Nancy Caroline's Emergency Care in the Streets American Academy of Orthopaedic Surgeons (AAOS),,Nancy L. Caroline,2010-02-05 Think back to a time when paramedics didn t exist When drivers simply brought injured patients to the hospital When the EMS industry was in its infancy A time before Nancy Caroline Dr Caroline s work transformed EMS and the entire paramedic field She created the first national standard curriculum for paramedic training in the United States She also wrote the first paramedic textbook

Emergency Care in the Streets The impact that Dr Caroline had on EMS and health care spanned across the U S and abroad From establishing EMS systems to training paramedics to providing better nourishment and health care for orphans her work had a profound impact on humanity Throughout her life Dr Caroline brought a sense of excitement joy and humor to her work The American Academy of Orthopaedic Surgeons is proud to continue Dr Caroline s legacy Her sense of excitement and humor live on in this text which is dedicated to her The Sixth Edition honors Dr Caroline s work with a clear fun

understandable writing style for which she was known Welcome back a familiar training companion to your classroom Say hello to Sidney Sinus AV Abe and a cast of memorable characters and amusing anecdotes Make learning for your students more fun Advertising Exposure, Memory and Choice Andrew A. Mitchell,2013-06-17 Theoretical research on advertising effects at the individual level has focused almost entirely on the effects of advertising exposure on attitudes and the mediators of attitude formation and change This focus implicitly assumes attitudes are a good predictor of behavior which they generally are not and downplays the role of memory in that there is generally a considerable amount of time between advertising exposure and purchase decisions in most marketing situations Recently a number of researchers have developed conceptual models which provide an explicit link between two separate events advertising exposure and purchase behavior with memory providing the link between these events Originally presented at the eighth annual Advertising and Consumer Psychology Conference held in Toronto some chapters in this volume present recent research on the role of inferences in advertising situations the effects of exposure to multiple advertisements message receptivity drama advertisements and the use of EEG in measuring advertising effectiveness Contributions focus on research examining the effects of advertising exposure on consumer information processing and decision making This book will be of interest to consumer psychologists and professionals in advertising and marketing
