

IMPORTING DIVERSITY

INSIDE
JAPAN'S
JET
PROGRAM

DAVID L. McCONNELL

Importing Diversity Inside Japans Jet P

Julie Mathews-Aydinli

Importing Diversity Inside Japan's Jet P:

Importing Diversity David L. McConnell, 2000-03-16 Japan's official efforts at internationalization have been painful to witness. The government's JET program is easily the most ambitious and its history and on the ground problems offer significant insights into Japan's struggle to open up to the outside. David McConnell's book provides a most interesting analysis of why this process has been so complex and difficult. It tells us much about Japanese society and education at this critical point in time. Thomas P. Rohlen, author of *For Harmony and Strength*. In this superb and insightful book, David McConnell explores perhaps the greatest, certainly the biggest education program in humankind's history, offering a patient, balanced analysis of its workings, problems, and accomplishments. McConnell's Confucian equanimity and multifaceted perspectives lend the book a depth seldom found in contemporary writing on Japan. Robert Juppé, First ALT Advisor for the JET Program. This is a very astute, thorough, and personal account of the JET program as a case study of how a program can both change a system and provoke defenses against any change. With his fine ethnographic and analytic material, McConnell reveals the faultlines of internationalization in Japan. This is a great contribution to the study of organizations' marginality and shifts in global and national identity. Merry White, author of *Japanese Families It Takes a Nation*. *The JET Program and the US-Japan Relationship* Emily T. Metzgar, 2017-07-14 Since 1987, the Japan Exchange and Teaching (JET) Program has recruited thousands of young college graduates from more than sixty countries, including the United States, to work in Japan for up to five years. Now thirty years after the program's founding, there are more than 60,000 JET Program alumni worldwide, more than half of them hailing from the United States. *The JET Program and the US-Japan Relationship* Goodwill Goldmine argues that JET functions as much more than an opportunity for young people to spend a year or more teaching in Japanese schools or working in municipal offices across the Japanese archipelago. This study examines the JET program as a form of public diplomacy and soft power. Through original survey data and extensive interviews with alumni, the author provides a quantitative analysis of the program's effects and argues that it has been highly useful in shaping interactions between Japan and the United States.

Inside Japanese Classrooms Nancy Sato, 2003-12-16 This detailed ethnographic study of fifth and sixth grade classrooms offers new insights into Japanese culture as many aspects of daily social life are embedded in the educational system. Additionally, this book provides new perspectives on educational reform in the U.S. since many current issues and programs focus on notions of community collaboration and systemic reform, all of which are central to understanding Japanese teaching/learning processes in schools.

Under the Gaijin Gaze Daniel A. Mettraux, 2001 Penetrating analysis of the failures of Japanese higher education and of the discrimination and restrictions placed on young women in Japan. Essays include studies of attitudes and expectations of Japanese college women, of the revival of militarism in Japan, and of the general failure of the nation's highly vaunted JET program.

The Organisational Dynamics of University Reform in Japan Jeremy Breaden, 2012-12-07 For several decades internationalisation has been a cornerstone of both

Japanese government higher education policy and approaches to reform at an institutional level but Japan has still not managed to lose its reputation as a somewhat reclusive member of the global academic community Consensus on the potential of internationalisation to reinvigorate Japanese higher education is matched by the depth of recognition that universities have to date failed to internationalise successfully This book offers a new approach to Japan's internationalisation conundrum by proceeding from the inside out It presents an extended case study one university organisation that has been changed through its adoption of a radical program of internationalisation Through this case study Jeremy Breaden identifies patterns by which internationalisation is situated in administrative discourse and individual action and determines how these patterns in turn shape organisational practice The result is a multi dimensional narrative of organisational change that advances our understanding of both the dynamics of university reform and the concept of internationalisation one of the most durable yet contentious themes in the study of contemporary Japanese society With detailed analysis and an in depth case study this book will be of interest to students and scholars of Japanese studies sociology and anthropology It will also prove valuable to professionals and policy makers working in higher education both in Japan and around the world Higher Education in East Asia ,2009-01-01 Although scholars in various academic fields have a keen interest in the social institutions that reproduce the university system generally their gaze has been averted from a close analysis of the professors themselves This volume aims to initiate a project of describing academic traditions at universities in East Asia The present neoliberal discourses of university reform amplify the need for just such an ethnographic study of the professoriate How does change toward institutional models resembling the Western university affect the traditional local cultures of the professoriate in Asia The ten authors first document changes to both the workplace and workers and then analyze how these reforms have affected the very nature of academic work and scholarship in East Asia This volume is of special interest to scholars in the fields of comparative education Asian Studies and sociocultural anthropology as well as academic and administrative staff employed at universities in Asia

Transcultural Communication Through Global Englishes Will Baker,Tomokazu Ishikawa,2021-06-28 This textbook introduces current thinking on English as a global language and explores its role in intercultural and transcultural communication It covers how English functions as a lingua franca in multilingual scenarios alongside other languages in a wide variety of global settings and the fluid and dynamic links between English other languages and cultural identities and references The implications for English language teaching ELT academia business and digital communication are explored Contemporary research and theory are presented in an accessible manner illustrated with examples from current research and supported with discussions and tasks to enable students to relate these ideas to their own experiences needs and interests Each chapter contains activities to help students orientate towards the topic reflect on personal experiences and opinions and check their understanding Additionally a detailed glossary of key terminology in Global Englishes and Intercultural Communication is

provided Exploring in depth the links between Global Englishes Intercultural Communication research and Transcultural Communication research this is key reading for all advanced students and researchers in Global or World Englishes English as a Lingua Franca ELF and Intercultural Communication

Family and Social Policy in Japan Roger Goodman, 2002-11-26 Table of contents Japanese Culture Roger J. Davies, 2016-08-09 Japanese Culture The Religious and Philosophical Foundations takes readers on a thoroughly researched and extremely readable journey through Japan's cultural history This much anticipated sequel to Roger Davies's best selling The Japanese Mind provides a comprehensive overview of the religion and philosophy of Japan This cultural history of Japan explains the diverse cultural traditions that underlie modern Japan and offers readers deep insights into Japanese manners and etiquette Davies begins with an investigation of the origins of the Japanese followed by an analysis of the most important approaches used by scholars to describe the essential elements of Japanese culture From there each chapter focuses on one of the formative elements Shintoism Buddhism Taoism Zen Confucianism and Western influences in the modern era Each chapter is concluded with extensive endnotes along with thought provoking discussion activities making this volume ideal for individual readers and for classroom instruction Anyone interested in pursuing a deeper understanding of this complex and fascinating nation will find Davies's work an invaluable resource

Middle-Class Boys' Schools in England and Japan Robert W. Aspinall, 2024-09-02 Drawing on the author's own experience as a student and a teacher in England and Japan this book is a comparative study of boys secondary schools in these two countries By comparing two nations that are very different in their history culture and geographical location and by focusing on schools that are affordable to the majority of the population the analysis carried out in this book takes the onus away from money national culture and religion allowing for a more insightful understanding of those elements of schooling which prove essential to successful class reproduction and those that are contingent The book also explores the experiences of boys who do not fit orthodox images of heterosexual masculinity discussing their interaction with teenage subcultures which encourage non conformity to middle class norms Representing a novel contribution to the understanding of the relationship between education gender and class this book will be a valuable resource to scholars and students of education studies Japanese studies and the sociology of education

Global Exchanges Ludovic Tournès, Giles Scott-Smith, 2017-10-01 Exchanges between different cultures and institutions of learning have taken place for centuries but it was only in the twentieth century that such efforts evolved into formal programs that received focused attention from nation states empires and international organizations Global Exchanges provides a wide ranging overview of this underresearched topic examining the scope scale and evolution of organized exchanges around the globe through the twentieth century In doing so it dramatically reveals the true extent of organized exchange and its essential contribution for knowledge transfer cultural interchange and the formation of global networks so often taken for granted today

Social Identities and Multiple Selves in Foreign Language Education Damian J. Rivers, Stephanie Ann

Houghton,2013-07-18 Within foreign language education contexts across the globe inadequate attention has been paid to documenting the dynamics of identity development negotiation and management This book looks at these dynamics in specific relation to otherness in addition to attitudinal and behavioural overtones created through use of the term foreign despite its position as an integral marker in language acquisition discourse This book argues that individual identities are multidimensional constructs that gravitate around a hub of intricate social networks of multimodal intergroup interaction The chapters pursue a collective desire to move the notion of identity away from theoretical abstraction and toward the lived experiences of foreign language teachers and students While the identities entangled with these interactions owe a significant measure of their existence to the immediate social context they can also be actively developed by their holders The collection of chapters within this book demonstrate how foreign language education environments traditional and non traditional are ideal locations for the development of a sophisticated repertoire of discursive strategies used in the formulation navigation expression and management of social identities and multiple selves

Identity, Gender and Teaching English in Japan Diane Hawley Nagatomo,2016-04-07 How do teachers who have chosen to settle down in one country manage the difficulties of living and teaching English in that country How do they develop and sustain their careers and what factors shape their identity This book answers these questions by investigating the personal and professional identity development of ten Western women who teach English in various educational contexts in Japan all of whom have Japanese spouses The book covers issues of interracial relationships expatriation equality and employment practices as well as the broader topics of gender and identity The book also provides a useful overview of English language teaching and learning in Japan

World Yearbook of Education 2005 David Coulby,Evie Zambeta,2005-01-14 This volume deals with two major and apparently opposing forces within education and society globalization and nationalism Globalization is often considered in economic terms of continued growth of international trade and a concentration of wealth in corporate hands yet it also encompasses technological political and cultural change The World Yearbook of Education 2005 explores the role of the education sector in our globalized knowledge economy and considers the political implications of this in terms of monopolarity and the cultural consequences of homogenization and Americanization The other strand of this study nationalism remains a persistent force within education and society in all parts of the world and this volume examines the extent to which it can fuel conflict at all levels through prejudice and intolerance Concentrating on the epistemological consequences of nationalism leading international thinkers examine the extent to which it is reflected in the curricula of schools and universities around the world Finally the complex relationship between globalization and nationalism is explored and contributors explore the part that educational institutions and practices play in forming both agendas A wide range of perspectives are employed including post colonial discourse classical economics and sociological theory Nationalism and globalization are both ongoing processes and this volume makes a case for the central role of education in both through its

potential to influence change and to act as benevolent force in shaping a global community *Soft Power Superpowers* Yasushi Watanabe, David L McConnell, 2015-01-28 The term soft power describes a country's ability to get what it wants by attracting rather than coercing others by engaging hearts and minds through cultural and political values and foreign policies that other countries see as legitimate and conducive to their own interests This book analyzes the soft power assets of the United States and Japan and how they contributed to one of the most successful if unlikely bilateral relationships of the twentieth century Sponsored by the U S Social Science Research Council and the Japan Foundation's Center for Global Partnership the book brings together anthropologists political scientists historians economists diplomats and others to explore the multiple axes of soft power that operate in the U S Japanese relationship and between the United States and Japan and other regions of the world The contributors move beyond an either/or concept of hard versus soft power to a more dynamic interpretation and demonstrate the important role of non state actors in wielding soft power They show how public diplomacy on both sides of the Pacific bolstered by less formal influences such as popular cultural icons product brands martial arts baseball and educational exchanges has led to a vibrant U S Japanese relationship since World War II despite formidable challenges Emphasizing the essentially interactive nature of persuasion the book highlights an approach to soft power that has many implications for the world today **Nationalisms of Japan** Brian J. McVeigh, 2004-10-26 In this fresh and original analysis Brian J McVeigh confronts both the demonizers and apologists of Japan He argues persuasively that far from being unique Japanese nationalism becomes demystified once management and mysticism the same processes and practices that operate in other national states are taken into account Stripping away Orientalist inspired misconceptions the author stresses the variety and relative intensity of nationalisms ranging from economic ethnic and educational to cultural gendered and religious He moves beyond state centered ideologies to explore the linkages between official and popular nationalisms and the complex interplay of ethnocultural ethno-political and ethnoracial forms of identity The ambiguity and everydayness of nationalism McVeigh contends explain its enduring power He concludes that modern Japan is imbued with a deeply rooted legacy of renovationism or reform nationalism that accounts for its streamlined state structures guarded economic nationalism and highly scrutinized relationship with the rest of the world Highlighting the pluralism of identity among Japanese this book will be an invaluable corrective to recent works that glibly proclaim the emergence of globalization internationalization and convergence **Men and Masculinities in Global English Language Teaching** R. Appleby, 2014-12-10 This book draws on a range of sources including tales of castaways fictional narratives and interviews with teachers in conversation schools and universities in Japan to explore many current concerns around teacher identity gender and intercultural sexuality in global English language teaching *International Education Exchanges and Intercultural Understanding* Julie Mathews-Aydinli, 2016-11-23 This volume examines the complex role of international education exchange in promoting peace and intercultural understanding The perception that international education

encourages greater understanding and cooperation between people cultures and nations continues to drive participation and resources to this growing sector With thought provoking theoretical discussions and a broad range of case studies this volume provides a much needed critical exploration of the ways in which international education exchanges may impact individuals as well as broader issues of global peace and development Globalisation and Japanese Organisational Culture Mitchell Sedgwick,2007-12-18 Globalization is increasingly taking place within the context of cross cultural organizations This book examines the nature of such global cross cultural organizational interaction providing a detailed study of everyday workplace practices and change in the subsidiary of a large Japanese consumer electronics company in France

International Handbook of English Language Teaching Jim Cummins,Chris Davison,2007-12-31 This two volume handbook provides a comprehensive examination of policy practice research and theory related to English language teaching ELT in international contexts Nearly 70 chapters highlight the research foundation for the best practices frameworks for policy decisions and areas of consensus and controversy in the teaching and development of English as a second and or additional language for kindergarten through to adult speakers of languages other than English In doing so it problematizes traditional dichotomies and challenges the very terms that provide the traditional foundations of the field A wide range of terms has been used to refer to the key players involved in the teaching and learning of the English language and to the enterprise of English language teaching as a whole At various times and in different contexts the following labels have been used in countries where English is the dominant language to describe programs learners or teachers of English English as a second language ESL English as an additional language EAL limited English proficient LEP and English language learners ELL In contexts where English is not the dominant language the following terms have been used English as a foreign language EFL English as an international language EIL and English as a lingua franca ELF

Importing Diversity Inside Japans Jet P Introduction

Importing Diversity Inside Japans Jet P Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Importing Diversity Inside Japans Jet P Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Importing Diversity Inside Japans Jet P : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Importing Diversity Inside Japans Jet P : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Importing Diversity Inside Japans Jet P Offers a diverse range of free eBooks across various genres. Importing Diversity Inside Japans Jet P Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Importing Diversity Inside Japans Jet P Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Importing Diversity Inside Japans Jet P, especially related to Importing Diversity Inside Japans Jet P, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Importing Diversity Inside Japans Jet P, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Importing Diversity Inside Japans Jet P books or magazines might include. Look for these in online stores or libraries. Remember that while Importing Diversity Inside Japans Jet P, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Importing Diversity Inside Japans Jet P eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Importing Diversity Inside Japans Jet P full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Importing Diversity Inside Japans Jet P eBooks, including some popular titles.

FAQs About Importing Diversity Inside Japans Jet P Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before

making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Importing Diversity Inside Japans Jet P is one of the best book in our library for free trial. We provide copy of Importing Diversity Inside Japans Jet P in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Importing Diversity Inside Japans Jet P. Where to download Importing Diversity Inside Japans Jet P online for free? Are you looking for Importing Diversity Inside Japans Jet P PDF? This is definitely going to save you time and cash in something you should think about.
