El lenguaje en el aprendizaje de las matemáticas Clare Lee, 2011-04-01. Sociología de las instituciones, Bases sociales y culturales de la conducta es una introducción al estudio de la estructura social de nuestras sociedades. En él se ofrece una presentación de

investigaciones sociológicas relevantes destinadas a poner de relieve la lógica de funcionamiento así como las funciones implícitas y explícitas de las principales instituciones que vertebran la vida social. Estas investigaciones fueron realizadas en su mayor parte durante el siglo XX y más concretamente a partir de los años sesenta y setenta cuando la sociología crítica predominantemente europea conoció un gran impulso frente a la Gran Teoría norteamericana y frente al marxismo soviético. En este sentido este libro puede ser leído como complemento a *Sociología, capitalismo y democracia* publicado en 2004 también en Ediciones Morata en esta misma colección.
