**Getting Ready for Benjamin** Rita M. Kissen, 2002-10-23 This book argues that issues of sexual diversity are inextricably interwoven into the basic concerns of pre service teacher education How do we make our students aware of assumptions regarding masculinity femininity and sexuality that arise from what is presented represented or omitted from curricula and classroom practice What do we say about homophobia and heterosexism as we anticipate the administrative hierarchies school cultures parent and community politics they will encounter as teachers What special challenges might face a teacher straight or gay who discusses sexual orientation in a high school classroom or responds to a homophobic remark in the hallway or the cafeteria How should we prepare a teacher for a parent conference with two moms or two dads The essays in this volume range from an analysis of gay stereotypes in teacher education textbooks to a discussion of queer multiculturalism to personal accounts by lesbian and gay teacher educators and heterosexual allies who are challenging homophobia and heterosexism in their own classrooms and programs All agree that education for sexual diversity is as important as education about all other forms of difference and that future teachers need to know how to create safe spaces for lesbian and gay students along with the children of gay families who are increasingly a part of the classroom landscape

**Preparing Teachers for the 21st Century** Xudong Zhu, Kenneth Zeichner, 2013-12-16 This book addresses two main questions namely how to prepare high quality teachers in the 21st century and how the East and the West can learn from each other It addresses the different challenges and dilemmas that eastern countries especially China and western countries are facing with regard to teacher education We explore the question by examining teacher education research practice and policy in different countries identifying both common problems and country specific challenges We then try to find valuable experiences theories and practice which can solve specific problems in the process of teacher education also addressing how local and global factors impact it In this regard our approach does not strictly separate pre service teacher education from teachers in service professional development adopting an integrative perspective Further we believe the respective social and cultural contexts must also be taken into account Lastly we call for teachers knowledge and individual character traits to be accounted for in the education of high quality teachers
