Russia in the 21st Century Steven Rosefielde, 2005 Sample Text

Theorising Social Change in Post-Soviet Countries Balihar Sanghera, Sarah Amsler, Tatiana Yarkova, 2007 The book traces three main approaches to the sociology of post Soviet societies studies guided by neoliberal theory and or practice work which may be termed neoconservative in orientation and which is often a response to the first and a third type of work that is considered both critical and reflexive and which seeks to transcend the limitations of the other approaches The book is divided into three parts addressing polity culture and economy In each section authors endeavour to transcend both neoliberalism and neoconservatism and reach for a third approach critical social science This is a broad movement and the authors vary in their own explanatory and normative ideas as they carve out frameworks that will enable them to develop a more rigorous and at the same time more comprehensive and critical understanding of social change

Organized Crime, Prison and Post-Soviet Societies Alain Touraine, Anton Oleinik, 2017-11-01 This title was first published in 2003 The Red Mafia in Russia have become the subject of increasing international interest and considerable misinterpretation After well received editions in Russian French and Italian Anton Oleinik's study of Russian prisons in which he explores the social roots of organized crime in post Soviet societies is now published in English This English edition includes a postscript on the Moscow terrorist crisis of 2002 Oleinik's analysis reveals prison society as a mirror of broader Russian society characterized by the absence of the state as an organizer of social practices He builds on this to make a central distinction between two types of societies the modern large society and the small society like Russia that has only been partially modernized and in which the world of everyday life experiences and

relationships remains entirely separated from the official aims of modernization and efficiency Oleinik is interested in the void between these two separate worlds a void he sees being filled in Russia by the Mafia

The Institutional Economics of Russia's Transformation Anton N. Oleinik, 2017-11-30 This book applies institutional theory to the analysis of the post Soviet Russian economy to bring to light the reasons why reforms have gone awry Emphasis is put on the elements missed in the early blueprints of reforms constraints embodied in formal and especially informal institutions Other aspects considered include the dominant model of power relationships and the networks of localized and personalized relationships among economic actors The first part provides a general description of the core concepts of institutional theory including both the old institutionalism of T Veblen and J Commons and the new institutional economics of R Coase O Williamson and D North and in the second part an institutional model of the post Soviet Russian economy is developed In the course of the analysis the authors discuss such unresolved issues as post privatization development in Russia and validity of the Coase theorem in the post Soviet institutional context Rich empirical data grounds the discussion throughout
