# Explorations In Economic Liberalism

**Lanny Ebenstein**

## **Explorations In Economic Liberalism:**

**Explorations in Economic Liberalism** Geoffrey E. Wood, 2016-07-27 This book contains a selection of the Wincott lectures given by eminent economists including four Nobel laureates Economists do not always communicate their theories to the general public But all the contributors to this volume have achieved a perfect balance between practical relevance and sound economic reasoning For this reason their lectures remain refreshing and fascinating In addition with economic discourse becoming more and more mathematically formulated these lectures are a striking example of how important concepts can be communicated simply Every one of these advances our understanding of the market economy and how it relates to political decisions

**Milton Friedman** Lanny Ebenstein, 2024-09-04 The first biography of one of the twentieth century's greatest economic thinkers Milton Friedman Born the son of immigrant parents Milton Friedman went on to become a major figure during the resurgence of American conservatism As an advisor to the Reagan administration and a widely read columnist he played a vital role in shaping government policy and public opinion while he made headlines for his controversial views Drawing on author Lanny Ebenstein's unprecedented access to personal archives and to Friedman himself this is the first book to trace his life and development as an economic theorist With a combination of intimate personal detail and fascinating exploration of economic theory Milton Friedman A Biography provides a revealing look at the man regarded by many as a hero of libertarianism and laissez faire economics

**Foucault and Neoliberalism** Daniel Zamora, Michael C. Behrent, 2016-01-06 Michel Foucault's death in 1984 coincided with the fading away of the hopes for social transformation that characterized the postwar period In the decades following his death neoliberalism has triumphed and attacks on social rights have become increasingly bold If Foucault was not a direct witness of these years his work on neoliberalism is nonetheless prescient the question of liberalism occupies an important place in his last works Since his death Foucault's conceptual apparatus has acquired a central even dominant position for a substantial segment of the world's intellectual left However as the contributions to this volume demonstrate Foucault's attitude towards neoliberalism was at least equivocal Far from leading an intellectual struggle against free market orthodoxy Foucault seems in many ways to endorse it How is one to understand his radical critique of the welfare state understood as an instrument of biopower Or his support for the pandering anti Marxism of the so called new philosophers Is it possible that Foucault was seduced by neoliberalism This question is not merely of biographical interest it forces us to confront more generally the mutations of the left since May 1968 the disillusionment of the years that followed and the profound transformations in the French intellectual field over the past thirty years To understand the 1980s and the neoliberal triumph is to explore the most ambiguous corners of the intellectual left through one of its most important figures

**Ethical Explorations** John Skorupski, 2000-01-06 John Skorupski develops in these essays a distinctive and systematic moral philosophy examining fundamental questions in ethics and then applying the results to issues of culture and politics The first three parts of the book focus on central ethical

concepts reasons the good and morality Skorupski examines normative claims about what we have reason to think feel or do He then presents a conception of the good which differs significantly from the utilitarianism of Mill while maintaining its important insights Drawing on Kant and Hegel his account of morality relates it to autonomy and the emotions involved in blame and recognition The final part of the book is a liberal critique of the forms of liberalism which dominate contemporary culture Ethical Explorations firmly links liberal politics to its ethical ideal and links that ideal to modern morality and modern ideas of the good

**"If the Workers Took a Notion"** Josiah Bartlett Lambert,2018-08-06 Once a fundamental civic right strikes are now constrained and contested In an unusual and thought provoking history Josiah Bartlett Lambert shows how the ability to strike was transformed from a fundamental right that made the citizenship of working people possible into a conditional and commercialized function Arguing that the executive branch rather than the judicial branch was initially responsible for the shift in attitudes about the necessity for strikes and that the rise of liberalism has contributed to the erosion of strikers rights Lambert analyzes this transformation in relation to American political thought His narrative begins before the Civil War and takes the reader through the permanent striker replacement issue and the alienation of workplace based collective action from community based collective action during the 1960s If the Workers Took a Notion maps the connections among American political development labor politics and citizenship to support the claim that the right to strike ought to be a citizenship right and once was regarded as such Lambert argues throughout that the right to strike must be protected He challenges the current law turn in labor scholarship and takes into account the role of party alliances administrative agencies the military and the rise of modern presidential powers

**Economic Liberalism and Underdevelopment** Frederick Clairmonte,1960 Playing the Market Kieran Heinemann,2021 This book explores the distinctively British obsession with investment and speculation It explains how and why everyday British people increasingly invested speculated and gambled in stocks and shares from the outbreak of World War I over the postwar decades and the Thatcher years up until the premiership of Tony Blair *Liberalism's Last Man* Vikash Yadav,2023-08-23 A modern reframing of Friedrich Hayek s most famous work for the 21st century Friedrich Hayek s The Road to Serfdom was both an intellectual milestone and a source of political division spurring fiery debates around capitalism and its discontents In the ensuing discord Hayek s true message was lost liberalism is a thing to be protected above all else and its alternatives are perilous In Liberalism s Last Man Vikash Yadav revives the core of Hayek s famed work to map today s primary political anxiety the tenuous state of liberal meritocratic capitalism particularly in North America Europe and Asia in the face of strengthening political capitalist powers like China Vietnam and Singapore As open societies struggle to match the economic productivity of authoritarian capitalist economies the promises of a meritocracy fade Yadav channels Hayek to articulate how liberalism s moral backbone is its greatest defense against repressive social structures Understanding Western Society. Volume 2: From the Age of Exploration to the Present John P. McKay,Bennett D. Hill,John Buckler,Clare Haru

Crowston, Merry E. Wiesner-Hanks, Joe Perry, 2011-07-29 Based on the highly successful A History of Western Society Understanding Western Society A Brief History captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture Abridged by 30% the narrative is paired with innovative pedagogy designed to help students focus on significant developments as they read and review An innovative three step end of Chapter study guide helps students master key facts and move toward synthesis **Exploration and Contestation in the Study of World Politics** Peter J. Katzenstein, Robert Owen Keohane, Stephen D. Krasner, 1999 New insights into the interplay between conflict and cooperation the impact of domestic political structures on foreign policy the role of institutions and the influence of worldviews and causal beliefs on decision making Liberalism and the Philosophy of Economics Tsutomu Hashimoto, 2022-09-15 Drawing on recent work in the contemporary philosophy of economics this book presents new ideas on liberalism including the concept of growth oriented liberalism Since the end of the Cold War questions and definitions of liberalism have moved from the sphere of political systems the socialism versus liberalism debates to the sphere of ethics what it means to live in a liberal society The chapters in this work trace the trajectory of the concept of liberalism in the philosophy of economics by exploring the ideological implications of the methodological debate between socialism and liberalism the idea of liberty as real freedom the ethical implications of Max Weber s methodology on autonomy and liberty and new typological theories of ideologies in the context of contemporary economic ethics This book marks a significant contribution to the literature on liberalism in the philosophy of economics and economic methodology and is highly recommended for readers who seek updated ideas on liberal society in its ethical and philosophical contexts *Economics and Ageing* José Luis Iparraguirre, 2020-01-29 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in health economics and economics of ageing but policy makers professionals and practitioners in gerontology sociology health related sciences and social care This volume introduces topics in the economics of happiness quality of life and well being in later life It also covers questions of inequality and poverty intergenerational economics and housing Other areas described in this book include behavioural economics political economy and consumption in ageing societies *Oil and Gas Exploration and Production* Denis Babusiaux, 2007 The steps that lead to the production of oil and gas are diverse complex and costly They are diverse because the detection of oil and gas involves input from many specialties ranging from geology to reservoir engineering They are complex as shown by the development of the job of the petroleum architect who coordinates all the operations They are costly as the investments for exploration and production represent more than half of all investments in the oil and gas sector Moreover exploration is a risky activity both from the technical and financial viewpoint only one well in five produces marketable oil Meanwhile the areas for exploration and production are spread throughout the world Oil and Gas Exploration and Production Nadine

Bret-Rouzaut, Jean-Pierre Favennec, 2011 With contributions by D Babusiaux IFP Energies nouvelles S Barreau IFP Energies nouvelles P R Bauquis Total N Bret Rouzaut IFP Energies nouvelles A Ch trit Total P Copinschi IFP Energies nouvelles J P Favennec IFP Energies nouvelles R Festor Total E Feuillet Midrier IFP Energies nouvelles M Grossin Total D Guirauden Beicip V Lepez Total P Sigonney Total et M Valette Total The first edition of this book has been selected for inclusion in Choice s annual Outstanding Academic titles list It has been rewarded for its excellence in scholarship and presentation the significance of its contribution to the field and its value as important treatment of the subject The steps that lead to the production of oil and gas are diverse complex and costly They are diverse because the detection of oil and gas involves input from many specialties ranging from geology to reservoir engineering They are complex as shown by the development of the job of the petroleum architect who coordinates all the operations They are costly as the investments for exploration and production represent more than half of all investments in the oil and gas sector Moreover exploration is a risky activity both from the technical and financial viewpoint only one well in five produces marketable oil Meanwhile the areas for exploration and production are spread throughout the world This book provides a complete overview of the stakes and challenges involved in oil and gas exploration and production Following a historical review and a survey of the markets the technical phases are covered as are the evaluation of reserves the estimation of investments and costs the decision making and control processes and the accounting legal and contractual environment for these activities The book concludes with a discussion of the role of safety and of environmental and ethical issues This work which is designed for readers concerned with the various aspects of the oil and gas upstream sector is accessible to all This second edition takes into account the huge changes in the oil and gas industry particularly the large increases in oil prices investments and costs observed since the first edition This book is available in French under the title Recherche et production du p trole et du gaz Contents 1 Petroleum a strategic product 2 Oil and gas exploration and production 3 Hydrocarbon reserves 4 Investments and costs 5 Legal fiscal and contractual framework 6 Decision making on exploration and production 7 Information accounting and competition analysis 8 Health safety the environment ethics Bibliography Glossary Index

### **The Gold Standard at the Turn of the Twentieth**

**Century** Steven Bryan, 2010 By the end of the nineteenth century the world was ready to adopt the gold standard out of concerns of national power prestige and anti English competition Yet although the gold standard allowed countries to enact a virtual single world currency the years before World War I were not a time of unfettered liberal economics and one world one market harmony Outside of Europe the gold standard became a tool for nationalists and protectionists primarily interested in growing domestic industry and imperial expansion This overlooked trend provocatively reassessed in Steven Bryan s well documented history contradicts our conception of the gold standard as a British based system infused with English ideas interests and institutions In countries like Japan and Argentina where nationalist concerns focused on infant industry protection and the growth of military power the gold standard enabled the expansion of trade and the goals of the age

industry and empire Bryan argues that these countries looked less to Britain and more to North America and the rest of Europe for ideological models Not only does this history challenge our idealistic notions of the prewar period but it also reorients our understanding of the history that followed Policymakers of the 1920s latched onto the idea that global prosperity before World War I was the result of a system dominated by English liberalism Their attempt to reproduce this triumph helped bring about the global downturn the Great Depression and the collapse of the interwar world     *Afterlives of Discovery* heidi andrea restrepo rhodes,2025-03-28 In *Afterlives of Discovery* heidi andrea restrepo rhodes traces global and national histories as they entangle through the concept and material life of Discovery across Colombia's evolution into a liberal settler colonial state Rather than seeing Discovery as a singular event or bygone era rhodes theorizes Discovery as a globally encompassing racialized formation of domination and geographic speculation that continues to structure settler colonialism Discovery's logics they argue are rooted in colonial and capitalist fantasies projected onto the racialized space and place of the colonized other rhodes draws on critical theory human rights research and Colombian archives to challenge dominant narratives that maintain the Colombian armed conflict began as a Marxist insurgency in 1964 Instead rhodes shows that the conflict is an extension of Discovery's ongoingness via projects of dispossession extraction whitening and epistemic and political hegemony Given that Colombia's national past present and future are grounded in Discovery rhodes asks How is it possible to build futures that escape Discovery's grasp     *Free Trade and its Reception 1815-1960* Andrew Marrison,2002-01-08 This book examines the Corn Laws and their repeal It brings together leading international experts working in the field from Britain Europe and the United States Their contributions range widely over the history politics and economics of free trade and protectionism in the nineteenth and twentieth centuries together they provide a landmark study of a vitally important subject and one which remains at the top of today's international agenda     *Desolation and Enlightenment* Ira Katznelson,2003 In this major intellectual history Ira Katznelson examines the works of Hannah Arendt Robert Dahl Richard Hofstadter Harold Lasswell Charles Lindblom Karl Polanyi and David Truman detailing their engagement with the larger project of reclaiming the West's moral bearing     *Russian Liberalism* Paul Robinson,2023-09-15 *Russian Liberalism* charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson's comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism's failure in that country *Russian Liberalism* offers an understanding of a significant aspect of contemporary international affairs After Putin's February 2022 invasion of Ukraine

understanding Russian political thought is a matter of considerable importance

**Neo-liberalism and the Architecture of the Post Professional Era** Hossein Sadri, 2018-04-27 This book discusses the effects of Neo Liberal policies on the transformations of architectural and urban practices and education in the transition from the era of professionalism to post professionalism Building on previous literature in the field of contemporary theory of architecture it provides the necessary resources for the study of contemporary architecture and urban politics urban sociology local administration and urban geography Further it develops a political and critical perspective on contemporary practices of architecture and urbanism their implementation legal background political effects and social results The book will interest readers from a wide range of academic disciplines from political science to architecture and from urban studies to sociology

## **Explorations In Economic Liberalism Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Explorations In Economic Liberalism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Explorations In Economic Liberalism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Explorations In Economic Liberalism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About Explorations In Economic Liberalism Books**

1. Where can I buy Explorations In Economic Liberalism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
