**Human-Animal Studies: Geography** Margo DeMello,Jody Emel,2010-10-01 One in the series of Human Animal Studies ebooks produced as a result of the printed publication of the definitive HAS handbook Teaching the Animal Human Animal Studies across the Disciplines This chapter focuses on cultural studies includes two course syllabi and has a full resources section covering all disciplines Includes chapter Animal Geographies by Jody Emel and Julie Urbanik Poetic Animals and Animal Souls R. Malamud,2016-04-30 This book offers a new paradigm for reading and appreciating animals in literature and addresses how human culture views animals in poetry Part one sets up a theoretical overview and posits some aesthetic and ethical ideals for transposing animals into art while part two presents a more focused practical application of these ideals in one strain of animal poetry as seen in the works of Marianne Moore Jos Emilio Pacheco Gary Snyder Pattiann Rogers and others The poetry analyzed in the book is respectfully and non-invasively insightful into animals it is tinged with a distancing and a kind of spiritual awe regarding their existence **Touch** Laura U. Marks,2002 In Touch Laura U Marks develops a critical approach more tactile than visual an intensely physical and sensuous engagement with works of media art that enriches our understanding and experience of these works and of art itself These critical theoretical and personal essays serve as a guide to developments in nonmainstream media art during the past ten years sexual representation debates documentary ethics the shift from analog to digital media a new social obsession with smell Marks takes up well known artists like experimental filmmaker Ken Jacobs and mysterious animators the Brothers Quay and introduces groundbreaking lesser known film video and digital artists From this emerges a materialist theory an embodied erotic relationship to art and to the world Marks's approach leads to an appreciation of the works mortal bodies film's volatile emulsion video's fragile magnetic base crash prone Net art it also offers a productive alternative to the popular understanding of digital media as virtual and immaterial Weaving a continuous fabric from philosophy fiction science dreams and intimate experience Touch opens a new world of art media to readers **Teaching the Animal** , **Animal World** ,1916 *Methods in*

*Human-Animal Studies* Annalisa Colombino, Heide K. Bruckner, 2023-06-07 This timely book provides a methodological guide for how to conduct and theorise research in human animal studies In response to critiques of the anthropomorphic slant to human animal research and the increasing political relevance of animals in contemporary environmental debates this book emphasises methods which bring to light the animal side of multispecies encounters Drawing from the interdisciplinary strength of human animal studies this book contains contributions from practitioners and scholars working in sociology anthropology ethology and geography Each chapter uses a case study approach to present a theoretical framework and empirical application of cutting edge methods in human animal studies from creative writing in multispecies ethnographies to visual methods like videography and body mapping Organized in three parts theorizing collaborating visualizing the book equips readers with methodological tools to conduct human animal studies research attentive to animal lives Furthermore chapters reflect on the opportunities limitations and ethical considerations of research that seeks to understand our more than human worlds The book is aimed towards undergraduate and graduate students in human animal studies and scholars investigating human animal relations It will also be of interest to practitioners and policy makers who engage with conservation wildlife management or the human animal interface of urban and regional planning

**Teaching the Animal: The Social Sciences , The Holocaust and the Henmaid's Tale** Karen Davis, 2005 Brilliant devastating in its analysis and hopeful in its premise Carol J Adams author *The Sexual Politics of Meat* Compelling and convincing Not to think about protest against and learn from these twin atrocities one completed in the middle of the last century the other continuing every day is to condone and support the fascist mentality that produced them I thank Ms Davis for writing this bold brave book Charles Patterson author *Eternal Treblinka* In a thoughtful and thought provoking contribution to the study of animals and the Holocaust Karen Davis makes the case that significant parallels can and must be drawn between the Holocaust and the institutionalized abuse of billions of animals in factory farms Carefully setting forth the conditions that must be met when one instance of oppression is used metaphorically to illuminate another Davis demonstrates the value of such comparisons in exploring the invisibility of the oppressed historical and hidden suffering the idea that some groups were made to serve others through suffering and sacrificial death and other concepts that reveal powerful connections between animal and human experience as well as human traditions and tendencies of which we all should be aware

*The Bloomsbury Handbook of Early Childhood Transitions Research* Aline-Wendy Dunlop, Sally Peters, Sharon Lynn Kagan, 2024-09-19 Research into early childhood transitions has become a field in its own right It is increasingly understood that a positive start in any new setting can influence the child's engagement sense of belonging well being progression in learning and agency and may be dependent on the insight of educators and families and yet there is no research methodology or research methods book dedicated to this growing field of study Including 27 chapters written by researchers from the UK New Zealand the USA Sweden Iceland Australia and Canada this handbook presents an overview of the field exploring its current

debates reflects on its history and offers suggestions for the future of the field This book is an essential reference point for anyone studying or undertaking research into transitions in early childhood
