Exploring Perspectives:

Exploring Perspectives Graham, Neil, 1991 Fresh Perspectives Pasquale De Marco, 2025-07-23 In a world that is constantly evolving it is more important than ever to be able to adapt and embrace new perspectives This book is a collection of essays that explore different ways of thinking about the world around us Each essay is written by a different expert in their field and they offer a unique take on the challenges and opportunities that we face today In this book you will learn How to navigate uncertainty and embrace the unknown How to redefine success and find fulfillment in your life How to challenge assumptions and biases and develop a broader worldview How to cultivate resilience and overcome challenges How to collaborate with others and create a culture of innovation How to understand the impact of technology and maximize digital opportunities How to live a balanced life and prioritize your well being How to embrace leadership and empower others How to rethink education and create a more equitable and sustainable future These essays are thought provoking and inspiring They will challenge you to think critically about the world around you and they will help you develop a more nuanced and informed perspective If you are ready to embrace new perspectives and create a better future for yourself and for the world then this book is for you If you like this book write a review

Motivational Interviewing in Groups Christopher C. Wagner, Karen S. Ingersoll, with Contributors, 2012-11-28 A unique clinical resource this book shows how to infuse the methods and spirit of motivational interviewing MI into group based interventions The authors demonstrate how the four processes of MI with individuals translate into group contexts They explain both the challenges and the unique benefits of MI groups guiding practitioners to build the skills they need to lead psychoeducational psychotherapeutic and support groups successfully A wealth of clinical examples are featured Chapters by contributing authors present innovative group applications targeting specific problems substance use disorders dual diagnosis chronic health conditions weight management adolescent risk behaviors intimate partner violence and sexual offending This book is in the Applications of Motivational Interviewing series edited by Stephen Rollnick William R Miller and Theresa B Moyers

Dealing with the Legacy of Authoritarianism Antonio Costa Pinto, Leonardo Morlino, 2013-09-13 In recent years the agenda of how to deal with the past has become a central dimension of the quality of contemporary democracies Many years after the process of authoritarian breakdown consolidated democracies revisit the past either symbolically or to punish the elites associated with the previous authoritarian regimes New factors like international environment conditionality party cleavages memory cycles and commemorations or politics of apologies do sometimes bring the past back into the political arena This book addresses such themes by dealing with two dimensions of authoritarian legacies in Southern European democracies repressive institutions and human rights abuses The thrust of this book is that we should view transitional justice as part of a broader politics of the past an ongoing process in which elites and society under democratic rule revise the meaning of the past in terms of what they hope to achieve in the present This book was published as a special issue of South European Society and

Politics **The Working Class** Ian Gilbert, 2018-03-27 In *The Working Class* Poverty education and alternative voices Ian Gilbert unites educators from across the UK and further afield to call on all those working in schools to adopt a more enlightened and empathetic approach to supporting children in challenging circumstances One of the most intractable problems in modern education is how to close the widening gap in attainment between the haves and the have nots Unfortunately successive governments both in the UK and abroad have gone about solving it the wrong way Independent Thinking founder Ian Gilbert's increasing frustration with educational policies that favour no excuses and compliance and that ignore the broader issues of poverty and inequality is shared by many others across the sphere of education and this widespread disaffection has led to the assembly of a diverse cast of teachers school leaders academics and poets who unite in this book to challenge the status quo Their thought provoking commentary ideas and impassioned anecdotal insights are presented in the form of essays think pieces and poems that draw together a wealth of research on the issue and probe and discredit the current view on what is best for children from poorer socio economic backgrounds Exploring themes such as inclusion aspiration pedagogy and opportunity the contributions collectively lift the veil of feigned equality of opportunity for all to reveal the bigger picture of poverty and to articulate the hidden truth that there is always another way This book is not about giving you all the answers however The contributors are not telling teachers or schools leaders how to run their schools their classroom or their relationships the field is too massive too complex too open to debate and to discussion to propose off the shelf solutions Furthermore the research referred to in this book is not presented in order to tell educators what to think but rather to inform their own thinking and to challenge some of the dominant narratives about educating the feckless poor This book is about helping educators to ask the right questions and its starting question is quite simple how can we approach the education of young people from disadvantaged backgrounds in a way that actually makes a difference for all concerned Written for policy makers and activists as well as school leaders and educators *The Working Class* is both a timely survey of the impact of current policies and an invaluable source of practical advice on what can be done to better support disadvantaged children in the school system Edited by Ian Gilbert with contributions from Nina Jackson Tim Taylor Dr Steven Watson Rhythmical Mike Dr Ceri Brown Dr Brian Male Julia Hancock Paul Dix Chris Kilkenny Daryn Egan Simon Paul Bateson Sarah Pavey Dr Matthew McFall Jamie Thrasivoulou Hywel Roberts Dr Kevin Ming Leah Stewart Real David Cameron Sir Al Aynsley Green Shona Crichton Floyd Woodrow Jonathan Lear Dr Debra Kidd Will Ryan Andrew Morrish Phil Beadle Jaz Ampaw Farr Darren Chetty Sameena Choudry Tait Coles Professor Terry Wrigley Brian Walton Dave Whitaker Gill Kelly Roy Leighton Jane Hewitt Jarlath O'Brien Crista Hazell Louise Riley Mark Creasy Martin Illingworth Ian Loynd David Rogers Professor Mick Waters and Professor Paul Clarke *The Thinker's Guide to Socratic Questioning* Richard Paul, Linda Elder, 2019-06-01 *The Thinker's Guide to the Art of Socratic Questioning* introduces readers to powerful methods of inquiry that pinpoint underlying beliefs and systems of logic Bringing together the principles of critical thinking Richard Paul and

Linda Elder illuminate the practicality and accessibility of Socratic questioning for revealing and solving problems in thought Teachers students and professionals will find in this book essential questioning strategies for reasoning within any field of study or endeavor As part of the Thinker s Guide Library this book advances the mission of the Foundation for Critical Thinking to promote fairminded critical societies through cultivating essential intellectual abilities and virtues across every field of study across world *Teaching for Diversity and Social Justice* Maurianne Adams, Lee Anne Bell, Pat Griffin, 1997 A sourcebook that addresses the need to facilitate communication and understanding between members of diverse social groups providing a framework in which students can engage and critically analyze several forms of social oppression

Interdisciplinarity and the Art of Human Connection Sharon Woodill, 2025-08-07 This book examines interdisciplinarity through the lens of complexity theory arguing for an understanding of interdisciplinarity that embraces the wisdom of complexity and not just the idea Sharon Woodill critiques current interdisciplinary practices as often falling short of truly embracing complexity instead grafting complexity theory onto existing reductionist frameworks that lead to disconnection Drawing on principles of self organization and emergence this book re imagines the interdisciplinary process and integration that results It advocates for an epistemology of connection that prioritizes human relationships diverse perspectives and engagement with ambiguity in knowledge practices It examines the concept of diversity as an example of interdisciplinarity grounded in a fully fledged complexity Throughout the book advocates for a shift from capture and control approaches to knowledge towards an understanding of knowing as a participatory emergent process It emphasizes the facilitation of new insights through deep engagement with the complexity of each other and the worlds we inhabit Reading Narratives Pasquale De Marco, 2025-03-19 In a world awash with stories both real and imagined Reading Narratives invites you on an immersive journey into the captivating realm of storytelling This comprehensive guide delves into the intricacies of narratives revealing the elements that make them so compelling and enduring Through an engaging exploration of plot characters setting and theme you ll discover how these fundamental building blocks come together to create cohesive and immersive narratives that transport readers to different worlds and introduce them to unforgettable characters You ll learn to appreciate the art of crafting suspense conflict and resolution and gain insights into the techniques authors use to create stories that resonate with readers on a profound level Beyond the structural elements Reading Narratives delves into the art of crafting compelling narratives You ll explore the importance of pacing rhythm and tone and discover how these elements can be used to create a seamless and enjoyable reading experience You ll also examine the use of literary devices such as symbolism foreshadowing and irony and explore how they can enhance the meaning and impact of a story With insightful analyses of classic works by renowned authors and contemporary stories that are pushing the boundaries of narrative Reading Narratives offers a deeper understanding and appreciation of the art of storytelling Whether you re an aspiring writer a seasoned storyteller or simply a lover of great stories this book is an essential guide to the craft of narrative Delve

into the World of Narratives and Discover The essential elements of a compelling narrative plot characters setting and theme Techniques for creating suspense conflict and resolution The art of character development and the role of character relationships The importance of setting in shaping the atmosphere and mood of a story How to convey deeper meanings and messages through the use of theme The use of literary devices to enhance the impact and meaning of a story Examples from literature film and other forms of storytelling to illustrate key concepts Reading Narratives is your ultimate guide to understanding and appreciating the art of storytelling Immerse yourself in the world of narratives and discover the power of stories to entertain educate and inspire If you like this book write a review Faculty Development in the Health Professions Yvonne Steinert,2025-04-07 This second edition of Faculty Development in the Health Professions originally published in 2014 presents updated chapters and new topics It also highlights changes in the evidence base for faculty development and identifies recommendations for research and practice in the field With chapter authors coming from five continents it builds on and presents global lessons learned for an international audience This book describes a multitude of ways ranging from workshops to the workplace in which health professionals can develop their knowledge and skills as teachers and educators leaders and managers and researchers and scholars By providing an informed and scholarly overview of faculty development and by describing original content that has not been previously published this book helps to ensure that research and evidence inform practice move the scholarly agenda forward and promote dialogue and debate in this evolving field It serves as an invaluable resource for faculty development program planning implementation and evaluation and helps to sustain faculty members vitality and commitment to excellence *The Digital Coach* Stella

Kanatouri,2020-03-13 Thanks to digital media coaching doesn't have to be constrained by geographical and temporal boundaries Using digital media to facilitate coaching processes however creates a distinct form of coaching practice that requires additional skill from the coach The Digital Coach contains insights based on a comprehensive exploratory research that analysed the discussions of a 1 000 member strong online community of coaches and several interviews with coaches to understand their practical experiences of working with technology At the same time the book offers information insights and examples that can be readily used by the coaching practitioner Based on the developments in the field the book provides suggestions about improving the usability of coaching software and it offers reflections on how emerging technologies like immersive Virtual Reality Augmented Reality and Artificial Intelligence might extend coaching practice Whilst acknowledging the limitations and potential risks that may arise by integrating digital media in coaching the book suggests that coaching success doesn't only depend on media capabilities but also on the coach The digital coach develops enhanced coaching skills and adapts coaching practice to the media in use The book is dedicated to the coaching practitioner who uses digital media or who is considering doing so and is relevant for coaching supervisors buyers of coaching services human resource professionals and software designers **Becoming a Reflective Practitioner** Christopher Johns,2013-04-03 Christopher

Johns is an internationally recognised pioneer of reflective practice in nursing and health care Nursing Standard Becoming a Reflective Practitioner provides a unique insight into reflective practice exploring the value of using models of reflection with particular reference to Christopher Johns own model for structured reflection Now in its fourth edition this book has been completely revised and updated to include up to date literature and reflective extracts Contemporary in approach this definitive text contains a variety of rich and insightful reflective extracts that support the main issues being raised in each chapter and challenges practitioners and students to question their own practice Now with further scenarios and case studies included throughout these extracts provide the reader with access to the experience of reflective representation helping to explicate the way in which reflective practice can inform the wider notion of professional practice The fourth edition of Becoming a Reflective Practitioner should be essential reading to everybody using reflection in everyday clinical practice Special Features New fully updated edition of a seminal text in the field Includes an additional chapter looking at existing studies on reflective practice Scenarios and case studies provided throughout A practical guide to using reflection in everyday clinical practice
