Explaining Value And Other Essays In Moral Philosophy

John M. Doris

Explaining Value And Other Essays In Moral Philosophy:

Explaining Value Gilbert Harman, 2000-08-17 *Explaining Value* is a selection of the best of Gilbert Harman's shorter writings in moral philosophy. The thirteen essays originally published between 1967 and 1999 are divided into four sections which focus in turn on moral relativism, values and valuing, character traits and virtue ethics, and ways of explaining aspects of morality. An indication of the breadth of interest of the book can be given by mentioning a few of the compelling questions which Harman discusses: What accounts for the existence of basic moral disagreements? Why do most people think it is worse to injure someone than to fail to save them from injury? Why do many people think it is morally permissible to treat animals in ways we would not treat people? What is it to value something and what is it to value something intrinsically? How much of morality can or should be explained in terms of human flourishing or the possession of virtuous character traits? How do people come to be moral? Harman's distinctive approach to moral philosophy has provoked much interest; this volume offers a fascinating conspectus of his most important work in the area. *Explaining Value and Other Essays in Moral Philosophy* Gilbert Harman, 2000. In this selection of Gilbert Harman's shorter writings in moral philosophy, the essays are divided into four sections focusing on moral relativism, values and valuing, character traits and virtue ethics, and ways of explaining aspects of morality.

Kierkegaard's Ethic of Love C. Stephen Evans, 2004-09-09 A compelling account of Kierkegaard's ethical views, seeing him against the backdrop of nineteenth century European society but showing the relevance of his thought for the twenty first century. Kierkegaard's view of morality as grounded in God's command to love our neighbours as ourselves has clear advantages over contemporary secular rivals. [Reason and Value: Themes from the Moral Philosophy of Joseph Raz](#) R. Jay Wallace, Philip Pettit, Samuel Scheffler, Michael Smith, 2004-03-04 *Reason and Value* collects fifteen brand new papers by leading contemporary philosophers on themes from the moral philosophy of Joseph Raz. The subtlety and power of Raz's reflections on ethical topics, including especially his explorations of the connections between practical reason and the theory of value, make his writings a fertile source for anyone working in this area. The volume honours Raz's accomplishments in the area of ethical theorizing and will contribute to an enhanced appreciation of the significance of his work for the subject.

[Relativism](#) Maria Baghramian, 2004-08-05 It's all relative. In a world of increasing cultural diversity it can seem that everything is indeed relative. But should we concede that there is no such thing as right and wrong and no objective truth? Can we reconcile relativism and pluralism? *Relativism* surveys the different varieties of relativism and the arguments for and against them and examines why relativism has survived for two thousand years despite all the criticisms levelled against it. Beginning with a historical overview of relativism from Pythagoras in ancient Greece to Derrida and postmodernism, Maria Baghramian explores the resurgence of relativism throughout the history of philosophy. She then turns to the arguments for and against the many subdivisions of relativism, including Kuhn and Feyerabend's ideas of relativism in science, Rorty's relativism about truth, and the conceptual relativism of Quine and Putnam. Baghramian questions whether

moral relativism leads to moral indifference or even nihilism and whether feminist epistemology's concerns about the very notion of objectivity can be considered a form of relativism. She concludes the relativism debate by assessing the recent criticisms such as Quine's argument from translation and Davidson's claim that even the motivations behind relativism are unintelligible. Finding these criticisms lacking, Baghramian proposes a moderate form of pluralism which addresses the legitimate worries that give rise to relativism without incurring charges of nihilism or anarchy. Relativism is essential reading for anyone interested in contemporary philosophy, sociology and politics.

Natural Signs and Knowledge of God C. Stephen Evans, 2010-05-28

Is there such a thing as natural knowledge of God? C. Stephen Evans presents the case for understanding theistic arguments as expressions of natural signs in order to gain a new perspective both on their strengths and weaknesses. Three classical much discussed theistic arguments: cosmological, teleological and moral are examined for the natural signs they embody. At the heart of this book lie several relatively simple ideas. One is that if there is a God of the kind accepted by Christians, Jews and Muslims then it is likely that a natural knowledge of God is possible. Another is that this knowledge will have two characteristics: it will be both widely available to humans and yet easy to resist. If these principles are right, a new perspective on many of the classical arguments for God's existence becomes possible. We understand why these arguments have for many people a continued appeal but also why they do not constitute conclusive proofs that settle the debate once and for all. Touching on the interplay between these ideas and contemporary scientific theories about the origins of religious belief, particularly the role of natural selection in predisposing humans to form beliefs in God or gods, Evans concludes that these scientific accounts of religious belief are fully consistent even supportive of the truth of religious convictions.

Oxford Studies in Metaethics Russ Shafer-Landau, 2007-04-19

This is a periodical publication devoted to original philosophical work on the foundations of ethics and includes study being carried out at the intersections of ethical theory with metaphysics, epistemology, philosophy of language and philosophy of mind.

Cutting-edge Issues in Business Ethics Mollie Painter-Morland, Patricia Werhane, 2008-07-22

Business ethics originated in the United States as an offshoot of theoretical ethics and as part of a movement in applied ethics that was initiated with medical ethics. Although a few small religious based colleges and universities offered courses in business ethics just after the Second World War, business ethics as an academic field developed most seriously in many universities in the early 1970s. The field of medical ethics was well developed by then and it was a natural step to think about ethical issues in business as well. There was also a public reaction to a number of corporate scandals: e.g. pricing the Lockheed Japanese bribery allegations, the Goodyear airbrake scandal etc. that encouraged universities to begin teaching the subject. Business ethics as an academic field was originally developed by philosophers, most of whom had come out of the analytic or Anglo-American philosophical traditions and who had been trained in classical ethics on Aristotle, Kant, Mill, Bentham and perhaps Dewey. The resulting field then has been dominated by this thinking. Although to date there are over 50 textbooks in business ethics, most textbooks in business ethics do not take into

account contemporary continental philosophy Although Marxism is sometimes taught in these courses other more contemporary continental thinkers who could contribute substantially to the field have been ignored This phenomenon is iterated in the professional journals and in theoretical books on the topic

'Philosophy' - After the End of Philosophy Nader N. Chokr, 2014-10-16 The essays included in this collection deal with a wide and diverse range of problems and issues namely Cultural Complexity Globalization Glocalization Relativism Bullshit Embodied and Situated Cognition Capabilities Approach Moral Universalism Solidarity Cosmopolitanism Pluralism Human Rights Justice and Philosophy after the end of Philosophy This work takes its main title from the last essay in which the author makes an effort to rethink the nature and purpose of philosophy for our times sketching a proposal for a new beginning for philosophy as critical philosophy Such a philosophy would have a clear and compelling emancipatory thrust At this point in human history it would have to be underwritten by an ethical universalism that is pluralistic historically enlightened and non ethnocentric In addition it would take seriously the consequences of complexity in a world that is increasingly interconnected and interdependent yet still so far apart and would be prepared to draw the full implications of the embodied and situated cognition paradigm shift which has taken place in the past few decades It would furthermore take aim at the bullshit in all of its manifestations that is so pervasive in various quarters throughout the whole of culture and society Finally it would effectively contribute to the articulation and elaboration of the kinds of concepts frameworks narratives and practices generally speaking which could somehow enable humans to rise to the next level in their understanding of the globalizing and glocalizing world in which they live and which is as is common knowledge dramatically confronted by a number of serious challenges grave risks and threats dismal shortcomings and failures This work offers compelling analyses and diagnostics and makes some sketch proposals to urgently grapple with them

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history

Contemporary

Arguments in Natural Theology Colin Ruloff, Peter Horban, 2021-06-17 In recent years there has been a bold revival in the field of natural theology where natural theology can be understood as the attempt to demonstrate that God exists by way of reason evidence and argument without the appeal to divine revelation Today's practitioners of natural theology have not only revived and recast all of the traditional arguments in the field but by drawing upon the findings of contemporary cosmology chemistry and biology have also developed a range of fascinating new ones *Contemporary Arguments in Natural Theology* brings together twenty experts working in the field today Together they practice natural theology from a wide range of perspectives and show how the field of natural theology is practiced today with a degree of diversity and confidence not seen since the Middle Ages Aimed primarily at advanced undergraduates and graduate students the volume will also be of interest to researchers in philosophy theology biblical studies and religious studies as an indispensable resource on contemporary theistic proofs

Contemporary Debates in Bioethics Arthur L. Caplan, Robert Arp, 2013-07-22 *Contemporary Debates in Bioethics* features a timely collection of highly readable debate style arguments contributed by many of today's top bioethics scholars focusing on core bioethical concerns of the twenty first century Written in an engaging debate style format for accessibility to non specialists Features general introductions to each topic that precede scholarly debates Presents the latest cutting edge thoughts on relevant bioethics ideas arguments and debates

Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The *Dictionary of Modern American Philosophers* includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the *Dictionary of Modern American Philosophers* offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

God and Moral Obligation C. Stephen Evans, 2013-03-01 Is there a connection between religion and morality Ivan Karamazov in Dostoevsky's *The Brothers Karamazov* famously declares that if God does not exist then everything is permitted Most philosophers reject such a view and hold that moral truths do not depend on God C. Stephen Evans argues that the truth lies somewhere between these two claims It is not quite right to say that there would be nothing left of morality if God did not exist but moral obligations do depend on God ontologically Such obligations are best understood as God's commands or requirements communicated to humans in a variety of ways including conscience In *God and Moral Obligation* Evans also argues that two views often thought to be rivals to a divine command morality natural law

ethics and virtue ethics are not rivals at all but provide necessary complementary elements of a comprehensive morality A number of objections to a divine command account of moral obligations are posed and answered In the concluding chapters Evans points out the advantages such an account has over secular rivals The authority and objectivity of moral obligations are best explained by seeing them as divine commands

Hume's Moral Philosophy and Contemporary Psychology

Philip A. Reed,Rico Vitz,2018-06-27 Recent work at the intersection of moral philosophy and the philosophy of psychology has dealt mostly with Aristotelian virtue ethics The dearth of scholarship that engages with Hume s moral philosophy however is both noticeable and peculiar Hume s Moral Philosophy and Contemporary Psychology demonstrates how Hume s moral philosophy comports with recent work from the empirical sciences and moral psychology It shows how contemporary work in virtue ethics has much stronger similarities to the metaphysically thin conception of human nature that Hume developed rather than the metaphysically thick conception of human nature that Aristotle espoused It also reveals how contemporary work in moral motivation and moral epistemology has strong affinities with themes in Hume s sympathetic sentimentalism

Reasons and Recognition R. Jay Wallace,Rahul Kumar,Samuel Freeman,2011-09-08 Reasons and Recognition brings together fourteen new papers on an array of topics from the many areas to which philosopher Thomas Scanlon has made path breaking contributions each of which develops a distinctive and independent position while critically engaging with central themes from Scanlon s own work in the area

The Moral Dimensions of Intellectual Property Rights Steven

Ang,2013-12-27 In a globalized world with globalizing IPRs where culturally assumed norms must be re examined this work has an urgent and important contribution to make Taking the main features of internationally mandated IPRs as a starting point it explores the mo

Elements of Moral Cognition John Mikhail,2011-06-13 John Mikhail explores whether moral

psychology is usefully modelled on aspects of Universal Grammar

Lack of Character John M. Doris,2002-08-15 This book is a provocative contribution to contemporary ethical theory challenging foundational conceptions of character that date back to Aristotle John Doris draws on behavioral science especially social psychology to argue that we misattribute the causes of behavior to personality traits and other fixed aspects of character rather than to the situational context More often than not it is the situation not the nature of the personality that really counts The author elaborates the philosophical consequences of this research for a whole array of ethical theories and shows that once rid of the misleading conception of motivation moral psychology can support more robust ethical theories and more humane ethical practices

The Birth of Ethics Philip Pettit,2018-10-15 Imagine a human society perhaps in pre history in which people were generally of a psychological kind with us had the use of natural language to communicate with one another but did not have any properly moral concepts in which to exhort one another to meet certain standards and to lodge related claims and complaints According to The Birth of Ethics the members of that society would have faced a set of pressures and made a series of adjustments in response sufficient to put them within reach of ethical concepts Without any planning they would have more or less inevitably evolved

a way of using such concepts to articulate desirable patterns of behavior and to hold themselves and one another responsible to those standards Sooner or later they would have entered ethical space While this central claim is developed as a thesis in conjectural history or genealogy the aim of the exercise is philosophical Assuming that it explains the emergence of concepts and practices that are more or less equivalent to ours the story offers us an account of the nature and role of morality It directs us to the function that ethics plays in human life and alerts us to the character in virtue of which it can serve that function The emerging view of morality has implications for the standard range of questions in meta ethics and moral psychology and enables us to understand why there are divisions in normative ethics like that between consequentialist and Kantian approaches

Explaining Value And Other Essays In Moral Philosophy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Explaining Value And Other Essays In Moral Philosophy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Explaining Value And Other Essays In Moral Philosophy has opened up a world of possibilities.

Downloading Explaining Value And Other Essays In Moral Philosophy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Explaining Value And Other Essays In Moral Philosophy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Explaining Value And Other Essays In Moral Philosophy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Explaining Value And Other Essays In Moral Philosophy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Explaining Value And Other Essays In Moral Philosophy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Explaining Value And Other Essays In Moral Philosophy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Explaining Value And Other Essays In Moral Philosophy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Explaining Value And Other Essays In Moral Philosophy is one of the best book in our library for free trial. We provide copy of Explaining Value And Other Essays In Moral Philosophy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Explaining Value And Other Essays In Moral Philosophy. Where to download Explaining Value And Other Essays In Moral Philosophy online for free? Are you looking for Explaining Value And Other Essays In Moral Philosophy PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Explaining Value And Other Essays In Moral Philosophy. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Explaining Value And Other Essays In Moral Philosophy are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest

of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Explaining Value And Other Essays In Moral Philosophy. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Explaining Value And Other Essays In Moral Philosophy To get started finding Explaining Value And Other Essays In Moral Philosophy, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Explaining Value And Other Essays In Moral Philosophy So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Explaining Value And Other Essays In Moral Philosophy. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Explaining Value And Other Essays In Moral Philosophy, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Explaining Value And Other Essays In Moral Philosophy is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Explaining Value And Other Essays In Moral Philosophy is universally compatible with any devices to read.
