donne l'audace de parler autrement de l'ineffable non seulement de s'adresser Dieu dans la prière mais d'oser franchement parler de lui alors qu'il ne vient au concept qu'à partir d'une assurance filiale confirmée celle de l'Avent Aventure qui retrouve le consentement fraternel la lumière et aux toiles sauvages au souffle des vents l'eau des mers et des fleuves au feu des orages et des volcans la terre secouée et aux les Aventure qui se risque faire confiance ceux qui frayent les voix du verbe premier Certes l'aventure peut se montrer cruelle comme l'enfance jusque dans une certaine insouciance face la mort la sienne et celle des autres C'est un usage simple de la vie qui rompt avec l'existence asservie l'efficacité et la procédure sans exception d'cisive et voit son accomplissement dans la charité aventurière Toutefois pour que la théologie appartienne l'aventure il faut qu'une telle audace devienne une expérience véritable une réception intérieure capable d' pousser son mouvement et sa tension mais sans prétendre tout puiser de sa hardiesse inventive

Andre Gide and Curiosity Victoria Reid, 2009 This comprehensive exploration of curiosity in the fiction and life writing of André Gide 1869-1951 is an important modernist contribution to the field of curiosity in literature and cultural studies more broadly Curiosity was a credo for Gide By observing the world and then manifesting in writing these observations he stimulates the curiosity of readers conceived as virtual conduits of a curiosity once his own Using a thematic structure of sexual scientific and writerly curiosity this volume identifies processes of curiosity in the life writing including the travel writing which illuminate processes in the fiction and vice versa Theories of fetishism gender and sexuality are applied to Gide's corpus to illustrate his championing of a masculine curiosity of enlightenment and adventure over a feminised curiosity of disaffection of disobedience and harm and to

explore objects eliciting his incuriosity Gide s creativity is nourished by his curiosity as close readings of his work informed by Melanie Klein s psychoanalytic writing on epistemophilia reveal Curiosity is a rewarding non reductionist perspective from which the exceptional variety of Gide s subject matter style and genre can be more coherently understood Research draws principally on the six Pl iade volumes of Gide s oeuvre published 1996 2009
