

A romantic couple is shown from behind, embracing each other in a field of tall, golden grass. The woman has long, flowing brown hair and is wearing a patterned dress. The man is wearing a dark t-shirt and jeans. They are both smiling and looking down at each other. The background is a warm, golden sunset with soft light filtering through the grass.

**"A great relationship is
about two things:**

First,
appreciating the
similarities
and second,
respecting the
differences."

Getting Change Right Seth Kahan, 2010-05-17. An innovative communication method for making change happen in any organization. *Getting Change Right* presents a new view of leadership communication that says change doesn't flow top down, bottom up, or sideways, but inside out. This is how change spreads through a complex system successfully; the other options are force or failure. Based on years of experience with organizations around the world, change expert Kahan presents a new model of communication, one that moves from a transactional view of information exchange to a collaborative construction of shared understanding. When the right people are having the right conversations and interactions, then they act in concert, even though the situations they confront independently are impossible to predict or coordinate. This dynamic practitioner's guide to implementing change presents the innovative co-creation communication model for creating change. Reveals how communicating with a company's most valuable players is at the heart of organizational change. Draws on the author's wealth of experience with Fortune 100 companies, leading government agencies, and associations. *Getting Change Right* offers business insights and field-tested practical techniques that can be put to work immediately.

Unlock Your Greatness Zig Ziglar, 2024-04-16. In this life-changing book, Zig will show you how to unleash your own hidden potential. By working methodically through the 6 steps that are outlined in each of the book's 6 chapters, you will have the perfect combination to unlock your greatness and firmly establish your lasting imprint on the world. You'll be using the power of your mind to achieve a level of self-confidence and success that you previously thought were out of reach. The core idea that Zig will present to achieve this is one that Zig learned from the classic researcher Maxwell Maltz, and that's the idea of self-image. While the term self-image is rarely used today, this breakthrough idea is at the core of much modern thinking in psychology and neuroscience. Until you change the image you have of yourself in your brain, you'll never achieve the goals you have for yourself due to self-sabotage and other neural factors that keep you locked safely in your comfort zone. Another way of thinking of the concept of self-image and how

to program one's self image for positive results is what Zig considers the preferred outcome which is self transformation So when Zig discusses self image let it trigger the idea of self transformation If you follow the steps that follow and unleash the power of your mind to develop a positive self image you will unlock your greatness and Zig will see YOU at the top You will learn how to Acquire a healthy self image Find success Become more positive Cultivate great relationships **Seven Steps to Improving Your Relationships** Bonnie Jacobson, Dr. Bonnie Jacobson, 1994 Women and men are not getting what they want out of their relationships This is because they are caught in one or more Love Traps This book shows readers how to overcome these complicated problems through wise advice on the seven important steps they can follow Illustrated
