Issue In Literary Criticism:

The Issue in Literary Criticism Myron Franklin Brightfield,1932 **The Theory of Literary Criticism** John Martin Ellis,1974 **Grounds of Literary Criticism** Suresh Raval,1998 This sophisticated and wide ranging look at literary criticism addresses the major theorists of today and proposes a constructive approach to challenging critical debates Disclosing conflict as the inevitable outcome of historical change Suresh Raval refuses the stark either or choice between the foundationalist stance which seeks to find the right answers and the relativist position which denies the possibility of identifying right and wrong Raval explores the question of conflict in literary criticism and theory by analyzing how different theories have treated key issues not to resolve these problems but to show why they resist decisive solution

Shakespearean Issues Richard Strier,2022-09-06 A collection of thought provoking essays that treat the political social and philosophical themes of Shakespeare s plays In Shakespearean Issues Richard Strier has written a set of linked essays bound by a learned view of how to think about Shakespeare s plays and also how to write literary criticism on them The essays vary in their foci from dealing with passages and key lines to dealing with whole plays and to dealing with multiple plays in thematic conversation with each other Strier treats the political social and philosophical themes of Shakespeare s plays through recursive and revisionary close reading revisiting plays from different angles and often contravening prevailing views Part I focuses on characters Moments of bad faith of unconscious self revelation and of semi conscious self revelation are analyzed along with the problem of describing characters psychologically and ethically In an essay on Happy Hamlet the famous melancholy of the prince is questioned as is the villainy of Rosencrantz and Guildenstern while another essay asks the reader to reconsider moral judgments and negative assessments of characters who may be flawed but do not seem obviously wicked such as Edgar and Gloucester in King Lear Part II moves to systems arguing that Henry IV Measure for Measure and The Merchant of Venice raise doubts about fundamental features of legal systems such as impartiality punishments and respect for contracts Strier reveals King Lear s radicalism analyzing its concentration on poverty and its insistence on the existence and legitimacy of a material substratum to human life Essays on The Tempest offer original takes on the play s presentation of coercive power of civilization and its discontents and of humanist ideals Part III turns to religious and epistemological beliefs with Strier challenging prevailing views of Shakespeare s relation to both A culminating reading sees The Winter s Tale as ultimately affirming the mind s capacities and as finding a place for something like religion within the world Anyone interested in Shakespeare s plays will find Shakespearean Issues bracing and thought provoking

Psychoanalytic Literary Criticism Maud Ellmann,2014-01-14 This collection of essays provides students of literary critical theory with an introduction to Freudian methods of interpretation and shows how those methods have been transformed by recent developments in French psychoanalysis particularly by the influence of Jacques Lacan It explains how classical Freudian criticism tended to focus on the thematic content of the literary text whereas Lacanian criticism focuses on

its linguistic structure redirecting the reader to the words themselves Concepts and methods are defined by tracing the role played by the drama of Oedipus in the development of psychoanalytic theory and criticism The essays cover a wide generic scope and are divided into three parts drama narrative and poetry Each is accompanied by explanatory headnotes giving clear definitions of complex terms

Problems for Feminist Criticism Sally Minogue, 2012-10-11 Feminist criticism has come a long way in the last twenty years Its development has been rapid its snowball progress picking up elements of structuralism deconstruction and psychoanalytic criticism just as rapidly it has been shedding its own early theories and methodologies Now it is a critical orthodoxy with its own established canonical texts Now is the time then to begin to question that orthodoxy In *Problems for Feminist Criticism* five women critics seek to do that in a spirit of enquiry whose central point of focus is the literature for which feminist critics have offered a re-reading By reference to a wide range of writers from Milton to the contemporary poet with a strong emphasis on the nineteenth century novel the contributors ask what we may be losing from literature by adopting the feminist orthodoxy Each chapter provides a survey of feminist critical approaches to its subject and highlights the inherent problems The book frees the way forward for critics who have found much that is

stimulating and revealing in feminist approaches to literature but who find its proscriptiveness potentially reductive It shows how literature may have the flexibility to absorb and benefit from new critical approaches whilst still retaining its own life never quite to be contained in criticism's theories and methodologies *The ABC of Lit Crit* Frank H. Ellis, 2005-07-30 Using technical discussion definition and example Dr Ellis discusses the art and craft of literary criticism and uses a variety of essay forms to discuss the critical impulse Critical essays on 17th and 18th century literature and poetry are used to illustrate the notions of criticism and its overall purpose Excellent study of the origins purpose and style inherent in literary criticism Recommended for research libraries Professor M Hawkins UL Alberta Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture Rhetorical Criticism of the Bible Duane Frederick Watson, Alan J. Hauser, 1994 This volume contains extensive bibliographies of works on rhetorical criticism of both the Old and New Testaments Introductory chapters treat the development of rhetorical criticism and its influence on contemporary biblical interpretation **Literary Criticism in the 21st Century** Vincent B. Leitch, 2014-08-28 For more than a decade literary criticism has been thought to be in a post theory age Despite this the work of thinkers such as Derrida Deleuze and Foucault and new writers such as Agamben and Ranciere continue to be central to literary studies Literary Criticism in the 21st Century explores the explosion of new theoretical approaches that has seen a renaissance in theory and its importance in the institutional settings of the humanities today Literary Criticism in the 21st Century covers such issues as The institutional history of theory in the academy The case against theory from the 1970s to today Critical reading theory and the wider world Keystone works in contemporary theory New directions and theory's many futures Written with an engagingly personal and accessible approach that brings theory vividly to life this is a passionate defence of

theory and its continuing relevance in the 21st century

Texts Reading Texts, Sacred and Secular Alison M.

Jack, 1999-05-01 The language themes and imagery of the Bible have been rewritten into texts across time In the Revelation of John the Hebrew Bible echoes and is reinvented just as in James Hogg's The Private Memoirs and Confessions of a Justified Sinner 1824 many explicit and implicit readings and interpretations of the Bible are offered In Texts Reading Texts these readings of the Bible and the ways in which Revelation and Hogg's Confessions have themselves been read are considered from the two postmodern perspectives of marginalization and deconstruction By reading the two seemingly unrelated texts side by side from these perspectives traditional readings of them both are disturbed and challenged

Systematic Theology, Volume 1,

Fourth Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and

Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced

judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and

denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete

presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology

It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society

September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their

knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine

of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary
