

Exploring The Religious Life

Goldwin Smith

Exploring The Religious Life:

Exploring the Religious Life Rodney Stark, 2004-04 Though religion is for most people one of the most important aspects of their lives social scientists and other observers of human society too often misunderstand and misrepresent the nature and role of religion in history and in daily life From the supposed decline of religious attitudes in Western Europe and the venal motivations attributed to the Christian Crusaders to the very definition of religion personal biases and an inadequate grasp of relevant data have led to the formulation and propagation of unsupportable views on the sacred In *Exploring the Religious Life* Rodney Stark boldly overturns much received wisdom within the social sciences about religion drawing on a wide range of sources to reassess a diverse selection of topics in the study of religion In his first essay Stark addresses the carelessness with which scholars use the term religion and the conviction that the belief in divinity evolved from the practice of magic in primitive cultures In subsequent chapters he challenges the widespread attitude among social scientists that religion is nothing more than a mask for material realities and examines the effectiveness of religious doctrines in attracting converts and influencing individuals uncovers the surprising prevalence of upper class asceticism in medieval Christianity and explores the relationship between gender piety and criminal activity Divine revelation is a central aspect of many religions and Stark next applies empirical research to the phenomenon to assess its meaning in Judaism Christianity Islam and Mormonism He then turns to the confusion between faith and practice in debates over the secularization of the developed world before investigating the validity of the classic proposition within the social sciences that religion functions to sustain the moral order He does so examining the correlation between criminal behavior and depth of religious belief Stark concludes with an essay on the ingenious methods he uses to unearth data about the popularity of new religions in California and northern Europe the decline of Christian Science in America the spread of Christianity in the Roman world and the execution patterns during the antiwitchcraft frenzy of Enlightenment Europe Together the essays that constitute *Exploring the Religious Life* offer an engaging introduction to Rodney Stark's provocative insights and a fearless challenge to academic perceptions about religion's place in history society and private life

Exploring the Future of Christian Monasticisms Greg Peters, 2020-01-15 The institution of monasticism in the Christian Church is in general decline at least in so called first world nations Though there are many reasons for this monastic leaders are confronted by the reality of fewer communities monks and nuns nonetheless At the same time many younger Christians are rediscovering the rich heritage of the monastic tradition Though they themselves might not be called to join a traditional monastery they are eager to appropriate monastic practices in their own lives This had led to a movement known as the new monasticism or secular monasticism Despite lacking a unified vision and any central organization these new secular monastics are attempting in their own ways to carry on the tradition and practices of Christian monasticism As well there is a movement within historical Christian monasteries to pour new wine into old wineskins Traditional forms of monasticism are also generally flourishing in

developing nations breathing new life into monasticism This volume looks at the current monastic landscape to assess where monasticism stands and to imagine ways in which it will grow in the future leading not only to a renewed Christian monasticism but to new monasticisms *Exploring Christian Spirituality* Bruce H. Lescher, Elizabeth Liebert, 2006 Sandra Schneiders commands respect as one of the most significant and influential figures in the emergence of the study of Christian spirituality as an academic discipline as the focused and disciplined exploration of religious experience This book honors her contributions to the field by addressing issues that are emerging at the creative edges of the discipline In this volume colleagues and students of Dr Schneiders and other collaborators in the academic discipline of Christian spirituality examine crucial issues from their various disciplinary and methodological perspectives Questions of methodology address the status of spirituality as a discipline interdisciplinarity and self implication Other essays explore the edges of Christian spirituality and biblical spirituality gender studies the natural sciences nature writing the social sciences and interfaith issues This collection of essays will provoke students and scholars of Christian spirituality as well as practitioners to continue critically thinking discussing writing and practicing it Radical and Free Brian O'Leary, 2017-05-12 This book is the result of two preached retreats I gave to mark the recent Year of Consecrated Life 2015 However the origin of the material goes much further back drawing on my teaching experience both at Manresa Centre of Spirituality and at Milltown Institute covering a period of thirty years In both places I had taught courses on religious life its history theology and most of all its underlying spirituality Indeed I have always used history and theology and other disciplines such as psychology and anthropology in service of exploring and renewing the spirituality of religious life Another way of saying this is that I am above all interested in values as appreciated appropriated and articulated This lies behind my decision to structure the talks now the book almost entirely around the vows After an initial chapter on the origins of religious life I devote two chapters each to poverty chastity and obedience My emphasis is not on the vows as such dealing with questions that Canon Law might raise but on the motivating values that the vows express Only these values can explain why people enter and flourish in religious life All religious without distinction are called to be radical and free Exploring Religious Community Online Heidi Campbell, 2005 *Exploring Religious Community Online* is the first comprehensive study of the development and implications of online communities for religious groups This book investigates religious community online by examining how Christian communities have adopted internet technologies and looks at how these online practices pose new challenges to offline religious community and culture **An Exploration into Dominican Spirituality** Erik Borgman, 2024-08-01 My aim in this book is to show clearly that the Dominican tradition is capable of shedding light on the questions of men and women today and suggesting a way of dealing with them These questions are ultimately a variant of the one central question of human existence bound up with a particular time place and person the question of a good and meaningful life my starting point is the basic conviction that a religious and dedicated life cannot be lived anywhere else than in the midst of our

turbulent culture which constantly makes us uncertain this book is deliberately written from the perspective of someone who in ecclesiastical jargon is called a lay person From the Introduction by Erik Borgman This book is a highly attractive and stimulating exposition of Dominican spirituality by Erik Borgman a Dutch Lay Dominican The central intuition of the book is that Dominican spirituality is founded on the encounter of God in all of human experience Dominic s experience in the early thirteenth century was born in opposition to Catharism which maintained that God was remote from us and that there was a fundamental opposition between the divine and this material world But for Dominic it is here in our lives with all their creativity and goodness their mess and confusion that God is to be found Our mission as preachers pushes us to enter the unrest of the street and the inn politics and journalism welfare teaching and science in the belief that the holy the traces of the Holy One are to be found there Even in the most difficult situations when all is dark God is waiting to be discovered If Dominican spirituality has a core then it would be this insight into the unexpected and unheard of nearness of God This is the good news that the Order of Preachers was founded to preach and the source of the happiness of the preacher From the Foreword by Timothy Radcliffe OP

Exploring Christian Song M. Jennifer Bloxam, Andrew Shenton, 2017-06-12 This essay collection celebrates the richness of Christian musical tradition across its two thousand year history and across the globe Opening with a consideration of the fourth century lamp lighting hymn Phos hilaron and closing with reflections on contemporary efforts of Ghanaian composers to create Christian worship music in African idioms the ten contributors engage with a broad ecumenical array of sacred music Topics encompass Roman Catholic sacred music in medieval and Renaissance Europe German Lutheran song in the eighteenth century English hymnody in colonial America Methodist hymnody adopted by Southern Baptists in the nineteenth century and Genevan psalmody adapted to respond to the post war tribulations of the Hungarian Reformed Church The scope of the volume is further diversified by the inclusion of contemporary Christian topics that address the evangelical methods of a unique Orthodox Christian composer s language the shared aims and methods of African American preaching and gospel music and the affective didactic power of American evangelical praise and worship music New material on several key composers including Jacob Obrecht J S Bach George Philipp Telemann C P E Bach Zoltan Kod ly and Arvo P rt appears within the book Taken together these essays embrace a stimulating variety of interdisciplinary analytical and methodological approaches drawing on cultural literary critical theological ritual ethnographical and media studies The collection contributes to discussions of spirituality in music and in particular to the unifying aspects of Christian sacred music across time space and faith traditions This collection celebrates the fifteenth anniversary of the Society for Christian Scholarship in Music

Religious Life at the Crossroads Amy Hereford, 2013 This title explores the movements in religious life today and the currents that are emerging among the smaller cohorts of younger religious in mainstream communities of women religious Hereford traces the history of religious life including the impact of Vatican II and examines some of the theological sources for the reinvention of religious life today She explores the current situation of women

religious re imagines the meaning of vows community and mission and examines how the emerging forms of religious life will fit into an emerging church *The Religious Situation* Goldwin Smith, 2019-12-24 In *The Religious Situation* Goldwin Smith explores the intricate dynamics of faith secularism and modernity during the late 19th century With a blend of analytical rigor and eloquent prose Smith asserts that religion must evolve within the changing cultural landscape engaging with contemporary issues such as science morality and individualism This work constitutes a critical reflection on the relationship between religious institutions and society showcasing Smith s ability to interweave personal narrative with broader philosophical discourse Characteristically his style fuses clarity with depth making complex ideas accessible to a diverse readership while rooted in the intellectual currents of his time Goldwin Smith a prominent Canadian historian and political thinker was deeply influenced by the tumultuous changing attitudes towards religion particularly the rise of liberal thought and scientific rationalism His academic background and personal experiences in England and Canada where he witnessed contrasting social mores uniquely positioned him to comment on the religious landscape Smith s scholarly pursuits were often intertwined with his commitment to social reform which informed his critical stance towards dogma and tradition For readers grappling with the dilemmas between faith and rationality *The Religious Situation* is an indispensable text It not only provides a historical perspective on the evolving nature of belief but also invites introspection on contemporary religious practices Smith s insights remain relevant encouraging a thoughtful dialogue about spirituality in an increasingly secular world This book offers both a historical lens and a philosophical inquiry making it a significant addition to the library of anyone interested in theology philosophy or cultural studies

Stepping Back and Looking Ahead: Twelve Years of Studying Religious Contact at the Käte Hamburger Kolleg Bochum, 2023-09-04 This book includes a collection of articles by leading researchers on the topic of religious contact in the study of religion Resulting from the final conference of the Käte Hamburger Kolleg Dynamics in the History of Religions one of the largest research initiatives in the interdisciplinary study of religion worldwide in recent years 2008-2020 this book encapsulates the twofold aim of this conference first to step back and reflect upon the merits and challenges of studying religious dynamics as a result of intra inter and extra religious contact and second to look beyond and pave ways for future approaches to study religion as a social phenomenon

Exploring Religious Diversity and Covenantal Pluralism in Asia Dennis R. Hoover, 2022-12-26 This book examines the growing diversity of religions and worldviews across South Central Asia and the factors affecting prospects for covenantal pluralism in these regions Going beyond banal appeals for mere tolerance the theory of covenantal pluralism calls for a constitutional order of religious freedom and equal treatment combined with a culture of practical religious literacy and everyday virtues of engagement across lines of religious difference According to the Pew Religious Diversity Index half of the world s most religiously diverse countries are in Asia The presence of deep religious worldview difference is often seen as a potential threat to socio political cohesion or even as a source of violent conflict Yet in Asia as elsewhere the degree of this

diversity is not consistently associated with socio political problems Indeed while religious difference is implicated in some social challenges there are also many instances of respectful multi faith engagement practical collaboration and peaceful debate Volume II offers a pioneering exploration of the prospects for this robust and non relativistic type of pluralism in South Central Asia Volume I examined East Southeast Asia The chapters in these volumes originally appeared as research articles in a series on covenantal pluralism published by The Review of Faith International Affairs

Integrating Spirituality and Religion Into Counseling Craig S. Cashwell, J. Scott Young, 2014-12-01 In this book experts in the field discuss how spiritual and religious issues can be successfully integrated into counseling in a manner that is respectful of client beliefs and practices Designed as an introductory text for counselors in training and clinicians it describes the knowledge base and skills necessary to effectively engage clients in an exploration of their spiritual and religious lives to further the therapeutic process Through an examination of the 2009 ASERVIC Competencies for Addressing Spiritual and Religious Issues in Counseling and the use of evidence based tools and techniques this book will guide you in providing services to clients presenting with these deeply sensitive and personal issues Numerous strategies for clinical application are offered throughout the book and new chapters on mindfulness ritual 12 step spirituality prayer and feminine spirituality enhance application to practice Requests for digital versions from the ACA can be found on wiley com To request print copies please visit the ACA website here <https://imis.counseling.org/store/detail.aspx?id=78161> Reproduction requests for material from books published by ACA should be directed to publications@counseling.org

Religion in Museums Gretchen Buggeln, Crispin Paine, S. Brent Plate, 2017-02-23 Bringing together scholars and practitioners from North America Europe Russia and Australia this pioneering volume provides a global survey of how museums address religion and charts a course for future research and interpretation Contributors from a variety of disciplines and institutions explore the work of museums from many perspectives including cultural studies religious studies and visual and material culture Most museums throughout the world whether art archaeology anthropology or history museums include religious objects and an increasing number are beginning to address religion as a major category of human identity With rising museum attendance and the increasingly complex role of religion in social and geopolitical realities this work of stewardship and interpretation is urgent and important Religion in Museums is divided into six sections museum buildings reception objects collecting and research interpretation of objects and exhibitions and the representation of religion in different types of museums Topics covered include repatriation conservation architectural design exhibition heritage missionary collections curation collections and display and the visitor's experience Case studies provide comprehensive coverage and range from museums devoted specifically to the diversity of religious traditions such as the State Museum of the History of Religion in St Petersburg to exhibitions centered on religion at secular museums such as Hajj Journey to the Heart of Islam at the British Museum

Religious Reality: A Book for Men A. E. J. Rawlinson, 2019-12-16 In Religious Reality A Book for Men A E J Rawlinson

delves into the complexities of faith from a distinctly masculine perspective addressing the tensions between traditional religious doctrines and modern societal expectations Employing a lyrical yet direct prose style Rawlinson weaves personal narratives philosophical inquiries and theological reflections inviting readers to examine the interplay between spirituality and masculinity Set against the backdrop of early 20th century spiritual movements the work seeks to redefine religious commitment within a contemporary framework making it both a product and a critique of its time A E J Rawlinson was significantly influenced by the shifting cultural landscape of his era characterized by the upheaval of the World Wars and the rise of psychological inquiry into faith His background in theology and philosophy combined with his personal exploration of religious belief informs his emphasis on authenticity in the pursuit of faith Rawlinson s intellectual journey illustrates a deep engagement with the challenges faced by men navigating their spiritual identities in a rapidly changing world Religious Reality is highly recommended for anyone seeking to deepen their understanding of faith through a lens that emphasizes the unique struggles faced by men This book is ideal for readers exploring the intersections of spirituality identity and the human experience providing both insight and inspiration in the journey toward religious authenticity

Student Engagement in Higher Education Stephen John Quaye, Shaun R. Harper, 2014-08-15 Student Engagement in Higher Education fills a longstanding void in the higher education and student affairs literature In the fully revised and updated edition of this important volume the editors and chapter contributors explore how diverse populations of students experience college differently and encounter group specific barriers to success Informed by relevant theories each chapter focuses on engaging a different student population including low income students students of color international students students with disabilities LGBT students religious minority students student athletes homeless students transfer students commuter and part time students adult learners student veterans and graduate students The forward thinking practical strategies offered throughout the book are based on research and the collected professional wisdom of experienced educators and scholars at two year and four year institutions of higher education Current and future faculty administrators and student affairs staff will undoubtedly find this book complete with fresh ideas to reverse troubling engagement trends among various college student populations
