Heiligungsbewegung and Gemeinschaftsbewegung in Germany **We Called Him Whirlwind** Bertha Zulu Mvula, Hermann Yokoniah-Mvula, 2024-09-06 This informative biography of a German missionary pastor Richard Ferdinard Zanner is told by Hermann and Bertha Mvula whose parents served with Dr Zanner in Africa from 1980 to his retirement in 2000 The authors begin with the genesis of the Church of the Nazarene from the matrix of the 19th century Holiness Movement in the USA its doctrines and practices and its growth into 44 countries on the African continent They discuss Zanner s call to Africa and his family s involment in church planting growth and development of the church in Africa This is not merely a personal story There is discussion of the Zanner s 20 years of ministry in Africa and the church growth lessons that can be learned in pursuit of sustainable church growth and development for the Church of the Nazarene in Africa This is worthwhile reading for all those that are interested in the growth of the Church in the global South and what makes for meaningful global partnership for the expansion of God s kingdom *Saved by Grace* Anthony A. Hoekema, 1994-09-06 A comprehensive dynamic and eminently practical presentation of the biblical teaching on salvation In discussing the facets of the working out of salvation the role of the Spirit union with Christ the gospel call regeneration conversion repentance and so on Hoekema does away with the classical ordo salutis order of salvation by viewing these facets largely as simultaneous aspects in the process of salvation rather than sequential steps on the way to salvation **African Contextual Realities** Rodney L. Reed, 2018-08-14 Everyone who has eyes to see acknowledges the growing importance of the African church to the future of global Christianity But what does it mean for the church to take root in Africa How should the message of the gospel and the practice of Christianity be contextualized for Africa African Contextual Realities addresses many of the questions surrounding contextualization from a practical point of view and is the fruit of the 6th Annual Conference of the Africa Society of Evangelical Theology held in Nairobi in 2016 The book explores such questions as In what ways should the mission of God be universally recognizable in every cultural context In our efforts to contextualize how do we avoid compromising the very gospel we are to proclaim How can the African church wean itself away from dependency on the Western church How does Christianity speak into some of the cultural and social issues arising out of contemporary African settings issues like widow cleansing Christian Muslim relations and peace building All those who are interested to learn more about the contextualization of African Christianity will find this volume to be an important resource **True Christianity** J Russell Frazier, 2014-09-25 John William Fletcher 1729 1785 was a seminal theologian during the early Methodist movement and in the Church of England in the eighteenth century Best known for the Checks to Antinomianism he established a theology of history to defend the church against the encroachment of antinomianism as a polemic against hyper Calvinism Fletcher believed that the hyper Calvinist system of divine fiat and finished salvation did not take seriously enough either the activity of God in salvation history or an individual believer s personal progress in salvation Fletcher made the doctrine of accommodation a unifying principle of his theological system and further developed the doctrine of divine accommodation

into a theology of ministry As God accommodated divine revelation to the frailties of human beings Fletcher argued that ministers of the gospel must accommodate the gospel to their hearers in order to gain a hearing for the gospel without losing the goal of true Christianity True Christianity contains insights from Fletcher who devoted himself according to Wesley to being an altogether Christian Exploring Christian Education A. Elwood Sanner, Albert Foster Harper, 1978 The what why and how of Christian education *Being Missional, Becoming Missional* Banseok Cho, 2021-12-10 This book explores the theme of the missional conversion of the church namely how the church is transformed toward its missionary vocation from a biblical theological perspective The purpose of this book is to find biblically grounded theologically sound and practically applicable principles helpful for the church which seeks to be continuously shaped into a missional community which authentically and fully participates in God s mission today The biblical theological findings on how the triune God in the biblical narrative shapes the people of God toward their missionary vocation demonstrates first that in Scripture the missional conversion of the church is primarily the consequence of its continuous encounter with the triune God and second that this divine human encounter for the missional conversion of the church is ineluctable in view of the ongoing tension between the missional faithfulness of God in fulfilling the missionary vocation of the church on the one hand and the missional failure of the church in its missionary vocation on the other hand
