Exploring Church Growth:

Exploring Church Growth Wilbert R. Shenk, 2010-08-01 During the past twenty years the phenomenon of church growth especially as it has been known under the dynamic leadership of Donald McGavran and the School of World Mission Fuller Theological Seminary has resulted in an impressive array of books articles reports and theses While freely acknowledging their debt to the church growth school the contributors to this volume wish to explore further the premises principles and goals of church growth Firmly convinced that church growth is more than empirical data and effective methods and that there is nothing approaching a complete book of church growth they aim not simply to offer definitive answers but rather to open up fresh lines of inquiry historical experiential methodological and theological Thus while interacting with previous studies the authors view their work as a constructive contribution to the search for a more adequate understanding of church growth patterns Contributors to this volume include Alfred C Krass Harvie M Conn Orlando E Costas John H Yoder Harry R Boer and C Ren Padilla *Exploring Church Growth* Wilbert R. Shenk, **Biblical Church Growth** Gary L. McIntosh, 2003-05 McIntosh explores the biblical basis for church growth giving leaders eternal principles rather than temporary models for growth *Evaluating the Church Growth Movement* Elmer L. Towns, 2004 This careful five view analysis helps evangelicals understand the Church Growth Movement's strengths and weaknesses and arrive at their own conclusions on issues that affect the future direction of the church **Exploring Church Growth Among Pastors and Lay Pastors of Bethlehem Reformed Church of God** Donna Faith Lodge, 2008 *The Logic of Evangelism* William James Abraham, 1989 Defining evangelism as initiating people into the kingdom Abraham critiques contemporary church growth and evangelism from a theological perspective A good text for a graduate level course on evangelism Strategies for Church Growth C. Peter Wagner, 2010-01-01 Why Plan Strategy Is church growth theory incompatible with belief in the sovereignty of God Does adherence to church growth principles leave out dependency upon the work of the Holy Spirit C Peter Wagner answers no to both questions He further believes that no task could be more crucial than fulfilling the Great Commission in our generation and how to approach and plan for the execution of this task is the questions of the day Strategies for Church Growth addresses this key issue in a biblically pragmatic way It brings together for the first time many principles of evangelism and missions which have proved through recent research and experience to be effective in implementing the Great Commission It also unifies in concise form the latest research of the Church Growth Movement the Lausanne Committee on World Evangelization the U S Center for World Mission and numerous other key contributors to the recent explosion of evangelistic technology Among the topics explored are the major components of strategy choosing the appropriate strategy advantages of having a strategy the theology of church growth the harvest principle and soil testing why you should aim for church growth characteristics of good goals the meaning of mission and evangelism how to target your outreach *Move* Greg L. Hawkins, Cally Parkinson, 2011-08-12 Most church leaders are

passionate about their calling to go and make disciples However despite their most creative thinking diligent efforts and rigorous assessments year after year they arrive at the end of a ministry season with no way of knowing for sure whether they have succeeded or failed in their calling I want to serve God the refrain goes and on most days I believe I m doing what I m called to do But what if my approach is off track What if the work we re doing as a church doesn t really help people grow at all The only indicators of success most leaders have are numbers Is attendance up Are giving trends on the rise Are we baptizing more people this year than last Numbers are helpful but they still come up short Numbers may tell leaders how active their congregants are but they reveal very little about whether or not anyone s heart is changing as a result Leaders need more than numbers to help them assess their efforts and make strategic ministry decisions The crux of spiritual growth is not how busy people are with spiritual activities but how engaged they are with Christ How close is a person to Christ Are they fully surrendered to his will and his teaching Do they prioritize faith in their daily lives Are they growing in their love of God and others In order to answer these questions leaders need more than numbers they need to see inside people s hearts In 2004 Willow Creek Community Church completed research that would eventually become the REVEAL Spiritual Life Survey Based on those initial findings as well as data from more than 150 000 congregants in 500 churches the REVEAL team discovered a way to see inside the hearts and minds of congregants The Christ Centered Heart presents discoveries not from a hypothetical theoretical or opinion driven point of view but from an empirical one By linking biblical principles with spiritual attitudes and behaviors REVEAL research The Christ Centered Heart provides a foundational understanding of this new lens for spiritual growth and presents findings from the latest REVEAL research Focusing on Jesus definition of spiritual growth as increasing love of God and others Matthew 22 36 40 the book draws on compelling stories of real people as well as engaging charts and graphs to illustrate key concepts and insights It includes four parts PART ONE The Heart of the Matter explains the brutal truth about spiritual growth and an orientation on how REVEAL takes us inside the hearts of congregants PART TWO The Spiritual Continuum identifies the five segments of intimacy with Christ and describes people with closed hearts who are Far from Christ people with searching hearts who are Exploring Christ people with open hearts who are Growing in Christ people with engaged hearts who are Close to Christ and people with surrendered hearts who are Christ Centered PART THREE Spiritual Movement details the distinct spiritual catalysts that move people toward increasing intimacy with Christ This includes four spiritual movements from rejection to searching for Christ from searching to accepting Christ from growing in Christ to becoming close to him and from close to Christ to becoming Christ centered We name two primary barriers to spiritual growth becoming stalled along the journey toward intimacy with Christ and becoming dissatisfied with the church s ability to lead people there PART FOUR Spiritual Leadership presents five key findings based on REVEAL s proprietary Spiritual Vitality Index which ranks a church s effectiveness in helping people grow The findings explain the importance of getting people moving once they express interest in knowing Christ embedding the Bible in

Exploring a Heritage Anne-Louise Eriksson, Goran Gunner, Niclas Blader, 2012-11-08 From a historical perspective similarities among the Lutheran churches in Denmark Iceland Norway and Sweden are easily understood But these previously homogeneous northern societies built on a Lutheran tradition with close ties between church and state are now considered to be among the most secular in the world as well as being impacted by a growing presence of other religions These changes present a major challenge to the churches concerning how to relate to the state and how to be a folk church The goal of this volume is to explore how Lutheran identity presently shapes churches in the north What are the burning issues engaging these churches at the beginning of the third millennium Are there signs that they are affected by the global emergence of a theology and practice commonly known as Neo Pentecostal or Charismatic What is the situation for women in these churches embedded in societies ranked among the world's most egalitarian In what ways does their Lutheran heritage influence how these churches shape themselves today The point of departure for this study is not a predetermined normative understanding of what a Lutheran church is or should be but the fact that the churches presented here represent what Lutheranism is today in this part of the world Contributors include Anne Louise Eriksson Steinunn Arnthrudur Bjornsdottir Solveig Anna Boasdottir Niclas Blader Carl Reinhold Brakenhielm Thomas Ekstrand Arnfri ur Gu mundsdottir Goran Gunner Harald Hegstad Hjalti Hugason Roger Jensen Halvard Johannessen Peter Lodberg Benedicte Hammer Pr stholm Karin Sarja Ulrika Svalfors Merete Thomassen Marie Thomsen Marie Vejrup Nielsen and Else Marie Wiberg Pedersen

Homo Florens? Nadia Marais, 2023-10-09 What does it mean to flourish Human flourishing lies at the heart of the good news of the gospel and yet contemporary theologies know not only one way of speaking about what it means to flourish If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted and from which rich fruit may be borne there is not one but various ways in which to speak about what it means to flourish Yet what governs our speaking Why do we speak of flourishing as we do The various conceptions of human flourishing that are outlined in this book piety joy and comfort being fully alive healing and dignity grace happiness and blessing represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human our longing to flourish

Way To Grow Ronald J. Lavin, 1996 Nothing is more important for ministry today than small groups George Gallop Jr a Christian who conducts polls on political and religious matters quoted in chapter 1 of this book

Lavin is quick to point out that this book is not merely about numerical growth. It is about nurturing spiritual growth which in itself is a dynamic that leads to growth in numbers. Use this publication as a workbook. The chapters each end with fascinating questions for consideration and group discussion. Dr Lavin offers five different kinds of group structures for discipleship development. Each is fully explored offering the reader or study participant the opportunity to determine which style best fits their group. He also lists five essentials that must be present for any group to function effectively. Lavin has had over 35 years of experience in the ministry during which time he has refined the methods that are most successful in leading people to commitment and discipleship. This book is filled with fascinating anecdotes and stories that have grown out of his experience with congregations where impressive growth has taken place. Dr Ronald J Lavin is Senior Pastor of King of Glory Lutheran Church Fountain Valley California. He previously served congregations in Indiana Iowa and Arizona. In each church where he served as pastor the membership doubled. He graduated cum laude from Carthage College Northwestern Theological School of Theology and engaged in graduate studies at the Lutheran School of Theology Chicago. Lavin has published twelve books and numerous magazine articles. He has been in demand as a speaker and seminar leader at schools and churches throughout the country as well as in several foreign countries.

Context and Contextuality Vyacheslav Tsvirinko, 2018-01-31. Since 1988 hundreds of thousands of evangelical Christians have migrated to the United States of America from former Soviet Union countries establishing many Russian speaking immigrant congregations across the country. This study analyzes how these immigrant churches function in their new cultural social and religious context. Dr Vyacheslav Tsvirinko a Russian who lived in the USA for over twenty five years examines the holism authenticity and contextuality of the mission work done by churches in the Pacific Coast Slavic Baptist Association PCSBA in America. He defines authentic mission in light of three major Christian groups the World Council of Churches the Lausanne Movement and Anabaptists and uncovers startling insights on how PCSBA churches engage in mission both back in their homeland and in the USA. The findings and conclusions of this work are invaluable to diasporic Christian communities who wish to address their authenticity in the way they do mission both internationally and in their local context creating a path to more fruitful gospel and kingdom work.
