Exploring Romans:

Exploring Romans John Phillips, 2002-03-01 John Phillips writes with enthusiasm and clarity cutting through the confusion and heretical dangers associated with Bible interpretation Moody Magazine **Exploring Romans** George R. Knight, 2010 Romans is one of the few books in the New Testament that was not composed as a pastoral response to specific localized problems Instead this letter was written primarily to challenge and ultimately correct widespread misunderstandings about Christianity held by mid first century believers Some of these beliefs are embraced even now Paul s central focus in Romans is the means of obtaining salvation Point by point he systematically builds his case by articulating who needs salvation and why the role of the law God s response to the sin problem resolution of the legal issues presented by sin and the effect each has on the Christian s life This devotional commentary divides the entire text into short passages that are followed by a detailed user friendly exegetical explanation and practical application to everyday life The lives of such men as Martin Luther and John Wesley whose writings helped shape Western history were changed by the study of Romans It will change your life as well Book jacket Exploring Romans Ashley Day, 2004-11 Exploring Romans is an attempt to explain the profound truths of Paul s letter in everyday language Somewhere between AD 55 and AD 57 an itinerant preacher named Paul wrote a letter to the Christians in Rome Working his way across Asia Minor and into Europe he preached the Gospel tirelessly Many churches were founded but fearful opposition was also generated Paul was stoned beaten shipwrecked and imprisoned but nothing dampened his enthusiasm His letter to the Romans is a masterpiece It sets out the basic tenets of the Christian faith but also explores eternal mysteries in greater depth than any other work We hope it will help the reader gain a better understanding of the marvels of God s inspired Word *Exploring Romans* John Phillips, 1969 *Exploring Romans* John Phillips, Emmaus Correspondence School, 1973 **Discovering Romans** Anthony C. Thiselton, 2016-07-30 Concise student friendly introduction to Romans This third volume in the Discovering Biblical Texts series offers readers a compact up to date and student friendly introduction to Paul s letter to the Romans focusing on its structure content theological concerns key interpretive debates and historical reception Anthony C Thiselton alerts readers to key issues and questions raised by the text encouraging in depth study and a sincere grappling with the theological and historical questions raised by this often controversial epistle He pays special attention to the book s reception and its influence on Christian history and culture exploring and explaining the approaches and conclusions of a wide range of ancient and modern interpreters Exploring Ancient Rome John Malam, 2006 Looks at the past through the archaeological evidence that remains with us today and examines the way people lived in ancient societies their achievements religious beliefs and festivals and how and why the civilizations rose and fell when they did Ages 12 **Saint Paul** Irving L. Brittle Jr., 2014-08-07 Saint Paul the Right Man at the Right Time was written to get a comprehensive biographical sketch of Saint Paul including his early life his life as a Pharisee his direct contact with Jesus Christ on the Damascus road his conversion from the many teachings of the Torah and

his God given mission as the Apostle to the Gentiles The times in which he lived proved that God chose him as his apostle due to his brilliance and his ability to communicate in both written and verbal forms not only in Hebrew but in the Greek language which was important in that historical time His words and letters are as relevant today as they were in the first century of Christianity and his teachings are still presented in Protestant churches and sermons today My hope is one may read Saint Paul the Right Man at the Right Time and have the ability to teach a basic class on the life of Saint Paul and encourage students to further their understanding of the importance of this biblical figure The work touches on his theology but I was more intent on giving the reader a personal overview of the man we know as Saint Paul He very much lived in a time trying to spread a new religion in Christ that was very different from the belief systems of the Jews and Gentiles in the first century
