**Issues in Missiology, an Introduction** Edward C. Pentecost, 1982-01-01      **Transforming Missiology** Fohle Lygunda li-M, 2018-02-28 Dr Fohle Lygunda li M provides a thorough analysis of missiological teaching in theological institutions in Africa with special reference to ten Christian universities in the Democratic Republic of the Congo His detailed examination of current teaching of mission theory and practice builds a solid foundation for the articulation of a new paradigm of missiological education In this book Dr Lygunda presents the case for a transformed approach to raising up seminarians who are equipped to lead indigenous missional churches that will fulfil the Great Commission in their own communities and beyond their national borders      Advanced Missiology Kenneth Nehrbass, 2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez      Encountering Missionary Life and Work (Encountering Mission) Tom Steffen, Lois McKinney Douglas, 2008-06-01 This new volume in the award winning Encountering Mission series is for current and future missionaries It provides practical guidance regarding getting ready for the mission field and the realities of life on the field The authors are well qualified to write such a manual each having served as a missionary for more than twenty years and each having taught missions in seminary The authors begin by examining the contemporary context for missions including the recognition that the world s mission fields are in constant and often rapid change They then discuss aspects of preparing oneself for the mission field beginning with home front preparations and moving to on the field preparations The final section deals with practical issues and challenges of missionary life      **Missiology and the Social Sciences** Edward Rommen, Gary Corwin, 1996-09-15 Experts in various branches of social science address the reader explaining the scope and limitations of their discipline in the science of missiology Find the balance between those who discount the value of the sciences for missions and those who use them without discernment      Themelios, Volume 42, Issue 1 D. **Scattered and Gathered** Sadiri Joy Tira,Tetsunao Yamamori,2020-07-31 The twenty first century is marked by mass migration Massive population movements of the last century have radically challenged our study and practice of mission Where the church once rallied to go out into the regions beyond Christian mission is currently required to respond and adapt to missions around As a result leaders in this field have been developing diaspora missiology to provide a missiological framework for understanding and participating in God s redemptive mission among peoples living outside their places of origin In this volume experts in diaspora missiology from across the globe analyze the development of missions to migrants and add to our understanding of the contemporary church s opportunities and responsibilities for mission amongst diaspora groups     **Themelios, Volume 33, Issue 3** D. **Doing Diaspora Missiology Toward "Diaspora Mission Church"** Luther Jeom Ok Kim, 2016-01-05 In U S Population Projections 2005 2050 Pew Research Center reported that The nation s population will rise to 438 million in 2050 from 296 million in 2005 and fully 82% of the growth during this period will be due to immigrants arriving from 2005 to 2050 and their descendants This shows that it is essential to study and understand how our mission especially in the context of the USA called the nation of immigrants will respond to this huge mobility of immigrant diaspora So far there has been emphasis on doing diaspora missiology however there is no practical implications and application in local church setting Now mission is next door which implies that the ministry of the local church should be emphasized for 21st contemporary mission This book provides detailed frameworks and methods of diaspora missiology within local churches called diaspora mission church According to the Bible all human beings are theologically and spiritually diaspora irrespective of ethnicity because they were banished from the Garden of Eden and scattered around the world in God s judgment Now they walk toward the encounter with Jesus Christ preach the gospel as the seed of Kingdom and finally move toward heaven

*Introduction to Missiology* Alan Richard Tippett, 1987

While teaching at Fuller School of World Mission Tippett inspired and challenged the founding generation of great commission or church growth missiologists This collection brings together almost 40 of his best writings In a style that is both academic and personal he deals first with missiological theory then with anthropological and historical dimensions of missiology He then treats a number of specific missiological problems from these perspectives including seminal material on power encounters

**Anthropological Reflections on Missiological Issues** Paul G. Hiebert, 1994-11 Explores anthropology's contributions to the better cross cultural understanding of epistemology globalism urbanization church planting spiritual warfare and more

**Walk Humbly with the Lord** Viggo Mortensen, Andreas Osterund Nielsen, 2010-12-17 In June of 1910 delegates gathered in Edinburgh for the first World Missionary Conference One hundred years later the 2010 Church and Mission in a Multireligious Third Millennium conference sought to reconcile a century of seismic shifts in the worldwide landscape of the church with its ongoing mandate to make disciples of all nations Arising out of that recent conference Walk Humbly with the Lord presents a broad multinational spectrum of contemporary approaches to both theology and missiology Recognizing that the old Western notion of Christendom which formed the cultural backdrop of Edinburgh 1910 is now long obsolete the book's twenty seven forward thinking contributors respond to globalization and the enormous growth of religious pluralism worldwide offering reflections on the future of missiology and the relationship of church and mission Together they speculate about the possible shape of Christianity in a multireligious age as God works out new and unforeseen schemes in the reconciliation of the world I wish I could have been at the conference from which this book comes Viggo Mortensen and Andreas Nielsen have assembled a marvelous collection of reflections on mission that will be especially helpful to Christians committed to living faithfully and missionally in today's pluralistic world If a new postsecular reality is emerging as some are saying these essays will help the church be a sign of hope and stability in such a new age Stephen Bevans SVD Catholic Theological Union Chicago

**Witness To The World** David J. Bosch, 2006-10-01 A great deal of uncertainty exists in the church as to what mission really is The shifts in political power away from the traditionally Christian West the call for a moratorium and the other critical voices from the Third World churches and the increasing self assurance and missionary consciousness among adherents of non Christian religions all these have given rise to the question whether Christian mission work still makes sense and if it does what form it should take Is mission identical to evangelism in the sense of proclaiming eternal salvation Does it include social and political involvement and if so how Where does salvation take place only in the Church or in the individual or in society or in the world or in the non Christian religions The picture is one of change and complexity tension and urgency The answers we give to these questions must be consonant with the will of God and relevant to the situation in which we find ourselves

**Contextual Missiology of the Spirit** Wessly Lukose, 2013-01-01 This book explores the identity context and features of Pentecostalism in Rajasthan India as well as the internal and external issues facing Pentecostals It argues for an indigenous origin of Pentecostalism in Rajasthan

as it is a product of local Spirit revivals in the existing churches and the missionary activities of Indian Pentecostals. It also reveals that both the intra church as well as extra church issues place Pentecostals in a missio ethical dilemma. The book aims to suggest a contextual missiology of the Spirit as a new model of contextual missiology from a Pentecostal perspective. It is presented as a glocal, ecumenical, transformational and public missiology. **The God Who Is with Us** Benjamin H. Kim, 2022-10-21. Contemporary theologies of mission rely on the central concept of the missio Dei which states that mission properly belongs to the triune God over the church. However, present accounts fail to establish any corresponding link between God's trinitarian economy and ontology. In other words, the problem of the missio Dei is the problem of the break between the act and being of God. Benjamin H. Kim argues that a repair is needed for missio Dei theology and this repair is found in reexamining Barth's doctrine of revelation. In doing so, the locus of mission moves from God's trinitarian sending to his trinitarian revealing. The repair is further advanced by Dietrich Bonhoeffer through his concept of person which functions as the unity of act and being. This account returns mission to its original definition which was intended to describe the inner trinitarian being of God in relation to humanity. The concept of person recovers this meaning of mission by locating it first in the person of Christ and second in the collective person of the church existing as the Christ community. Thus, Bonhoeffer's description of revelation in terms of personhood provides an account that is more faithful to the missio Dei's core insights.
