J. Smit, 2000-01-28 The articles in this collection highlight the importance of strategy control and implementation in maintaining a competitive advantage Partial contents The eclectic roots of strategy implementation research Transformational leadership **Factors Affecting Strategy Implementation in State Corporations in Kenya** Anne Wanjiru Kiboi, 2023-08-31 Strategy implementation in state corporations in Kenya is influenced by several factors First political interference can hinder effective implementation Second limited financial resources pose a challenge Insufficient funding can restrict the implementation of strategic initiatives hampering progress and hindering the achievement of desired outcomes Third bureaucratic structures and processes within state corporations often impede implementation Complex hierarchies excessive red tape and slow decision making can delay the execution of strategic plans Finally external factors such as economic instability legal and regulatory change and market dynamics can also impact strategy implementation in state corporations in Kenya **STRATEGY IMPLEMENTATION PROBLEM** Dr. Darmin A. Pella, The strategic planning is good but the implementation of the strategy is problematic that s the phrase we often hear Strategic planning can be good because we have abundant literature clarifies strategic planning in our scientific treasures On the other hand strategy implementation is problematic because the literature that clarifies the problem of implementing each strategy is scarce The book that discusses the problem of implementing strategy especially in the context of discussion based on research does not even exist yet To fill this tremendous gap is one of this book s objective After careful examination I can share that there are at least three entry points if one wants to further understand strategy implementation The first entry point is understanding number of factors that support the implementation of a strategy where these factors must be studied mastered and possessed for the strategy to be successful The second entry point is understanding that there is a framework or model that must be followed if we want to be successful in implementing strategy The framework or model must be studied mastered and followed so that the strategies that have been made are correctly implemented and the results are successful The third entry point is to realize that there are a number of problems that are obstacles to the implementation of the strategy These

inhibiting problems must be studied understood and overcome so that the strategy does not fail to implement and be successful Each entry point above requires understanding because it has its own complexity This book you are reading has a third point of entry This book helps you learn and understand the factors that hinder the implementation of the strategy so that your strategy does not fail or reverse its achievement This book helps you avoid failing to implement strategies that are very very easy to find in any organization Read this book to help you have systematics when deciphering what problems cause poor implementation of a strategy      **Executing Strategy** Harvard Business Review,2009-08-04 Every day on the job you face common challenges And you need immediate solutions to those challenges The Pocket Mentor Series can help Each book in the series is packed with handy tools self tests and real life examples to help you identify your strengths and weaknesses and hone critical skills Whether you re at your desk in a meeting or on the road these portable concise guides enable you to tackle the daily demands of your work with speed savvy and effectiveness The latest volume in the series Executing Strategy That strategy you ve defined for your group is brilliant promising better market share higher profits or some other impressive business result But your strategy won t deliver the expected outcomes if you and your group don t execute it that is if you don t put it into action by implementing the right strategic initiatives This volume helps you master the challenging art of strategy execution You ll learn how to Craft action plans for the strategic initiatives required to meet your goals Keep your action plans on course despite the inevitable setbacks and surprises Cultivate employees sense of ownership and accountability for your plans Create a group culture in which everyone views strategy as their job
