Exploring Teaching An Introduction To Education:

Exploring Teaching Richard I. Arends, Nancy E. Winitzky, Margaret D. Tannenbaum, 2000-09 Do I want to become a teacher What do I need to become the best teacher possible What should a professional in the field of education know If you have students asking themselves questions like these *Exploring Teaching An Introduction to Teaching* focuses them on getting the answers This book takes students contemplating careers in teaching on a journey of exploration into the world and work of teaching and into themselves as future teachers It is the only text to make a sustained effort to help students decide whether teaching is the right career for them There is much more of a focus than found in other texts on what teachers really do on the realities of the classroom and on the instructional demands teachers face Part 1 provides an overview of teaching and teachers while parts 2 through 5 profile the various contexts of teaching classroom school sociopolitical and professional and examine the demands of each context Each part ends with application and portfolio activities self assessment observation and interview that help students evaluate themselves in terms of these roles and settings
