### **Get A Jump New England 2003:**

*Computerworld* ,2003-01-13 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld s award winning Web site Computerworld com twice monthly publication focused conference series and custom research form the hub of the world s largest global IT media network

*First Do No Harm* Sheila A. M. McLean,2016-04-15 This collection brings together essays from leading figures in the field of medical law and ethics which address the key issues currently challenging scholars in the field It has also been compiled as a lasting testimony to the work of one of the most eminent scholars in the area Professor Ken Mason The collection marks the academic crowning of a career which has laid one of the foundation stones of an entire discipline The wide ranging contents and the standing of the contributors mean that the volume will be an invaluable resource for anyone studying or working in medical law or medical ethics

*On the Take* Jerome P. Kassirer M.D.,2004-10-18 We all know that doctors accept gifts from drug companies ranging from pens and coffee mugs to free vacations at luxurious resorts But as the former Editor in Chief of The New England Journal of Medicine reveals in this shocking expose these innocuous seeming gifts are just the tip of an iceberg that is distorting the practice of medicine and jeopardizing the health of millions of Americans today In *On the Take* Dr Jerome Kassirer offers an unsettling look at the pervasive payoffs that physicians take from big drug companies and other medical suppliers arguing that the billion dollar onslaught of industry money has deflected many physicians moral compasses and directly impacted the everyday care we receive from the doctors and institutions we trust most Underscored by countless chilling untold stories the book illuminates the financial connections between the wealthy companies that make drugs and the doctors who prescribe them Kassirer details the shocking extent of these financial enticements and explains how they encourage bias promote dangerously misleading medical information raise the cost of medical care and breed distrust Among the questionable practices he describes are the disturbing number of senior academic physicians who have financial arrangements with drug companies the unregulated front organizations that advocate certain drugs the creation of biased medical education materials by the drug companies themselves and the use of financially conflicted physicians to write clinical practice guidelines or to testify before the FDA in support of a particular drug A brilliant diagnosis of an epidemic of greed *On the Take* offers insight into how we can cure the medical profession and restore our trust in doctors and hospitals

**The Cambridge Guide to American Theatre** Don B. Wilmeth,2007-09-13 New and updated encyclopedic guide to American theatre from its earliest history to the present

**An Archaeology of Improvement in Rural Massachusetts** Quentin Lewis,2015-11-25 This book probes the materiality of Improvement in early 19th century rural Massachusetts Improvement was a metaphor for human intervention in the dramatic changes taking place to the English speaking world in the 18th and 19th centuries as part of a transition to industrial capitalism The meaning of Improvement vacillated between ideas of economic profit and human betterment but in practice Improvement

relied on a broad assemblage of material things and spaces for coherence and enaction Utilizing archaeological data from the home of a wealthy farmer in rural Western Massachusetts as well as an analysis of early Republican agricultural publications this book shows how Improvement's twin meanings of profit and betterment unfolded unevenly across early 19th century New England The Improvement movement in Massachusetts emerged at a time of great social instability and served to ameliorate growing tensions between urban and rural socioeconomic life through a rationalization of space Alongside this rationalization Improvement also served to reshape rural landscapes in keeping with the social and economic processes of a modernizing global capitalism But the contradictions inherent in such processes spurred and buttressed wealth inequality ecological distress and social dislocation

Contemporary Authors Tracey Watson, 2005-08 These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original Contemporary Authors entries A softcover cumulative index is published twice per year included in subscription

Worst Case Bioethics George J. Annas, 2010-03-01 Bioethics still in its infancy is routinely called on by the government to provide political cover for controversial public health decisions involving the life and death of Americans Doomsday or worst case scenarios are often at the heart of these biopolitical decisions A central feature of science fiction these scenarios can impart useful insights But worst case scenarios like Frankenstein's monster can also be unpredictably destructive undermining both preparedness and the very values bioethics seeks to promote Discovering a new flu strain for example leads immediately to visions of the 1918 flu pandemic the worst in human history Likewise a ticking time bomb scenario leads to the use of the saving lives rationale that permits lawyers to justify it and physicians to carry it out The worst case charge of death panels continues to threaten meaningful healthcare reform in the US Fundamental change in American healthcare Annas argues will require fundamental change in American including confronting our obsession with technology and our denial of death and replacing our over reliance on the military and market metaphors in medicine A combination of the ecological and rights metaphors could help us successfully navigate the waters of change In Worst Case Bioethics George Annas employs contemporary disputes involving death and disaster to explore the radical changes underway in public health practice the application of constitutional law to medicine and human rights discourse to promote human health and wellbeing Worst case scenarios especially worst case bioethics scenarios distort debate limit options rationalize human rights abuses and undermine equality and social justice It is nonetheless possible to temper worst case scenarios in ways that promote both the development of a meaningful American bioethics and a life and liberty affirming global health and human rights movement Written at the intersection of law bioethics public health and human rights Worst Case Bioethics will interest not only bioethicists but scholars in public health public policy and human rights law as well as members of the public who want to participate in these policy debates

Les Bowen, **Storming the Eagle's Nest** Jim Ring, 2013-09-03 From the Fall of France in June 1940 to Hitler's suicide in April 1945 the swastika flew from the peaks of the High Savoy in the western Alps to the passes above Ljubljana in the east The Alps as much as Berlin were the heart of the Third Reich Yes Hitler declared of his headquarters in the Bavarian Alps I have a close link to this mountain Much was done there came about and ended there those were the best times of my life My great plans were forged there With great authority and verve Jim Ring tells the story of how the war was conceived and directed from the Fuhrer's mountain retreat how all the Alps bar Switzerland fell to Fascism and how Switzerland herself became the Nazi's banker and Europe's spy centre How the Alps in France Italy and Yugoslavia became cradles of resistance how the range proved both a sanctuary and a death trap for Europe's Jews and how the whole war culminated in the Allies' descent on what was rumoured to be Hitler's Alpine Redoubt a Bavarian mountain fortress *Chase's Calendar of Events 2020* Editors of Chase's, 2019-09-24 Find out what's going on any day of the year anywhere across the globe The world's date book since 1957 Chase's is the definitive authoritative day by day resource of what the world is celebrating and commemorating From national days to celebrity birthdays from historical anniversaries to astronomical phenomena from award ceremonies and sporting events to religious festivals and carnivals Chase's is the must have reference used by experts and professionals a one stop shop with 12 500 entries for everything that is happening now or is worth remembering from the past Completely updated for 2020 Chase's also features extensive appendices as well as a companion website that puts the power of Chase's at the user's fingertips 2020 a leap year is packed with special events and observances including National days and public holidays of every nation on Earth The total solar eclipse The 100th anniversary of US women's suffrage 19th Amendment passed The 75th anniversary of the end of WWII and the atomic bombings of Hiroshima and Nagasaki The 250th birth anniversary of Ludwig van Beethoven The 100th birth anniversary of Ray Bradbury The 50th anniversary of the Beatles break up The Tokyo Olympic Games Scores of new special days weeks and months such as International Go Kart Week National Goat Yoga Month or National Catch and Release Day Birthdays of new world leaders office holders and breakout stars And much more All from the reference book that Publishers Weekly calls one of the most impressive reference volumes in the world Radical Legacies Arthur Redding, 2015-12-24 What use is thinking This study addresses the ways in which modern American thinkers have intervened in the public sphere and attempted to mediate relations between social and political institutions and cultural and intellectual production Chapters on both well known Henry Adams Langston Hughes C Wright Mills Angela Davis and neglected Randolph Bourne Mary McCarthy Paul Goodman public intellectuals considers how these figures have addressed a range of problems including the dangers and difficulty of critical dissent thought during wartime the contemporary crisis of the humanities under neoliberalism the legacy of American

anti intellectualism academic professionalism and the perils of consumer culture and popular tastes This book reviews in as critically sympathetic a manner as possible a select few of the minor and major currents of twentieth century American radical thinking in order to see where they might take us and how they inflect our current social and intellectual predicaments Arguing that any use value theory of intellectual production is limiting Radical Legacies endeavors to maintain and expand a space and reassert an argument for the importance of sustained critical reflection on our collective dilemmas today It assesses a practice of thought that is engaged committed involved and timely without being necessarily practical or even useful

*History of Soybeans and Soyfoods in Greece, the European Union, and Small Western European Countries* William Shurtleff; Akiko Aoyagi, 2015-09-19 The world's most comprehensive well documented and well illustrated book on this subject With extensive index 20 photographs and illustrations mostly color Free of charge in digital PDF format on Google Books

**Brand NFL** Michael Oriard, 2010-09-12 Professional football today is an 8 billion sports entertainment industry and the most popular spectator sport in America with designs on expansion across the globe In this astute field level view of the National Football League since 1960 Michael Oriard looks closely at the development of the sport and at the image of the NFL and its unique place in American life New to the paperback edition is Oriard's analysis of the offseason labor negotiations and their potential effects on the future of the sport and his account of how the NFL is dealing with the latest research on concussions and head injuries

**Spiders (Arachnida: Araneae) of Milbridge, Washington County, Maine** Daniel T. Jennings, 2007

**General Technical Report NRS**, 2007

*Event Audiences and Expectations* Jo Mackellar, 2013-08-29 Event Audiences and Expectations for the first time examines why people participate in festivals and events the types of events which stimulate participation and the fanatical antics of fans who become involved in these events By doing so the book offers significant insight into how event managers can entice and manage participant expectations as well as manage audience involvement The book is based on primary research using participant observation as well as in depth interviews with event participants event managers and government officials involved in over 50 international events to gain new perspectives into audience behaviour and participatory events Using numerous international case studies and examples the book offers a comprehensive outline of the reasons why people participate in festivals and events the social world that reinforces their behaviours and strategies that can be used to ensure future successful participatory events This thought provoking and original volume will be valuable reading for students researchers events managers and tourism and community planners at all levels of government

**Fuel Oil and Kerosene Sales 2004**, [Off the Main Sequence](#) Tom Easton, 2006-10-01 Tom Easton has served as the monthly book review columnist for Analog Science Fiction for almost three decades having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer His reviews have been celebrated for their wit humor readability knowledge and incisiveness His love of literature particularly fantastic literature is everywhere evident in his essays Easton

has ever been willing to cover small presses obscure authors and unusual publications being the only major critic in the field to do so on a regular basis He seems to delight in finding the rare gem among the backwaters of the publishing field A reviewer s job he says is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it And this he does admirably whether he s discussing the works of the great writers in the field or touching upon the least amongst them This companion volume to Periodic Stars Borgo Wildside collects another 250 of Easton s best reviews from the last fifteen years of The Reference Library No one does it better and no other guide provides such lengthy or discerning commentary on the best SF works of recent times Complete with Introduction and detailed Index

**History of Soybeans and Soyfoods in the United Kingdom and Ireland (1613-2015)** William Shurtleff; Akiko Aoyagi, 2015-06-14 The world s most comprehensive well documented and well illustrated book on this subject With extensive index 333 color photographs and illustrations Free of charge in digital PDF format on Google Books
