By direction of the Evangelical Lutheran Synod of Pennsylvania the following Explanation of Luther s Small Catechism is herewith submitted to the ministers teachers and congregations of our Church for their friendly examination and use It was deemed that to postpone the publication of a stereotype edition and to send forth this little volume in its present provisional form in order to afford an opportunity for the discovery of any imperfections which may be pointed out by an actual use and trial of the book to elicit the expression of wishes in regard to any changes that may be desired to reach a definite conclusion in reference to its adaptation to the want it was intended to meet and to render possible the introduction of such changes as may appear necessary The object steadily kept in view in its preparation is sufficiently indicated by the title It is the aim of this Explanation to render Luther s Small Catechism peculiar and remarkable for its wealth of matter and condensed form still more profitable for practical use It was our constant endeavor not to lead the mind away from Luther s master piece but into a better comprehension and appreciation of it But to enter more deeply into Luther s Catechism is at the same time to enter more deeply into the Holy Scriptures the Word of God the rock from which the stones with which Luther built were hewn The careful selection of proof texts which are here presented as the Bible s testimony to our confession of faith and which together with the text of Luther s Catechism should as far as possible be impressed upon the memory of the young during their school years and before they become members of the Catechetical Class cannot fail to enhance the value of our little book Those who as teachers in our Church have gained some experience in Catechetical instruction will not fail to observe that the various wants of our Church and the differences of age knowledge and capacity have not been lost sight of in the preparation of this hand book so that it may be used profitably by every conscientious minister teacher and head of a family in the religious instruction of younger and older more or less advanced pupils both prior to and during the Catechetical instruction preparatory to Confirmation It was not however our intention to relieve the teacher from that necessary preparation which he should always make before meeting his pupils This is the proper place to make mention of the helps which have been used by us with a grateful recognition of their merits but also with a constant regard to their deficiencies and our own peculiar wants In addition to a number of earlier and later labors of this kind we would specially mention Caspari s admirable Explanation of the Catechism which incorporates the best results of earlier labors in this department Its vigorous popular style and original independent treatment of the subject are inimitable and its fulness of thought is in the highest degree instructive and suggestive We have made a grateful use of it at times even word for word

without however surrendering our independence or forgetting our duty And so may this little volume go forth into the world finding many faithful readers and students and charitable judges and accomplish much good through the blessing of God and to his glory In the name of the Evangelical Lutheran Synod of Pennsylvania and adjacent States W J MANN G F KROTEL PHILADELPHIA June 25 1863

subject to meet the peculiar wants of the catechetical class in our Lutheran Church in America The object of the book is twofold first to furnish an outline of teaching which the pastor may use as a guide in his oral explanation and questioning and secondly to furnish a sufficiently complete summary by means of which the catechumens may review the lesson and fix its salient points in their minds No text book can of course adequately supply the parenetical side of the catechetical instruction or take the place of the living exposition by the pastor But it can and should support his work so that what he explains at one meeting may not be forgotten before the next meeting but may be fixed in the minds of the catechumens by study at home Here we have included Luther's Small Catechism as well for reference and further education Luther's Small Catechism with Explanation - 2017 Visual Edition Martin Luther, 2018-11 Martin Luther wrote the catechism as a teaching tool of Christian doctrine and faith for individuals and families It is a powerful tool for the Christian life because of its brief clear summary of God's Word on the essentials of the Christian faith *Explanation of Luther's Small Catechism* Harald Ulrik Sverdrup, 1900 *Explanation of Luther's Small Catechism* Warren Olsen, David Rinden, 1988-08-01 Explanation of Luther's Small Catechism ... Explanation of Luther's Small Catechism, 1952 *Explanation of Luther's Small Catechism* Harald Ulrik Sverdrup, Erich Pontoppidan, 1922 [Explanation of Luther's Small Catechism](#) Martin Luther, 1924 [Explanation of Luther's Small Catechism](#) Erick Pontoppidan, 2017-09-28 Many explanations of Luther's Small Catechism have been prepared by approved teachers in the Church Prominent among these is the one prepared by Dr Erick Pontoppidan Bishop of Bergen Norway 1748 1755 afterwards Chancellor of the University of Copenhagen till his death in 1764 His larger Explanation of Luther's Small Catechism appeared in 1737 This in epitomized form has long been used in the Church of Norway and in the Norwegian Lutheran Church of America and has there proved to be an efficient and blessed means of advancing the religious training of the young A well known and widely used Epitome of Pontoppidan's Explanation was made by Rev H U Sverdrup pastor during 1849 1883 of Balestrand parish in Sogn Norway This received royal authorization in 1865 In 1893 an abridgment of Sverdrup's Epitome was sanctioned by the Department of Church and Education It is from this abridgment that the following translation has been made This translation has been made at the request of the Publishing Committee of the United Norwegian Lutheran Church of America and is issued by its Publication House at Minneapolis Minn The translation of the text of Luther's Small Catechism is the Standard English Version made by a joint committee of leading Lutheran church bodies in the United States and completed in 1898 This is printed separately at the beginning of the book so as to facilitate its use in the important work of memorizing It is printed again in Italics throughout the questions and answers

where it has been slightly modified in two or three instances in order to conform more closely with Sverdrup's arrangement. These modifications however present no essential changes. The words "Go ye therefore and make disciples of all the nations" have been substituted for those of the English Catechism Version "Go ye and teach all nations so as to accord with the Norwegian rendering of Matth 28 19. For obvious reasons a literal translation has not been made of certain questions and answers whose original phraseology depended on the Norwegian Catechism text. In these cases the translation has been conformed to the text of the Standard English Version. Otherwise the original has been followed as closely as possible. May the blessing of God attend this little book on its mission among the children and young people of our Church and prosper it as a means of establishing them in the faith which was once delivered unto the saints.
