Jonathan H. X. Lee

Japan As Number One Lessons For America:

Japan as Number One Ezra F. Vogel, 1979 A chronicle of Japan's development into one of the world's most effective industrial powers

Japan as Number One Ezra F. Vogel, 1981

Japan as Number One Ezra F. Vogel, 1980 At the same time it was developing into the world's most competitive industrial power Japan was solving the internal problems that the United States now faces Isn't it about time Ezra Vogel asks in this wide-ranging work that we learn something from the competitor overtaking us Back cover

Japan As Number One Vogel, 2000-02

Superhuman Japan Marie Thorsten, 2012-03-15 This book examines the imaginative narratives that shaped the attitudes of Americans and others toward Japan Focusing on cultural aspects of economic nationalism and US Japan relations during the trade war Marie Thorsten uses examples from public discourse film documentaries novels acts of racism and comparison of international education assessments to examine the way in which Japan has been constituted in a global political gaze as an economic hegemon In times of heightened rivalry we often try to find superior others so that we can motivate ourselves against an imagined future of decline During the Cold War Americans and other nations in the West took advantage of being the underdog against the perceived superiority of the Soviet Union especially by turning the Sputnik launch of 1957 into a lodestone for an educational renaissance As postwar Japanese power became increasingly threatening American policymakers again tried to fashion Japan into another Sputnik to motivate American people This book explores 1980s Bubble Japan as a Superhuman Other in the consciousness of Americans especially as reflected in popular culture and policy discourses Making Japan into a Superhuman often resorted into the same stereotyping that invented Japan as a Subhuman It was difficult for many to see that America Japan and other nations were actually sharing the same global economic circumstances affecting attitudes toward knowledge and nation This book will be of interest to students and scholars of Japanese politics International Relations and Japanese culture and society

Japan in the American Century Kenneth B. Pyle, 2018-10-15 No nation was more deeply affected by America's rise to power than Japan The price paid to end the most intrusive reconstruction of a nation in modern history was a cold war alliance with the U S that ensured American dominance in the region Kenneth Pyle offers a thoughtful history of this relationship at a time when the alliance is changing

Japan, the Sustainable Society John Lie, 2021-12-28 From Japan as number one to the lost decades Growth reconsidered The regime as a concept Ordinary virtues The book of sushi The artisanal ethos in Japan the larger context The book of bathing Ikigai reasons for living

Japan's Economic Challenge Michael Keresztesi, Gary R. Cocozzoli, 2018-10-26 This book first published in 1988 assembles a key pool of references in English to help study the Japanese economic challenge of the 1980s Collectively these writings chronicle the historical social and cultural background of Japan's spectacular industrial take off They describe analyse and interpret the diverse manifestations of Japan's economic growth

A History of East Asia Charles Holcombe, 2017-01-11 Charles Holcombe begins by asking the question what is East Asia In the modern age many of the

features that made the region now defined as including China Japan Korea and Vietnam distinct have been submerged by the effects of revolution politics or globalization Yet as an ancient civilization the region had both an historical and cultural coherence This shared past is at the heart of this ambitious book which traces the story of East Asia from the dawn of history to the twenty first century The second edition has been imaginatively revised and expanded to place emphasis on cross cultural interactions and connections both within East Asia and beyond with new material on Vietnam and modern pop culture The second edition also features a Chinese character list additional maps and new illustrations *Translating and Incorporating American Management Thought into Japan* Izumi Mitsui,Kazuhito Isomura,Yoshiyuki Takeuchi,2022-10-11 This book focuses on the establishment process of the Japanese style of management JSM Traditionally it has been widely believed that the JSM is native to Japan and consists of three pillars lifetime employment a seniority based wage system and company unions This book opposes these traditional views on the JSM and argues that it has been shaped by the influence of management theories and ideas of other countries The JSM has not only adopted the ideas and concepts of other countries but also has refined translated and customized them to make such ideas and concepts acceptable in Japan The hypothesis presented here is that in the postwar period of rapid growth the JSM was a hybrid set of management theories and techniques greatly influenced by American ideas about management This book concentrates on the impact of American management theories and ideas on the JSM Taking the historical point of view it clarifies that impact not only for academics but also for business people The hypothesis propounded here is that some of those theories and ideas have been accepted whereas some of them have been rejected and eventually made irrelevant The following issues are discussed scientific management the human relations school Barnard s organizational theory Drucker s management thoughts strategic management human resource management and corporate culture *Japanese Americans* Jonathan H. X. Lee,2017-11-10 This book provides a comprehensive story of the complicated and rich story of the Japanese American experience from immigration to discrimination to adaptation achievement and contributions to the American mosaic Japanese Americans The History and Culture of a People highlights the enormous contributions of Japanese Americans in history civil rights politics economic development arts literature film popular culture sports and religious landscapes It not only provides context to important events in Japanese American history and in depth information about the lives and backgrounds of well known Japanese Americans but also captures the essence of everyday life for Japanese Americans as they have adjusted their identities established communities and interacted with other ethnic groups This innovative volume will become the standard resource for exploring why the Japanese came to the USA more than 130 years ago where they settled and what experiences played a role in forming the distinctive Japanese American identity *Asian Americans* Xiaojian Zhao,Edward J.W. Park Ph.D.,2013-11-26 This is the most comprehensive and up to date reference work on Asian Americans comprising three volumes that address a broad range of topics on various Asian and Pacific Islander American groups from 1848 to the present

day This three volume work represents a leading reference resource for Asian American studies that gives students researchers librarians teachers and other interested readers the ability to easily locate accurate up to date information about Asian ethnic groups historical and contemporary events important policies and notable individuals Written by leading scholars in their fields of expertise and authorities in diverse professions the entries devote attention to diverse Asian and Pacific Islander American groups as well as the roles of women distinct socioeconomic classes Asian American political and social movements and race relations involving Asian Americans *Cultural Politics and Asian Values* Michael D.

Barr,2012-11-12 *Cultural Politics and Asian Values* looks at the political cultural and religious background of East and Southeast Asian societies and those of the West with a view to seeing how they are affecting contemporary national and international politics democratization the international human rights discourse NGOs and globalization The book surveys the political history and pre history of the Asian values debate taking it up to the era of Megawati Sukarnoputri Chen Shui bian and Kim Dae jung In chapters on Confucianism Buddhism Islam Christianity and liberalism Barr explores the histories and conceptual essences of the world religions involved in or affected by the debate Old World Empires Ilhan

Niaz,2014-03-26 This book is a sweeping historical survey of the origins development and nature of state power It demonstrates that Eurasia is home to a dominant tradition of arbitrary rule mediated through military civil and ecclesiastical servants and a marginal tradition of representative and responsible government through autonomous institutions The former tradition finds expression in hierarchically organized and ideologically legitimated continental bureaucratic states while the latter manifests itself in the state of laws In recent times the marginal tradition has gained in popularity and has led to continental bureaucratic states attempting to introduce democratic and constitutional reforms These attempts have rarely altered the actual manner in which power is exercised by the state and its elites given the deeper and historically rooted experience of arbitrary rule Far from being remote the arbitrary culture of power that emerged in many parts of the world continues to shape the fortunes of states To ignore this culture of power and the historical circumstances that have shaped it comes at a high price as indicated by the ongoing democratic recession and erosion of liberal norms within states that are democracies *Fairness, Globalization, and Public Institutions* Jim Dator,Richard C. Pratt,Yongseok Seo,2018-03-31

Who benefits from the interconnected processes often referred to as globalization Is it a relatively few people with most others either being harmed or at least not helped Are the good things that globalization produces whatever they are widely shared What processes lead us in one direction or another This book examines a key dimension of globalization its fairness It investigates the meaning of and role fairness plays when public institutions are faced with the challenges and opportunities of globalization Here a distinguished group of contributors including both academics and practitioners focuses on East and Southeast Asia but the relevance of the issues discussed extends well beyond these regions They present a broad ranging examination of the intersections between fairness globalization and public institutions Contributors Doug Allen Walt T

Anderson Ron Brown Jim Dator Jingping Ding Christopher Grandy Sohail Inayatullah Yong duck Jung Martin Khor Yoshiko Kojo Le Van Anh Ivana Milojevic Ryo Oshiba Edgar A Porter Dick Pratt Fred Riggs James Rosenau Yongseok Seo Chanto Sisowath Shunichi Takekawa **The Battle for Asia** Mark T. Berger,2004-03-01 Asia has long been an ideological battleground between capitalism and communism between nationalism and Westernisation and between the nation state and globalization This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia s development Subjects covered include theories of development decolonization US political and economic intervention the effects of communism the end of the Cold War the rise of neo liberalism Asia after the crisis Asia in the era of globalisation Broad in sweep and rich in theory and empirical detail this is an essential account of the growth of Asian miracle and its turbulent position in the global economy of the twenty first century *Fire on the Rim* William H. Thornton,2002 Fire on the Rim combines an idealist s call for social justice cultural difference and environmental sustainability with a realist s recognition of the continuing need for balance of power security relations around the Pacific Rim Although this melding of idealist and realist elements is sure to meet opposition on the Right and Left alike the author s call for moral realism is a vital step toward an Asia policy fit for the twenty first century Visit our website for sample chapters

Thinking Otherwise Susan A. Brewer,Richard H. Immerman,Douglas Little,2024-10-15 Thinking Otherwise addresses the question of what makes a great historian by exploring the teaching and scholarship of Walter LaFeber widely acclaimed as the most distinguished historian of US foreign relations This volume of essays edited by Susan A Brewer Richard H Immerman and Douglas Little is a testament to a scholar who published more than a dozen books during his time at Cornell University where he delivered legendary lectures for half a century The chapters trace LaFeber s journey as a scholar and demonstrate his enduring influence on the history of US foreign relations by linking six of his monographs to his abiding concern about the fate of the American experiment from the 18th century to the present Thinking Otherwise explains and assesses the scholarship of a historian whose work became canonical in his lifetime and continues to resonate throughout public policy debates **The Reagan Moment** Jonathan R. Hunt,Simon Miles,2021-12-15 In The Reagan Moment the ideas events strategies trends and movements that shaped the 1980s are revealed to have had lasting effects on international relations The United States went from a creditor to a debtor nation democracy crested in East Asia and returned to Latin America the People s Republic of China moved to privatize decentralize and open its economy Osama bin Laden founded Al Qaeda and relations between Washington and Moscow thawed en route to the Soviet Union s dissolution The Reagan Moment places US foreign relations into global context by examining the economic international and ideational relationships that bound Washington to the wider world Editors Jonathan R Hunt and Simon Miles bring together a cohort of scholars with fresh insights from untapped and declassified global sources to recast Reagan s pivotal years in power Contributors Seth Anziska James Cameron Elizabeth Charles Susan Colbourn Michael De Groot Stephanie Freeman Christopher Fuller Flavia

Gasbarri Mathias Haeussler William Inboden Mark Atwood Lawrence Elisabeth Mariko Leake Melvyn P Leffler Evan D McCormick Jennifer Miller David Painter Robert Rakove William Michael Schmidli Sarah Snyder Lauren Frances Turek James Wilson Planning for Cities and Regions in Japan Philip Shapira,Ian Masser,David W. Edgington,1994-01-01 This book brings together a series of contributions which examine the processes of contemporary city development and urban planning in Japan A central theme of the book is to consider from a range of perspectives and situations the role policies methods and effectiveness of planning in guiding city development in Japan and in addressing present and emerging urban issues Areas of particular concern include inner city development the urban periphery the institutional and regulatory context of planning and planning for urban and regional economic and technological change In many instances the book draws parallels between Japan s urban experience and planning approach with those of Europe and North America Earlier versions of all but two of the chapters were published in issues of the Town Planning Review but not only does the book have the value of bringing these contributions together in one volume but it has also allowed the authors to revise and update their work and incorporate new developments The editors have contributed a substantial reflective introductory chapter and have also included a chronology of Japanese planning legislation and an annotated guide to selected English language literature on Japanese urban and regional planning While the main aim of the book is to provide a detailed interpretation of current urban planning issues and policies in Japan the chapters also provide a foundation for understanding how Japanese city planning may evolve in the future

Uncover the mysteries within Crafted by is enigmatic creation, Embark on a Mystery with **Japan As Number One Lessons For America** .
