Hoogsteen, 2014-09-16 The Tradition of the Elders based on Matt 15 1 20 and Mark 7 1 23 explores how the oral law upheld and promoted the anti Christian forces of Pharisaism and Sadduceism As such they appear repeatedly in the New Testament documents often as the law and the works of the law For example consider When Gentiles who have not the law do by nature what the law requires they are a law to themselves even though they do not have the law Rom 2 14 We ourselves who are Jews by birth and not Gentile sinners yet who know that a man is not justified by works of the law but through faith in Christ Jesus even we have believed in Christ Jesus in order to be justified by faith in Christ and not by works of the law because by works of the law shall no one be justified Gal 2 15 16 Tell me you who desire to be under law do you not hear the law Gal 4 21 But which law do these legal references concern the Torah the oral law or the Decalogue This important distinction between the oral law and the Ten Commandments is what The Tradition of the Elders sets out to make clear All New Testament exegetes including teachers and students can benefit from an increased
