This volume brings together scholars working in different languages: Creole, French, English, Spanish, and modes of cultural production: literature, art, film, music, to suggest how best to model courses that impart the rich, vibrant, and multivalent aspects of the Caribbean in the classroom. Essays focus on discussing how best to cross languages, histories, and modes of discourse. Instead of relying on available paradigms that depend on Western ways of thinking, the essays recommend methods to develop a pan-Caribbean perspective in relation to notions of the self, uses of language, gender hierarchies, and ideas of nationhood. Contributors represent various disciplines, work in one of the several languages of the Caribbean, and offer essays that reflect different cadres of expertise. **Denis Williams, a Life in Works** Charlotte Williams, Evelyn A. Williams, 2010. Evelyn A. Williams, a former teacher of art and design, is a practising painter with a recently established studio in Guyana where she applies the principles of Mbari. A. King, 2014-07-10 Who changed Bob Marley's famous peace and love anthem into 'Come to Jamaica and feel all right' When did the Rastafarian fighting white colonial power become the smiling Rastaman spreading beach towels for American tourists Drawing on research in social movement theory and protest music Reggae Rastafari and the Rhetoric of Social Control traces the history and rise of reggae and the story of how an island nation commandeered the music to fashion an image and entice tourists Visitors to Jamaica are often unaware that reggae was a revolutionary music rooted in the suffering of Jamaica's poor Rastafarians were once a target of police harassment and public condemnation Now the music is a marketing tool and the Rastafarians are no longer a violent counterculture but an important symbol of Jamaica's new cultural heritage This book attempts to explain how the Jamaican establishment's strategies of social control influenced the evolutionary direction of both the music and the Rastafarian movement From 1959 to 1971 Jamaica's popular music became identified with the Rastafarians a social movement that gave voice to the country's poor black communities In response to this challenge the Jamaican government banned politically controversial reggae songs from the airwaves and jailed or deported Rastafarian leaders Yet when reggae became internationally popular in the 1970s divisions among Rastafarians grew wider spawning a number of pseudo Rastafarians who embraced only the external symbolism of this worldwide religion Exploiting this opportunity Jamaica's new Prime Minister Michael Manley brought Rastafarian political imagery and themes into the mainstream Eventually reggae and Rastafari evolved into Jamaica's chief cultural commodities and tourist attractions

London is the Place for Me Kennetta Hammond Perry, 2016-01-04 Black people in the British Empire have long challenged the notion that there ain't no black in the Union Jack For the post World War II wave of Afro Caribbean migrants many of whom had long been subjects of the Empire claims to a British identity and imperial citizenship were considered to be theirs by birthright However while Britain was internationally touted as a paragon of fair play and equal justice they arrived in a nation that was frequently hostile and unwilling to incorporate Black people into its concept of what it meant to be British Black Britons therefore confronted the racial politics of British citizenship and became active political agents in challenging anti Black racism In a society with a highly racially circumscribed sense of identity and the laws customs and institutions to back it up Black Britons had to organize and fight to assert their right to belong In London Is The Place for Me Kennetta Hammond Perry explores how Afro Caribbean migrants navigated the politics of race and citizenship in Britain and reconfigured the boundaries of what it meant to be both Black and British at a critical juncture in the history of Empire and twentieth century transnational race politics She situates their experience within a broader context of Black imperial and diasporic political participation and examines the pushback both legal and physical that the migrants' presence provoked Bringing together a variety of sources including calypso music photographs migrant narratives and records of grassroots Black political organizations London Is the Place for Me positions Black Britons as part of wider public debates both at home and abroad about citizenship the meaning of Britishness and the politics of race in the second half of the twentieth century

The United Kingdom's postwar discriminatory curbs on immigration and explosion of racial violence forced White Britons as well as Black to question their perception of Britain as a racially progressive society and therefore to question the very foundation of their own identities Perry's examination expands our understanding of race and the Black experience in Europe and uncovers the critical role that Black people played in the formation of contemporary British society **The Literary Digest** Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson Draper, Wilfred John Funk, 1921
