## **Japans Parliament An Introduction:**

Japan's Parliament Hans H. Baerwald, 1974 Originally published in 1974 this is a study of the Japanese Parliament or Diet seen at the time from one of two divergent perspectives *The Oxford Handbook of Japanese Politics* Robert Pekkanen, Saadia M. Pekkanen, 2021-10-25 Book Abstract and Keywords The study of Japanese politics has flourished over the past several decades This Handbook provides a state of the field overview for students and researchers of Japanese The volume also serves to introduce Japanese politics to readers less familiar with Japan In addition the volume has a theme of evaluating Japan s democracy Taken as a whole the volume provides a positive evaluation of the state of Japan s democracy The volume is divided into two parts roughly corresponding to domestic Japanese politics and Japan s international politics Within the domestic politics part there are four distinct sections Domestic Political Actors and Institutions covering the Japanese Constitution electoral systems prime minister Diet bureaucracy judiciary and local government Political Parties and Coalitions covering the Liberal Democratic Party coalition government K meit and the political opposition Policymaking and the Public covering the policymaking process public opinion civil society and populism and Political Economy and Social Policy covering industrial energy social welfare agricultural monetary and immigration policies as well as social inequality In the international relations part there are four sections International Relations Frameworks covering grand strategy international organizations and international status International Political Economy covering trade finance foreign direct investment the environment economic regionalism and the linkage between security and economics International Security covering remilitarization global and regional security multilateralism nuclear nonproliferation naval power space security and cybersecurity and Foreign Relations covering Japan s relations with the United States China South Korea ASEAN India the European Union and Russia Keywords international relations comparative politics democracy international order alliances space security elections Liberal Democratic Party multilateralism remilitarization international organizations populism civil society coalitions political parties trade finance monetary policy foreign direct investment cybersecurity

The Uneasy Relationships Between Parliamentary Members and Leaders Reuven Y. Hazan, Lawrence D. Longley, 2014-04-04 The bases of uneasy member leadership relations their manifestation and sometimes resolution and the consequences of member leadership tension to effective parliamentary performance and policy making are considered in studies ranging from Germany to the US and New Zealand and globally *Routledge Library Editions: Japan's International Relations* Various Authors, 2021-05-28 This set brings together a collection of key works about the International Relations of Japan Written by a range of international experts the titles cover the essential aspects of Japan s postwar relationship to the outside world its changing notion of its role in the international community and its relations with China and the US *The Japanese Party System* Ronald J Hrebenar, 2019-07-09 This is a nuts and bolts textbook in the best sense of the term It is bound to be a great boon both to teachers and students of contemporary Japanese politics from the Foreword by Haruhiro

Fukui This timely volume is the first book in nearly twenty five years to focus on the party system of Japan In the past two decades the Japanese political scene has undergone a dramatic transformation What had been a two party system proliferated during the 1960s and 1970s into a seven party system This book provides a comprehensive look at all of Japan s current major and minor national level parties For the first time in English detailed analyses are presented on the Democratic Socialists the Clean Government party K meit and the New Liberal Club Thorough coverage is provided for parties in the 1955 System the ruling Liberal Democratic party and the two long term opposition parties the Socialists and the Communists Many of the new miniparties that have appeared in recent elections are also discussed Japanese Political Parties gives readers a solid understanding of party histories leadership and internal organization as well as a look at prospects for the future The party discussions are preceded by three chapters on the laws and political forces affecting Japanese politics Chapter 1 describes the basic characteristics of the Japanese party system since 1945 and provides an overview of Japanese voting behavior and political values Chapter 2 describes the rules of the game the electoral laws and discusses the ongoing political problem of malapportionment Chapter 3 interprets data on political finance in contemporary Japan Along with a wealth of information and interpretation the authors offer insight into the common patterns Japan shares with democracies around the world placing the Japanese system within the larger context of world party systems Designed for courses on Japanese politics this text should also prove useful to students of comparative politics and political parties

**Japan's Early Parliaments, 1890-1905** Andrew Fraser,R. H. P. Mason,Philip Mitchell,2005-09-16 Japan s Early Parliaments 1890 1905 is the first detailed study of the early history of the Japanese Diet providing a thorough discussion of the origins of the Japanese parliament still the central institution of Japanese politics and its development during this formative period Drawn from primary sources including the Diet records and contemporary newspaper reports the studies in this book cover specific topics and issues debated in the Diet such as the land tax increase the debate on poor relief and the Japanese Commercial Code of 1890 The authors also look at the structure of the Diet and the role of the separate Houses setting their findings in the context of wider Japanese political history **Japanese Studies from Pre-History to 1990**

Richard Perren,1992 *Navigating Language in Parliamentary Practice* Lidia Tanaka,2025-03-31 Tanaka explores the language used in Japanese parliamentary interactions to shed light on the use of language as a tool by politicians to convince negotiate persuade as well as deliver aggression and criticism By looking at the speech of politicians in the parliament of Japan Tanaka demonstrates the unbreakable link between language and politics Despite the association of Japan as a society in which linguistic politeness is paramount Tanaka highlights the many examples of impoliteness in parliament and illustrates the idea that Japanese parliamentarians use language strategically to accomplish their political agenda Analysis of questions and answers in committee meetings demonstrate that regardless of which party they belong to those in opposition use the most antagonistic strategies The book also shows the ways in which politicians deliver face attacks and demonstrates that

impoliteness can be delivered without insults or open aggression using extremely polite language honorifics or sarcasm and irony Lastly the book also reveals that face attacks are sent by members of both the government and opposition As a book that explores the commonly overlooked phenomenon of impoliteness in Japan in the context of parliamentary interactions it is a valuable resource for researchers and academics in the field of pragmatics and discourse analysis as well as a viable resource for undergraduate and graduate students

The Japan Handbook Patrick Heenan, 2014-01-27 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region s economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region s economy its population natural resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index

**Political Systems of East Asia** Louis D Hayes, 2014-12-18 This innovative interdisciplinary introduction to East Asian politics uses a thematic approach to describe the political development of China Japan and Korea since the mid nineteenth century and analyze the social cultural political and economic features of each country Unlike standard comparative politics texts which often lack a unifying theme and employ Western conventions of the state Political Systems of East Asia avoids these limitations and identifies a common thread running through the histories of China Korea and Japan This common thread is Confucianism which has shaped East Asian perspectives of the universe and how it operates The text describes and explains the ways in which each country has employed this shared tradition and how it has affected the country s internal dynamics responses to the outside world and its own political development

**Parliamentary Committees in the Policy Process** Sven T. Siefken, Hilmar Rommetvedt, 2021-08-19 This book sheds new light on the often shadowy but essential role of committees which exist in modern parliaments around the globe and it questions the conventional notion that the real work of parliament happens in committees Renowned country specialists take a close look at what goes on in committees and how it matters for policy making While committees are seen as the central place where policy is made they often hold their sessions closed to the public and calls for transparency are growing To understand this black box it is necessary to look within but also beyond the walls of the committee rooms and parliament buildings Bringing together formal and informal aspects rules and practices shows that committees are not a paradise of policy making They have great relevance nonetheless as crystallization points in the policy networks as drivers for division of labor and for

socialization and the integration of MPs The new insights presented in this book will be of interest to scholars students and professionals in parliamentary affairs legislative studies government and comparative politics They are also relevant for political analysts journalists and policymakers

**Parliaments in Asia** Zheng Yongnian, Lye Liang Fook, Wilhelm Hofmeister, 2013-10-23 Much writing on politics in Asia revolves around the themes of democracy and democratisation with a particular focus on political systems and political parties This book on the other hand examines the role that parliaments a key institution of democracy play in East Southeast and South Asia including Taiwan and Hong Kong Parliaments in these locations function in a variety of historical political and socio economic circumstances with different implications for institution building and political development This book examines questions like how accessible representative transparent accountable and effective are parliaments To what extent are parliaments able to hold other political actors to account or how far are they constrained by the political environment in which they operate Going further this book considers how new media such as the Internet and other social platforms through providing avenues for individuals to articulate their views separate from official channels are influencing the ways parliaments work To stay relevant parliamentarians need to reach out and engage these individuals in formulating deciding and fine tuning policies In the information age being a parliamentarian has become more challenging and how a parliamentarian copes with this change will shape the nature and pace of political development

*U.S./Japan Foreign Trade* Rita E. Neri, 2018-02-21 This bibliography first published in 1988 consists of annotated entries of monographs and journal articles published in English that discuss socio economic aspects of Japanese society as well as the general and economic dynamics of United States Japan trade relations Emphasis is on the Japanese perspective

**The Japanese Diet And The U.s. Congress** Francis Valeo, Charles E Morrison, 2019-07-11 The Japanese Diet and the U S Congress have in common many of the characteristics of democratic institutions similarities that can be seen in the way the two legislative bodies are constituted in what they do and in how they do it At the same time there are disparities that stem from each nation s unique cultural background and political experiences Both the similarities and the differences are treated in this unique study The authors well known Japanese and U S scholars illuminate significant factors that not only underlie the differing roles of the Diet and the Congress in the two governments and the style of each government but also help shape the nature of the interaction between Japan and the U S

**1974 Annual Supplement**

Joan Schmitz Bergholt, 2013-12-21 *Conflict in Japan* Ellis S. Krauss, Thomas P. Rohlen, Patricia G. Steinhoff, 2021-05-25 Social and political conflict in postwar Japan is the subject of this volume which draws together a series of field based studies by North American and Japanese sociologists anthropologists and political scientists It focuses attention on the sources of conflict and the ways in which conflict is expressed and managed This book challenges the widely held theories stressing the harmony and vertical structure of social relations in Japan which imply that conflict is only of minimal importance Not only does the research presented here force recognition of the existence and complexity of conflict patterns in Japan its approach

to conflict provides a dynamic empirical and interdisciplinary focus on social and political processes in the postwar period. The editors' theoretical introduction is followed by a general conceptual piece by one of Japan's foremost sociologists. Ten empirical studies each offering both new data and new insights on known data about Japanese social and political systems analyze conflict and conflict resolution in interpersonal relations, industrial relations, education, rural villages, government bureaucracy, parliament, political parties, and interest groups, including how they are manifested in women's and student protest movements and portrayed in the mass media. Western social science conflict theories are applied to enhance our understanding of both the universal and the unique elements in Japanese social and political institutions. *The Foundations of Japan's Modernization* Yoshiie Yoda, 2023-11-27

Tracing and evaluating the development in the history of Japanese culture and society that permits Japan's rapid and continuing modernization, Professor Yoda provides a new and original approach to the modernization of Japan. He starts from the assumption that Japan was better equipped for modernization because pre-modern Japan had already started to abandon Confucian influences. In his account of modernization during the Meiji period, he focuses on general patterns inherent in Japanese culture and society, enabling Japan to integrate foreign elements without having to follow foreign models slavishly. Patterns in culture such as the Japanese preference for juxtaposing the new and the ancient are contrasted with China's preference for discarding past institutions in revolutionary processes. The transferability of paradigms such as absolutism is accepted with some modifications. In the major descriptive part of the work, the history of economic, political, institutional modernization is presented on the basis of quotations from original Japanese and Chinese sources arranged within the methodological framework of universal historical concepts, indigenous cultural patterns, and specific conditions in both countries. The book is composed of two articles previously published in Japanese and Chinese, two new chapters written especially for the volume, and background information provided by Professor Radtke. *Intro to Public Ent in Japan* Kiyohiko Yoshitake, 1973

**Japan's Foreign Policy, 1945-2009** Kazuhiko Togo, 2010-07-26 Now in its third edition. This is a fascinating insider account of postwar Japanese foreign policy written by a former senior Japanese diplomat. The author examines Japanese foreign policy as it approaches a crucial reorientation towards a more proactive policy stance. The book is exceptionally clear, accessible, and interesting for anyone interested in modern Japan. **An Introductory Course in Japanese** Clay MacCauley, 1897

## Whispering the Techniques of Language: An Psychological Quest through **Japans Parliament An Introduction**

In a digitally-driven world where displays reign supreme and immediate transmission drowns out the subtleties of language, the profound strategies and emotional subtleties hidden within phrases usually move unheard.
