and the third covering applied hermeneutics Along the way he offers assessments of recent developments from redaction criticism to reader response criticism In two appendixes he also addresses the contemporary philosophical challenges to fixed meanings in texts and discusses the implications of this debate for biblical authority Covering the wide spectrum from exegesis to sermon preparation Osborne s up to date and comprehensive text should prove to be the standard evangelical work in the field for years to come **An Introduction to Christian Theology** Anthony Towey,2013-08-29 An introductory single authored textbook in theology introducing the reader to biblical doctrinal and historical dimensions of Christianity
