority of non Jewish citizens whose existence challenges common assumptions regarding Israel's exclusively Jewish character Arabs have been a presence at all levels of the Israeli government since the foundation of the state Laurence Louër begins her history in the 1980s when the Israeli political system began to take the Arab nationalist parties into account for the political negotiations over coalition building Political parties especially Labour sought the votes of Arab citizens by making unusual promises such as ownership and access to land The continuing rise of nationalist sentiments among Palestinians however threw the relationship between the Jewish state and the Arab minority into chaos But as Louër demonstrates Palestinization did not prompt the Arab citizens of Israel to set aside their Israeli citizenship Rather Israel's Arabs have sought to insert themselves into Israeli society while simultaneously celebrating their difference and these efforts have led to a confrontation between two conceptions of society and two visions of Israel Louër's fascinating book embraces the complexity of this history revealing the surprising collusions and compromises that have led to alliances between Arab nationalists and Israeli authorities She also addresses the current role of Israel's Arab elites who have been educated at Hebrew speaking universities and the continuing absorption of militant Islamists into Israel's bureaucracy To Be an Arab in Israel is a discerning treatment of an enigmatic little known but nevertheless highly influential people Their effect on the balance of power in the Middle East seems destined to grow in the twenty first century

Political Conflict and Exclusion in Jerusalem Rawan Nuseibeh, 2015-10-08 The political conflict over the city of Jerusalem has resulted in the breach of Palestinian Jerusalemites civil political and social rights While Israel claims

sovereignty over East Jerusalem it neglects to provide adequate services to the Palestinian residents of the city The Israeli Jerusalem Municipality provides insufficient and highly politicised educational services to the Palestinians residents of the city at the same time discriminating against the other Palestinian systems that provide educational services Political Conflict and Exclusion in Jerusalem offers a detailed description of the structure of the education sector in East Jerusalem with its four main providers the Palestinian Authority through Awqaf schools the Israeli Authority through municipal schools the United Nations Relief and Works Agency and private schools Its study reveals that there is no single body that oversees the provision of educational services in the city to ensure that the services provided are sufficient and of quality Employing a qualitative research strategy with semi structured interviews and focus groups in Palestinian and Israeli schools this book offers a comprehensive and revealing comparison of the educational services provided to both their students It explores how Palestinian and Israeli students routinely receive vastly different learning opportunities in terms of school funding qualified staff school facilities and school programmes which as a result disempowers Palestinians and ensures an Israeli Jewish hegemony over the city One of the few academic books on a highly pertinent topic this book will be of interest to students and scholars of Middle East Studies and a key resource for those studying the social impacts of the Israeli Palestinian conflict

Religion and Democratizations Jeffrey Haynes, 2013-09-13 This book examines key debates on religion and democratization from three main perspectives Religious traditions have core elements which are more or less conducive to democratization and democracy Religious traditions may be multi vocal but at any moment there may be dominant voices more or less receptive to and encouraging of democratization Religious actors rarely if ever determine democratization outcomes However they may in various ways and with a range of outcomes be of significance for democratization The contributions are divided into two sections 1 Religion democratization and democracy and 2 Secularization democratization and democracy Overall they examine the three assertions in the bullet points above The book s starting point is that in general around the world religions have left their assigned place in the private sphere This means they have in many cases become recognisably politically active in various ways and with assorted outcomes This re emergence from political marginality dates back until at least the 1980s At that time the US sociologist Jose Casanova noted that what was new and became news was the widespread and simultaneous refusal of religions to be restricted to the private sphere This involved a remodelling and re assumption of public roles by religion which theories of secularisation had long condemned to social and political marginalisation This book was published as a special issue of Democratization *The Politics of Electoral Systems* Michael Gallagher, Paul Mitchell, 2005-09-15 Electoral systems matter They are a crucial link in the chain connecting the preferences of citizens to the policy choices made by governments They are chosen by political actors and once in existence have political consequences for those actors They are an important object of study for anyone interested in the political process and in this book we subject them to systematic analysis In addition to some comparative chapters the book contains

full accounts of the operation of electoral systems in 22 countries France the UK Germany Italy Israel Spain Austria Belgium Denmark Finland The Netherlands Ireland Hungary Russia Australia Canada India the USA Japan New Zealand Chile and South Africa The book provides detailed analyses of the operation of a diverse set of electoral systems in their national context Each chapter explains how the electoral system really works in the given country examining the strategic incentives the system provides to voters candidates and parties All country chapters have a common format and structure Successive sections analyse the institutional context how each electoral system was chosen historically how the current electoral system operates the rules mechanics and ballot structure and the political consequences of the current system the impact on the party system the internal life of parties and the impact on parliament and government formation Each country chapter then contains a final section which focuses on the politicization of electoral institutions In recent years many countries have changed their electoral systems either entirely or in part so there is a strong focus on the processes of electoral reform both historically and prospectively The book concentrates on the real world politics as well as the political science of electoral systems The book will be of interest to those concerned with the practical political business of electoral reform The book contains a wealth of evidence about the performance of various kinds of proportional representation and of non PR systems This will be invaluable for anyone interested in the question What would be the best electoral system for my country

Military, State, and Society in Israel Eyal Ben-Ari, 2018-04-17 There have been many books on the place of war security or military service in Israeli society The Military State and Society in Israel makes contributions to the debate theoretical empirical and polemical that are related to the Israeli case and to wider debates about the place of war and the military in contemporary industrialized societies The Israeli case is important in the development of more macro approaches to the study of things military as war has played a central role in Israel's history and continues to do so The book encapsulates in a very explicit manner tensions in the relationships between the military state and society and stands at the core of contemporary debates between two fundamental approaches to the study of the relations between the military society and the state the armed forces and society school and the state making and war perspective Contemporary Israel is the site of debates about many of the fundamental assumptions that have undergirded the Jewish nation state the ethnic character of nationhood and statehood the role of the Jewish diaspora vis vis Israel the legitimacy of Jewish ethnic pluralism the meaning of the Holocaust privatization of social life and the spread of consumerism and weakening of the centralized state as the agent of social transformation affecting housing language health technology production dress and child rearing One important consequence of these internal conflicts and struggles has been a significant erosion in the almost sacred status once enjoyed by state institutions and especially the military among the majority of Jewish population Theoretical and Comparative Perspectives situates Israel in its wider theoretical and comparative context and shows how the study of Israel contributes to the theoretical understanding of contemporary changes in civil military relations The Politics of Civil Military

Relations concentrates on current changes in Israeli politics the character of the conflict with the Palestinians and the place of military in society The State and War Making Creating Citizens Soldiers and Men and Women indicates how war and the military are not only instruments for state making but are also important factors in the formation of individual identities The Notion of National Security Institutions and Concepts raises the basic question of whether the institutional mechanisms and the strategic conceptions crystallized during the first 50 years of Israel s existence are still relevant in a changing post cold war world The Armed Forces as Organization Continuity and Change focuses on the lines of continuity and trends of change in several aspects of the Israeli Defense Forces internal organizational structure Studies based on Israeli cases data and scholarship have been central to the development of expertise in such fields as applied psychology and psychotherapy This volume contributes to these areas of study and will be of central importance to professionals interested in civil military

Political Science Abstracts IFI/Plenum Data Company staff,2013-11-11 *Political Science Abstracts* is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available The Struggle for Sovereignty Joel Beinin,Rebecca L. Stein,2006 This book examines political social and cultural changes in Palestine and Israel from the 1993 Oslo Accords through the second Palestinian uprising and the death of Yasser Arafat It also explains the failures of the Oslo process and considers the prospects for a just and lasting peace in the region The Jewish State Alan Dowty,2001-06 The one intelligent overview of Israeli politics that addresses the paradox at the heart of Israeli statehood How can Israel be both a Jewish state and a democratic state **The Jewishness of Israelis** Charles S. Liebman,Elihu Katz,1997-04-24 Analyzes a recent report on a survey of the religious beliefs and behavior of Israeli Jews and of the intense public debate that it produced

Understanding Israel Joel Peters,Rob Geist Pinfold,2018-10-11 The State of Israel is an unlikely powerhouse in a troubled region Since 1948 Israel has retained its status as a democratic state without interruption An investor friendly environment and skilled workforce have led to a thriving economy whilst the Israel Defense Forces are one of the most powerful armed forces in the world Yet Israel is also blighted by a plethora of foreign domestic and security challenges some of which threaten the very fabric of the state The cost of living continues to soar political corruption appears endemic and the conflict with the Palestinians divides domestic opinion and sours Israeli foreign relations Thus contemporary Israel remains perplexing resisting any straightforward categorizations or generalizations This book provides a comprehensive multi disciplinary analysis of the external and internal threats opportunities and issues facing contemporary Israel The book comprises sixteen chapters written by recognized authorities in the field of Israeli Studies Together the chapters offer a detailed overview of Israel while separately they provide stand alone coverage of specific topics under discussion Part I examines the Israeli Political System such as the Knesset political parties and extra parliamentary politics Part II addresses issues in Israeli society including the Israeli economy the divides between Jews and Arabs religious and secular Israelis and

the struggle for gender equality and Part III focuses on security geopolitical and foreign policy challenges looking at relations between Israel and the Jewish Diaspora Israeli foreign policy borders and settlements and regional security threats By filling an important gap in the study of contemporary Israel this book is of interest to multiple audiences most notably students and scholars of Israeli politics the Middle East and comparative politics [The New Israel](#) Gershon Shafir, 2018-02-13 The New Israel Peacemaking and Liberalization argues that the ongoing Israeli Palestinian peace process will be expedited by increased economic liberalization Israel has undergone dramatic economic change in the 1990s shifting from a strongly protectionist state centered economy to a more international neoliberal one The book maintains that these fundamental changes have in turn transformed Israeli society as a whole resulting in a significant moderation of attitudes toward the Palestinian people and Palestinian nationalism The New Israel contains contributions from both established Israeli sociologists and promising young scholars The New Israel Peacemaking and Liberalization is an insightful commentary on one of the most crucial international issues of our time **Wrapped in the Flag of Israel** Smadar Lavie, 2018-07 In *Wrapped in the Flag of Israel* Smadar Lavie analyzes the racial and gender justice protest movements in the State of Israel from the 2003 Single Mothers March to the 2014 New Black Panthers and explores the relationships between these movements violence in Gaza and the possibility of an Israeli attack on Iran Lavie equates bureaucratic entanglements with pain and arguably torture in examining a state that engenders love and loyalty among its non European Jewish women citizens while simultaneously inflicting pain on them Weaving together memoir auto ethnography political analysis and cultural critique *Wrapped in the Flag of Israel* presents a model of bureaucracy as divine cosmology that is both lyrical and provocative Lavie s focus on the often minimized Mizra i population juxtaposed with the state s monolithic culture suggests that Israeli bureaucracy is based on a theological notion that inserts the categories of religion gender and race into the foundation of citizenship In this revised and updated edition Lavie connects intra Jewish racial and gendered dynamics to the 2014 Gaza War providing an extensive afterword that focuses on the developments in Mizra i feminist politics and culture between 2014 and 2016 and its relation to Palestinians

Israeli Democracy Under Stress Introduction

In the digital age, access to information has become easier than ever before. The ability to download Israeli Democracy Under Stress has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Israeli Democracy Under Stress has opened up a world of possibilities. Downloading Israeli Democracy Under Stress provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Israeli Democracy Under Stress has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Israeli Democracy Under Stress. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Israeli Democracy Under Stress. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Israeli Democracy Under Stress, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Israeli Democracy Under Stress has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available

and embark on a journey of continuous learning and intellectual growth.

FAQs About Israeli Democracy Under Stress Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Israeli Democracy Under Stress is one of the best book in our library for free trial. We provide copy of Israeli Democracy Under Stress in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Israeli Democracy Under Stress. Where to download Israeli Democracy Under Stress online for free? Are you looking for Israeli Democracy Under Stress PDF? This is definitely going to save you time and cash in something you should think about.
