Hung, 2022-10-14 This book comprises select proceedings of the 5th International Conference on Innovative Computing IC 2022 focusing on cutting edge research carried out in the areas of information technology science and engineering Some of the themes covered in this book are cloud communications and networking high performance computing architecture for secure and interactive IoT satellite communication wearable network and system infrastructure management etc The essays are written by leading international experts making it a valuable resource for researchers and practicing engineers alike

Strategies for Effective Learning Through Practical Works Prof. Dr. Nandini Vaz Fernandes, 2023-11-30 The NEP 2020 places greater emphasis on Knowledge and skill development with the aim of equipping students with the necessary employability skills In order to achieve these objectives Practical works pedagogy in

Higher Education needs to be relooked at for improving learner's higher level cognitive abilities. The practical works need to be designed to teach practical skills, articulate the domain of observables and objects, comprehend new concepts and develop scientific thinking. The 09 chapters in this book discuss the strategies that need to be adopted to make learning through Practicals more effective, covering three major aspects viz curriculum designing, Teaching learning approaches and pedagogies and the evaluation modes that need to be adopted to gauge the attainment of outcomes in terms of both knowledge and skills. This book by Prof Nandini suggests reforms and innovative strategies in teaching practical based courses is the right move to ensure attainment of the objectives of NEP. She has very meticulously emphasized three major aspects viz curriculum designing, Teaching learning approaches and pedagogies and the evaluation modes that need to be adopted to gauge the attainment of outcomes in terms of both knowledge and skills. Says Shri Prasad Lolayekar, Secretary Education, Skill Development and Entrepreneurship, Goa: This book by Prof Nandini provides a roadmap for a long needed overhaul of conducting hands on work for courses in all disciplines. I am sure that it will provide undergraduate science teachers across the country an effective tool to make practical work more outcome oriented, authentic and meaningful. Says Prof L S Shashidhara: Over all this book will serve as an important handbook and a guide to the educators of higher education institutions to make practical work more outcome oriented, authentic and meaningful.
