Explication As Criticism

Michael J. Marcuse

Explication As Criticism:

The Verbal Icon W.K. Wimsatt, 2021-10-21 The sixteen essays in this volume form a series of related focuses upon various levels and areas of literary criticism W K Wimsatt's assumption is that practice and theory of both the past and the present are integrally related that there is a continuity in the materials of criticism that a person who studies poetry today has a critical concern not merely a historical interest in what Aristotle or Plato said about poetry He regards the great perennial problems of criticism as arising not by the whim of a tolerantly pluralist choice but from the nature of language and reality With profound learning and insight Wimsatt treats almost the whole range of literary criticism The first group of essays deals with fallacies he believes are involved in prevalent approaches to the literary object The next two groups face the responsibilities of the critic who defends literature as a form of knowledge they treat various problems of structure and style The last group undertakes to examine the relation of literature to other arts the relation of evaluative criticism to historical studies and the relation of literature not only to morals but more broadly to the whole complex of the Christian religious tradition

Aesthetics, Problems in the Philosophy of Criticism Monroe C. Beardsley, 1981-01-01 This second edition features a new 48 page Afterword 1980 updating Professor Beardsley's classic work *Dictionary of Biblical Criticism and Interpretation* Stanley E. Porter, 2007-01-24 First Published in 2007 Compiling the results from contemporary and exciting areas of research into one single important volume this book stands ahead of its field in providing a comprehensive one stop Handbook reference of biblical interpretation Examining a wide range of articles on many of the recognized interpreters including Augustine Luther and Calvin up to the modern figures of Martin Hengel and T W Manson Porter expertly combines the study of biblical interpretation with the examination of the theological and philosophical preconceptions that have influenced it and surveys the history of interpretation from different perspectives Key perspectives studied include the historical dimension addressing how interpretation has developed at various periods of time from early Jewish exegesis to the historical critical method the conceptual approach looks at the various schools of thought that have generated biblical interpretation and compares and contrasts competing conceptual models of interpretation the personal perspective addresses the reality of biblical interpretation by individuals who have helped plot the course of theological development With relevant bibliographies and a guide to further reading this Dictionary will be an extremely important reference held for many years not only by libraries but also by students scholars clergy and teachers of this fascinating and high profile subject

The Princeton Encyclopedia of Poetry and Poetics Roland Greene, Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, Harris Feinsod, David Marno, Alexandra Slessarev, 2012-08-26 Rev ed of The Princeton encyclopedia of poetry and poetics Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993 *The Interpretation of Otherness* Giles Gunn, 1979-02-15 In a unique and probing analysis this study examines the function of literary criticism in religious studies and explores the relation of literature to religion in the works

of major American writers *Is There a Single Right Interpretation?* Michael Krausz, 2007-08-09 Is there a single right interpretation for such cultural phenomena as works of literature visual artworks works of music the self and legal and sacred texts In these essays almost all written especially for this volume twenty leading philosophers pursue different answers to this question by examining the nature of interpretation and its objects and ideals The fundamental conflict between positions that universally require the ideal of a single admissible interpretation singularism and those that allow a multiplicity of some admissible interpretations multiplism leads to a host of engrossing questions explored in these essays Does multiplism invite interpretive anarchy Can opposing interpretations be jointly defended Should competition between contending interpretations be understood in terms of bivalent truth or multivalent reasonableness appropriateness aptness or the like Is interpretation itself an essentially contested concept Does interpretive activity seek truth or aim at something else as well Should one focus on interpretive acts rather than interpretations Should admissible interpretations be fixed by locating intentions of a historical or hypothetical creator or neither What bearing does the fact of the historical situatedness of cultural entities have on their identities The contributors are Annette Barnes No l Carroll Stephen Davies Susan Feagin Alan Goldman Charles Guignon Chhanda Gupta Garry Hagberg Michael Krausz Peter Lamarque Jerrold Levinson Joseph Margolis Rex Martin Jitendra Mohanty David Novitz Philip Percival Torsten Pettersson Robert Stecker Laurent Stern and Paul Thom **Reconstructing Criticism** Philip Smallwood, 2003 This study aims to bring the modern theory of literary criticism and Pope s Essay on Criticism of 1711 into a more productive and interesting association than critical historical structures have generally allowed Smallwood marks out in current terms and in depth the specialized theoretical and aesthetic problem of defining criticism He recognizes that criticism no more than literature or art cannot be finally codified or defined but insists on the need for clarity in the exposition of criticism s purposes and a fuller consciousness of a common community of practice available to audiences outside the academic fold Affirming the unfailing currency and utility of the term criticism as new languages have taken over the critical domain or have sought to replace or abolish literature Smallwood distinguishes between the normative definitions that are everywhere apparent in modern theory of criticism and the advantages to conceptual comprehension achieved by Pope s poetic idea of criticism in the Essay **Handbook for Biblical Interpretation** W. Randolph Tate, 2012-11-01 This handbook provides a comprehensive guide to methods terms and concepts used by biblical interpreters It offers students and non specialists an accessible resource for understanding the complex vocabulary that accompanies serious biblical studies Articles arranged alphabetically explain terminology associated with reading the Bible as literature clarify the various methods Bible scholars use to study biblical texts and illuminate how different interpretive approaches can contribute to our understanding Article references and topical bibliographies point readers to resources for further study This handbook now updated and revised to be even more useful for students was previously published as *Interpreting the Bible A Handbook of Terms and Methods* It is a suitable complement to any standard

hermeneutics textbook *Romanticism and Contemporary Criticism* Morris Eaves, Michael R. Fischer, 2019-01-24 The core of this book is made up of five essays by distinguished scholars of international reputation that treat the relation between current literary theory and Romanticism The book originated in a series of lectures presented at the University of New Mexico in 1983 All but one of the essays are published here for the first time The contributors are Northrop Frye W J T Mitchell J Hillis Miller M H Abrams and Stanley Cavell Frye's essay is a major statement on the backgrounds of Romanticism W J T Mitchell's contribution takes up through the composite arts of William Blake the relation of poetry and painting writing and printing criticism and politics The controversy over deconstruction is the occasion for a matched pair of essays by J Hillis Miller and M H Abrams advocate and antagonist respectively In his essay Abrams makes a definitive statement on his view of deconstruction and its intellectual heritage The fifth piece by Stanley Cavell is the first extended discussion of English and American Romanticism by this major contemporary philosopher Following each essay is an edited transcript of a question and answer session in which the contributor critic ranges widely and freely over today's critical scene The sessions make fascinating reading This book should be of compelling interest to students of Romanticism as well as to students and scholars interested in the uses and implications of poststructuralist theory **The Handbook of Rhetoric and Public Address** Shawn J. Parry-Giles, J. Michael Hogan, 2010-05-10 The Handbook of Rhetoric and Public Address is a state of the art companion to the field that showcases both the historical traditions and the future possibilities for public address scholarship in the twenty first century Focuses on public address as both a subject matter and a critical perspective Mindful of the connections between the study of public address and the history of ideas Provides an historical overview of public address research and pedagogy as well as a reassessment of contemporary public address scholarship by those most engaged in its practice Includes in depth discussions of basic issues and controversies public address scholarship Explores the relationship between the study of public address and contemporary issues of civic engagement and democratic citizenship Reflects the diversity of views among public address scholars advancing on going discussions and debates over the goals and character of rhetorical scholarship **Explications: the Technique of French Literary Appreciation** William Driver Howarth, C. L. Walton, 1971 **Encyclopedia of Rhetoric** Thomas O. Sloane, 2001 The Encyclopedia of Rhetoric is a comprehensive survey of the latest research as well as the foundational teachings in this broad field Featuring 150 original signed articles by leading scholars from many different fields of study it brings together knowledge from classics philosophy literature literary theory cultural studies speech and communications The Encyclopedia surveys basic concepts speaker style and audience elements genres terms fallacies figures of speech and the rhetoric of non Western cultures and cultural movements It covers rhetoric as the art of proof and persuasion as the language of public speech and communication and as a theoretical approach and critical tool used in the study of literature art and culture at large including new forms of communication such as the internet The Encyclopedia is the most wide ranging reference work of its kind combining theory history and practice

with a special emphasis on public speaking performance and communication Cross references bibliographies after each article and synoptic and topical indexes further enhance the work Written for students teachers scholars and writers the Encyclopedia of Rhetoric is the definitive reference work on this powerful discipline Philosophical Semantics and Term Meaning Charles Schlee,2012-05-03 In this book the author presents a meanings as entities view of term meaning utilizing set theory In doing so the author discusses limitations of customary formal semantic theories argues for the primacy of term meaning provides an account of analyticity based on synonymy discusses possible worlds semantics provides a defense of our traditional and common sense view of meanings as entities and sketches an approach to bridging the gap between formal semantics and natural language The author discusses the views of many philosophers including Carnap Donnellan Hintikka Kripke Linsky Quine Russell and Searle **Finding Meaning in Wine** Michael Sinowitz,2023-08-01 This book examines controversies in American wine culture and how those controversies intersect with and illuminate current academic and cultural debates about the environment and about interpretation With a specific focus on the United States of America the methods that we use to discuss literature and other art are applied to wine making and wine culture The book explores the debates about how to evaluate wine and the problems inherent in numerical scoring as well as evaluative tasting notes whether winemakers can be artists the discourse in wine culture involving natural wine and biodynamic farming as well as how people judge what makes a wine great These interpretative commitments illuminate an underlying metaphysics and allegiance to a culture of reason or feeling The discussions engage with a broad range of writers and thinkers such as Roland Barthes Susan Sontag Louis Menand Michael Pollan Greg Garrard John Guillory Amitov Ghosh Pierre Bourdieu and Barbara Herrnstein Smith The book draws upon not only a number of texts produced by wine critics wine writers literary critics and theorists but also extensive interviews with wine writers and multiple California winemakers These interviews contribute to a unique reflection on wine and meaning This book will be of great interest to readers looking to learn more about wine from cultural literary and philosophical perspectives , **Modernism and Close Reading** David James,2020-04-30 The kinship between modernism and close reading has long been taken for granted But for that reason it has also gone unexamined As the archives timeframes and cultural contexts of global modernist studies proliferate the field's rapport with close reading no longer appears self evident or guaranteed even though for countless students studying literary modernism still invariably means studying close reading This authoritative collection of essays illuminates close reading's conceptual institutional and pedagogical genealogies as a means of examining its enduring potential David James brings together a cast of world renowned scholars to offer an account of some of the things we might otherwise know and need to know about the history of modernist theories of reading before then providing a sense of how the futures for critical reading look different in light of the multiple ways in which modernism has been close read Modernism and Close Reading responds to a contemporary climate of unprecedented reconstitution for the field it takes stock of close reading's methodological

possibilities in the wake of modernist studies geographical literary historical and interdisciplinary expansions and it shows how the political ethical and aesthetic consequences of attending to matters of form complicate ideological preconceptions about the practice of formalism itself By reassessing the intellectual commitments and institutional conditions that have shaped modernism in criticism as well as in the classroom we are able to ask new questions about close reading that resonate across literary and cultural studies Invigorating that critical venture this volume enriches our vocabulary for addressing close reading s perpetual development and diversification

A Reference Guide for English Studies Michael J. Marcuse, 2023-11-15

Attentional Engines William P. Seeley, 2020-01-22 What is it about art that can be so captivating How is it that we find value in the often odd and abstract objects and events we call artworks William P Seeley proposes that artworks are attentional engines They are artifacts that have been intentionally designed to direct attention to critical stylistic features that reveal their point purpose or meaning In developing this view Seeley argues that there is a lot we can learn about the value of art from interdisciplinary research focused on our perceptual engagement with artworks Recent breakthroughs in cognitive science and behavioral science can explain how we recognize artworks and how we differentiate them from more quotidian artifacts Seeley pushes this line of reasoning showing how cognitive science can help reveal the way artworks function as a unique source of value He argues that our interactions with artworks draw on a broad base of shared artistic and cultural norms constitutive of different categories of art Cognitive systems integrate this information into our experience of art guiding attention and shaping what we perceive Our understanding and appreciation of artworks is therefore carried in our perceptual experience of them *Attentional Engines* explores the pitfalls and potential of this interdisciplinary strategy for understanding art It articulates a cognitivist theory of art grounded in perceptual psychology and neuroscience and demonstrates its application to a range of puzzles in the philosophy of the arts This includes questions about the nature of depiction the role played by metakinesis in dance appreciation the nature of musical expression and the power of movies The interdisciplinary and provocative theories Seeley presents will appeal to scholars and students interested in aesthetics philosophy of mind philosophy of art and cognitive science

Contemporary Literary Critics NA, 2015-12-25 A reference guide to the work of 115 modern British and American critics

Eliot to Derrida John Harwood, 2016-07-27 a book which should be read by all students contemplating enrolment for a university course in modern English or European literary studies Roy Harris Times Higher Education Supplement *Eliot to Derrida* is a sardonic portrait of the cult of the specialist interpreter from I A Richards and the Cambridge School to Jacques Derrida and his disciples This lucid iconoclastic study shows how and why so much of the academic response to a rich variety of literary experiment has been straitjacketed by the vast industries which have grown up around modernism and postmodernism For anyone disenchanted with the extravagant claims and leaden prose of literary theorists this will be an exhilarating book

Whispering the Techniques of Language: An Mental Journey through **Explication As Criticism**

In a digitally-driven earth wherever monitors reign supreme and immediate communication drowns out the subtleties of language, the profound strategies and emotional subtleties hidden within phrases often move unheard. Yet, located within the pages of **Explication As Criticism** a fascinating fictional value sporting with natural emotions, lies an exceptional quest waiting to be undertaken. Written by a skilled wordsmith, this wonderful opus invites viewers on an introspective journey, softly unraveling the veiled truths and profound influence resonating within the material of each and every word. Within the psychological depths with this moving review, we can embark upon a heartfelt exploration of the book is primary subjects, dissect their charming writing fashion, and fail to the strong resonance it evokes deep within the recesses of readers hearts.
