Get Real:

Get Real Michael Hickey, 2012-02-16 From the Preface Get real was a slang term that became popular in the 1960 s when Michael Hickey was growing up in East Boston It implied that someone wasn t in touch with reality and had to change their way of thinking or living If you put on the television today all you might find is one of the hundreds of so called reality TV shows More often than not these reality shows are illusions of reality because the real persons utilized as actors performers are seemingly coached to act in certain ways by the directors judges or producers who really control the reality Nonetheless reality TV is a modern phenomenon people watch it constantly and that does indicate a high degree of the public s interest in some concept of reality As for mystery it seems we are approaching an age where there will be the death of mystery and we will have only reality Hickey believes this is because the vast majority of the populace doesn t view reality in the context of mystery They imagine mystery to be something which is just obscure or ambiguous which given enough time will be solved by reason and logic and become reality Hickey s goal is that Get Real will give the reader a fresh understanding of both reality and mystery as seen from a theological and philosophical viewpoint Ultimately he intends the reader to move beyond the perceived duality in order to establish that mystery is truly the home of all reality

death and resurrection of our Lord It is an invitation to enter by way of personal faith into a relationship with the person referenced by our propositions Our task as believers is to mediate saving communion with a personal being upon whose will our very existence is contingent It is precisely this personal aspect of our message the Gospel as Person that is in conflict with the late modern notions of the Self and social discourse *Get Real On Evangelism in the Late Modern World* describes how the late modern phenomena of existential anxiety social alienation and epistemic uncertainty have resulted in what some have called the loss of Self It also identifies ways in which that loss obstructs both the presentation of and the reception of the Gospel as Person Finally it shows how the Gospel as Person facilitates the recovery of the Self and social discourse and how that message can be effectively presented in the late modern context **Get Real** William G.
