Uyehara, 1977 The legendary fighter demonstrates simple, effective methods for dodging and deflecting incoming blows, offers invaluable advice for improving the speed, power, and accuracy of your kicks and punches, and shows you how to eliminate bad habits from your training. As the third volume in the Bruce Lee's Fighting Method series, this manual contains detailed illustrations and vintage photos capturing Lee in his prime. Packed with information on correct grips, stances, postures, and etiquette, the book also outlines striking methods, combination techniques, and a 31-count formal solo exercise called tandoku renshu, making it the ultimate resource for those who appreciate Japan's most subtle weapon.
