Japans China Policy A Relational Power Analysis

Tim F. Liao, Kimie Hara, Krista Wiegand

Japans China Policy A Relational Power Analysis:

Japan's China Policy Linus Hagström, 2005 This book explains Japan's foreign policy in terms of power one of the most central concepts of political analysis

North Korea Policy Linus Hagström, Marie Söderberg, 2007-01-24 Bringing together issues that are highly relevant to contemporary Japanese foreign policy this comprehensive text analyzes the formation of the North Korea policy in the context of great power relations in East Asia

Nationalism and Power Politics in Japan's Relations with China Yew Meng Lai, 2013-08-22 Despite flourishing economic interactions and deepening interdependence the current political and diplomatic relationship between Japan and China remains lukewarm at best Indeed bilateral relations reached an unprecedented nadir during the spring of 2005 and again more recently in autumn 2012 as massive anti Japanese demonstrations across Chinese cities elicited corresponding incidents of popular anti Chinese reprisal in Japan This book systematically explores the complex dynamics that shape contemporary Japanese Chinese relations In particular it analyses the so called revival of nationalism in post Cold War Japan its causality in redefining Japan's external policy orientations and its impact on the atmosphere of the bilateral relationship Further by adopting a neoclassical realist model of state behaviour and preferences Lai Yew Meng examines two highly visible bilateral case studies the Japanese Chinese debacle over prime ministerial visits to Yasukuni Shrine and the multi dimensional dispute in the East China Sea which comprises the Senkaku Diaoyudao territorial row alleged Chinese maritime incursions and bilateral competition for energy resources Through these examples this book explores whether nationalism really matters when and under what circumstances nationalism becomes most salient and the extent to which the emotional dimensions of nationalism manifest most profoundly in Japanese state elites policy decision making This timely book will be of great interest to students and scholars of both Japanese and Chinese politics as well as those interested in international relations nationalism foreign policy and security studies more broadly

Japan's Relations with North Korea and the Recalibration of Risk Ra Mason, 2014-04-29 North Korea's contemporary relations with Japan have been fraught with tension Tactics employed by Pyongyang have included abductions of Japanese citizens missile launches over Japanese territory intrusions into Japanese sovereign waters and nuclear tests in defiance of Japanese and international condemnation In light of the security risk the DPRK poses this book examines how the state market and society in Japan have framed North Korea as a salient evil and have in turn constructed and manipulated the risks posed by their neighbour Using the example of Japan's post Cold War responses to North Korea this book studies the concept of risk in international relations and its interactive relationship with domestic civil society It focuses on how security risks are identified and re evaluated by policy makers mass media and civil society stakeholders and in doing so disentangles the complex processes by which Japan has framed and recalibrated risks in response to the DPRK By exploring how risks identified with Pyongyang's behaviour towards Japan have been mediated between the state market and society via mainstream discourse in Japan Ra Mason highlights the way in which these

processes are causally linked to key actors conceptions of risk Indeed this book provides an original theoretical framework distinguishing between risk and traditional threat perceptions through which to address issues of national security and identity as well as the norms which inform them Japan s Relations with North Korea and the Recalibration of Risk will be welcomed by students and scholars across a wide range of fields including Japanese politics Asia Pacific studies international relations and security studies

Intimate Rivals Sheila A. Smith, 2015-04-07 No country feels China s rise more deeply than Japan Through intricate case studies of visits by Japanese politicians to the Yasukuni Shrine conflicts over the boundaries of economic zones in the East China Sea concerns about food safety and strategies of island defense Sheila A Smith explores the policy issues testing the Japanese government as it tries to navigate its relationship with an advancing China Smith finds that Japan s interactions with China extend far beyond the negotiations between diplomats and include a broad array of social actors intent on influencing the Sino Japanese relationship Some of the tensions complicating Japan s encounters with China such as those surrounding the Yasukuni Shrine or territorial disputes have deep roots in the postwar era and political advocates seeking a stronger Japanese state organize themselves around these causes Other tensions manifest themselves during the institutional and regulatory reform of maritime boundary and food safety issues Smith scrutinizes the role of the Japanese government in coping with contention as China s influence grows and Japanese citizens demand more protection Underlying the government s efforts is Japan s insecurity about its own capacity for change and its waning status as the leading economy in Asia For many China s rise means Japan s decline and Smith suggests how Japan can maintain its regional and global clout as confidence in its postwar diplomatic and security approach diminishes

The Balance of Power and State Policies Zhipei Chi, 2021-02-15 This book utilises publicly available materials such as US diplomatic cables leaked about a decade ago to provide an inside look at the regional dynamics between China and its East Asian neighbours It is increasingly important in this field to step out of the echo chamber of the West dominant narratives and to adopt a realistic assessment of the region There is a near consensus that East Asia is the most important region in the 21st century due to the size of its population and economy Nevertheless alarmist predictions about its future stability keep coming from pundits Indeed East Asia in the aftermath of the Cold War might provide the most likely case study for realists to prove their pessimism about inter state relations due to historical rivalries territorial disputes economic competition great power politics and deep rooted realist beliefs among politicians in the region However East Asia has stayed defiant to these Western framings of regional dynamics People interested in East Asia and Chinese foreign policy will find this book useful in furthering their understanding of how China has interacted with other East Asian states in the post Cold War setting in light of tradition regional structure and great power competitions

Changing Power Relations in Northeast Asia Marie Soderberg, 2011-03-07 The aim of this book is to analyse the Japan South Korean relationship from various angles such as politics security economics culture and immigration issues and how the relationship is affected by the changing power

relations in Northeast Asia **Japan-China Relations in the Modern Era** Ryosei Kokubun, Yoshihide Soeya, Akio Takahara, Shin Kawashima, 2017-03-31 From before the dawn of recorded history there has been a rich flow of interaction between Japan and China Japan has long learned many things from Chinese civilization and since the modern era China began to learn from Japan In the twenty first century however China surpassed Japan in terms of GDP in 2010 to become the world s second largest economy Amid this rapid rise of China and what has been called a power shift in Japan China relations there are signs that bilateral tensions are rising and that the image each country has of the other is worsening This volume provides a cogent analysis of the politics of the bilateral relationship in the modern era explaining the past present and future of Japan China relations during a time of massive political social and economic changes Written by a team of internationally renowned Japanese scholars and based on sources not available in English this book is essential reading for students and scholars of Japan China relations Japanese international relations and the politics and international relations of East Asia

The SAGE Handbook of Modern Japanese Studies James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than *The SAGE Handbook of Modern Japan Studies* Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University *The SAGE Handbook of Modern Japanese Studies* includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University **Bridging Troubled Waters** James Manicom, 2014-03-14 The territorial dispute over the Senkaku Diaoyu islands has repeatedly strained Sino Japanese relations *Bridging Troubled Waters* reminds us that the tensions over the Senkaku Diaoyu islands are only a part of a long history of both conflict and cooperation in maritime relations between Japan and China James Manicom examines the cooperative history between China and Japan at sea and explains the conditions under which two rivals can manage disputes over issues such as territory often correlated with war The author advances an approach that offers a trade off between the most important stakes in the disputed maritime area with a view to establishing a stable maritime order in the East China Sea **The EU-Japan Partnership in the Shadow of China** Axel

Berkofsky, Christopher W. Hughes, Paul Midford, Marie Söderberg, 2018-06-27 Both the European Union and Japan have been major beneficiaries and supporters of the liberal international order first led by the United States since the end of World War II During this period they have emerged as global powers however the very order that nurtured their rise is now facing twin threats First through authoritarian China s promotion of alternative models of global governance and second from a crisis of

liberalism manifested in the policies of President Donald Trump and Brexit This book explores these challenges faced by both the EU and Japan providing a multidisciplinary approach to studying the relationship between the two It analyses their cooperation in terms of security defence and trade and examines how their shared normative values are ultimately implemented Having recently concluded an Economic Partnership Agreement and with a Strategic Partnership Agreement in the pipeline this book asks whether they can convert their latent and modest cooperation into an alternative form of leadership and an antidote to the illiberal tide sweeping the developed world As the first book to shed light on the new Economic Partnership Agreement between the EU and Japan this book will be useful to students and scholars of Japanese Studies as well as European Union politics and international political economy more generally

Historical Dictionary of Postwar Japan William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan

The China-Japan Border Dispute Tim F. Liao, Kimie Hara, Krista Wiegand, 2016-03-09 Crossing disciplinary boundaries this volume offers a rare forum for a serious analysis of the territorial dispute over the Diaoyu Senkaku Islands between China and Japan To understand the complexity of the dispute and to find peaceful solutions we must reach beyond the confines of a single discipline and perspective The volume deconstructs conflicting perspectives on the two sides of the dispute Territorial disputes often become symbolic expressions of nationalistic rivalries particularly as political claims for territories escalate and economic competition for resources between countries intensifies Cutting through the political rhetoric on both sides of the controversy and bringing together a group of eight scholars from the disciplines of history international relations law political science and sociology this book analyzes the relevant history international law multilateral relations political agendas and social and collective memory to shed light on this difficult dispute Taken together the chapters of the book propose short term medium term and long term peaceful solutions for going beyond the impasse of the current territorial dispute

Japanese Development Cooperation André Asplund, Marie Soderberg, 2016-12-19 This book examines Japan's development assistance as it transitions away from Official Development Assistance and towards Development Cooperation In this transition the strong relationships between Japanese development policy and comprehensive security diplomacy foreign domestic and economic policies are likely to become even more integrated Written

by a multidisciplinary team of contributors from the fields of political science international relations development economics public opinion and Japan studies this book sets out to be innovative in capturing the essence of the changing patterns of development cooperation and more importantly Japan's role in within it in an era of great change **Global Allies** Michael Wesley, 2017-06-28 The global system of alliances that the United States built after the Second World War underpinned the stability and prosperity of the postwar order But during the 20th century the multilateral NATO alliance system in Europe and the bilateral San Francisco alliance system in Asia rarely interacted This changed in the early 21st century as US allies came together to fight and stabilise conflicts in the Middle East and Central Asia This volume presents the first ever comparative study of US alliances in Europe and Asia from the perspectives of US allies the challenges opportunities and shifting dynamics of these fundamental pillars of order This volume is essential reading for those interested in contemporary and future regional and global security dynamics *Shaping the Future of Power* Lina Benabdallah, 2020-07-20 China's rise to power is one of the biggest questions in International Relations theory IRT and foreign policy circles Although power has been a core concept of IRT for a long time the faces and mechanisms of power as it relates to Chinese foreign policymaking has changed the contours of that debate The rise of China and other powers across the global political arena sparks a new visibility for different kinds of encounters between states particularly between China and other Global South states These encounters are more visible to IR scholars because of the increasing influence that rising powers have in the international system This book shows that foreign policy encounters between rising powers and Global South states do not necessarily exhibit the same logics behaviors or investment strategies of Euro American hegemons Instead they have distinctive features that require new theoretical frameworks for analysis *Shaping the Future of Power* probes the types of power mechanisms that build diffuse and project China's power in Africa One must take into account the processes of knowledge production social capital formation and skills transfers that Chinese foreign policy directs toward African states to fully understand China's power building mechanisms The relational power framework requires these elements to capture both the material aspects and ideational people centered aspects to power By examining China's investments in human resource development programs for Africa the book reveals a vital yet undertheorized aspect of China's foreign policy making **Media and Conflict in the Social Media Era in China** Shixin Ivy Zhang, 2020-10-28 This book explores the media and conflict relationship in the age of social media through the lens of China Inspired by the concepts of medialization of conflict and actor network theory this book centers on four main actors in wars and conflicts social media platform mainstream news organizations online users and social media content These four human and non human actors associate interact and negotiate with each other in the social media network The central argument is that social media is playing an enabling role in contemporary wars and conflicts Both professional media outlets and web users employ the functionalities of social media platforms to set counter set or expand the online public agenda Social media platform embodies a web of technological and

human complexities with different actors factors interests and power relations These four actors and the macro social political context are influential in the medialization of conflict in the social media era Empirically rich and theoretically innovative this book advances our understanding of the constantly changing dynamic between international conflict and its medialization With its compelling case studies Shixin Zhang s monograph makes a valuable contribution to the literature on Chinese social media in conflict situations Daya K Thussu Professor of International Communication Hong Kong Baptist University Hong Kong

Japan's Politics and Economy Marie Söderberg, Patricia Nelson, 2009-12-16 This book focuses on the processes of change taking place in Japan s politics and economy The contributors look at a number of different areas including political leadership the defence industry security and diplomatic policy peace building official development assistance the economic and business areas and education policy

Institutional Change in Japan Magnus Blomström, Sumner La Croix, 2006-08-21 This is a new analysis of recent changes in important Japanese institutions It addresses the origin development and recent adaptation of core institutions including financial institutions corporate governance lifetime employment and the amakudari system After four decades of rapid economic growth in Japan the 1990s saw the country enter a prolonged period of economic stagnation Policy reforms were initially half hearted and businesses were slow to restructure as the global economy changed The lagging economy has been impervious to aggressive fiscal stimulus measures and has been plagued by ongoing price deflation for years Japan s struggle has called into question the ability of the country s economic institutions originally designed to support factor accumulation and rapid development to adapt to the new economic environment of the twenty first century This book discusses both historical and international comparisons including Meiji Japan and recent economic and financial reforms in Korea Scandinavia Switzerland and New Zealand placing the current institutional changes in perspective The contributors argue that contrary to conventional wisdom that Japanese institutions have remained relatively rigid there has been significant institutional change over the last decade

Civilization, Nation and Modernity in East Asia Chih-Yu Shih, 2012-06-25 This book explores the crisis of cultural identity which has assaulted Asian countries since Western countries began to have a profound impact on Asia in the nineteenth century Confronted by Western civilization and by modernity Asian countries have been compelled to rethink their identity and to consider how they should relate to Western civilization and modernity The result the author argues has been a redefining by Asian countries of their own character as nations and an adaptation of civilization and modernity to their own special conditions Asian nations the author contends have thereby engaged with the West and with modernity but on their own terms occasionally and in various inconsistent ways in which they could assert a sense of difference forcing changes in the Western concept of civilization Drawing on postmodern theory the Kyoto School Confucian and other traditional Asian thought and the actual experiences of Asian countries especially China and Japan the author demonstrates that Asian countries redefining of the concept of civilization in the course of their quest for an appropriate postmodern national identity

is every bit as key a part of the rise of Asia as economic growth or greater international political activity

Eventually, you will certainly discover a new experience and capability by spending more cash. still when? complete you give a positive response that you require to acquire those all needs with having significantly cash? Why dont you attempt to acquire something basic in the beginning? Japan's China Policy A Relational Power Analysis Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Japan's China Policy A Relational Power Analysis free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Japan's China Policy A Relational Power Analysis free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Japan's China Policy A

Relational Power Analysis free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Japans China Policy A Relational Power Analysis. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Japans China Policy A Relational Power Analysis any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Japans China Policy A Relational Power Analysis Books

1. Where can I buy Japans China Policy A Relational Power Analysis books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
