Introduction to Christianity Alister E. McGrath,1997-02-25 Beginning with an introduction to Biblical sources and Jesus as a central figure the book then examines theology history and the present situation in which Christianity finds itself The author treats it as a way of life and not just a set of ideas

Exploring Islam Salih Sayilgan,2021 Exploring Islam is a comprehensive yet accessible introduction to the foundations of the Islamic faith including its history theology and spiritual practice The book also deals with issues such as jihad the status of women and the various sectarian divisions in Islam Most distinctive about this work is its analysis of the lived experience of Muslims in modern American life The book explores questions such as What are the foundations of Islam How do Muslims relate to and interpret the Qur an Who is the Prophet Muhammad What does Shari a law really mean What are the major themes of Islamic theology What are the theological and political issues that led to divisions among Muslims Do Muslims and Christians believe in the same God How do Muslims practice Islam in America What are the challenges and opportunities for American Muslims In addressing these questions Sayilgan offers readers a perspective that is scholarly judicious and engaging

Exploring Psychology and Christian Faith Paul Moes,Donald J. Tellinghuisen,2014-09-02 Introductory psychology courses can raise significant questions about the nature of being human Christianity with its emphasis on humans made in the image of God has a clear perspective Psychology offers answers too but they are often subtly implied This introductory guide drawn from more than fifty years of classroom experience provides students with a coherent framework for considering psychology from a Christian

perspective The authors explore biblical themes of human nature in relation to all major areas of psychology showing how a Christian understanding of humans can inform the study of psychology Brief accessible chapters correspond to standard introductory psychology textbooks making this an excellent supplemental text End of chapter questions are included A test bank for professors is available through Baker Academic s Textbook eSources

Please Don't Wish Me a Merry Christmas
Stephen M Feldman, 1998-08-01 Whether in the form of Christmas trees in town squares or prayer in school fierce disputes over the separation of church and state have long bedeviled this country Both decried and celebrated this principle is considered by many for right or wrong a defining aspect of American national identity Nearly all discussions regarding the role of religion in American life build on two dominant assumptions first the separation of church and state is a constitutional principle that promotes democracy and equally protects the religious freedom of all Americans especially religious outgroups and second this principle emerges as a uniquely American contribution to political theory In *Please Don't Wish Me a Merry Christmas* Stephen M Feldman challenges both these assumptions He argues that the separation of church and state primarily manifests and reinforces Christian domination in American society Furthermore Feldman reveals that the separation of church and state did not first arise in the United States Rather it has slowly evolved as a political and religious development through western history beginning with the initial appearance of Christianity as it contentiously separated from Judaism In tracing the historical roots of the separation of church and state within the Western world Feldman begins with the Roman Empire and names Augustine as the first political theorist to suggest the idea Feldman next examines how the roles of church and state variously merged and divided throughout history during the Crusades the Italian Renaissance the Protestant Reformation the British Civil War and Restoration the early North American colonies nineteenth century America and up to the present day In challenging the dominant story of the separation of church and state Feldman interprets the development of Christian social power vis vis the state and religious minorities particularly the prototypical religious outgroup Jews
