## Getting Even Forgiveness Its Limits:

**Getting Even** Jeffrie G. Murphy, 2003-03-27 We have all been victims of wrongdoing Forgiving that wrongdoing is one of the staples of current pop psychology dogma it is seen as a universal prescription for moral and mental health in the self help and recovery section of bookstores At the same time personal vindictiveness as a rule is seen as irrational and immoral In many ways our thinking on these issues is deeply inconsistent we value forgiveness yet at the same time now use victim impact statements to argue for harsher penalties for criminals Do we have a right to hate others for what they have done to us The distinguished philosopher and law professor Jeffrie Murphy is a skeptic when it comes to our views on both emotions In this short and accessible book he proposes that vindictive emotions anger resentment and the desire for revenge actually deserve a more legitimate place in our emotional social and legal lives than we currently recognize while forgiveness deserves to be more selectively granted Murphy grounds his views on careful analysis of the nature of forgiveness a subtle understanding of the psychology of anger and resentment and a fine appreciation of the ethical issues of self respect and self defense He also uses accessible examples from law literature and religion to make his points Providing a nuanced approach to a proper understanding of the place of our strongest emotions in moral political and personal life and using lucid easily understood prose this volume is a classic example of philosophical thinking applied to a thorny everyday problem Reason and Faith Michael Bergmann, Jeffrey E. Brower, 2016-01-07 The past fifty years have been an enormously fruitful period in the field of philosophy of religion and few have done more to advance its development during this time than Richard Swinburne His pioneering work in philosophy of religion is distinguished not only for the way in which it systematically develops a comprehensive set of positions within this field but also for the way in which it builds on and contributes to contemporary work in other fields such as metaphysics epistemology and philosophy of science This volume presents a collection of ten new essays in philosophy of religion that develop and critically engage themes from Swinburne s work Written by some of the leading figures in the field these essays focus on issues in both natural theology dealing with what can be known about God and his relation to the world independently of any particular religious tradition or revelation and philosophical theology reflecting critically on the doctrines associated with particular religious traditions The first six essays address topics familiar from natural theology faith theistic arguments and divine power The last four essays address topics bearing on philosophical theology atonement liturgy immortality and the nature of body and soul *New Topics in Feminist Philosophy of Religion* Pamela Sue Anderson, 2009-12-05 Having enjoyed more than a decade of lively critique and creativity feminist philosophy of religion continues to be a vital field of inquiry New Topics in Feminist Philosophy of Religion maintains this vitality with both women and men from their own distinctive social and material locations contributing critically to the rich traditions in philosophy of religion The twenty contributors open up new possibilities for spiritual practice while contesting the gender bias of traditional concepts in the field the old models of human and divine will no longer simply do A lively current debate

develops in re imagining and revaluing transcendence in terms of body space and self other relations This collection is an excellent source for courses in feminist philosophy phenomenology hermeneutics and literature Continental and analytical philosophy of religion engaging with a range of religions and philosophers including Kant Kierkegaard Marx Heidegger Arendt Weil Beauvoir Merleau Ponty Ricoeur Levinas Irigaray Bourdieu Kristeva Le Doeuff bell hooks and Jantzen

*Forgiveness and Retribution* Margaret R. Holmgren, 2012-03-12 Many philosophers have recently claimed that unless certain conditions are met criminal offenders deserve to be punished and we should resent those who have wronged us personally Conversely Margaret Holmgren posits that we should forgive those who have ill treated us but only after working through a process of addressing the wrong Holmgren then reflects on the kinds of laws and social practices a properly forgiving society would adopt

On Patience Matthew Pinalto, 2016-05-31 Many of us are so busy that we might be tempted to think we don't have time to be patient However that idea involves a serious underestimation of what patience is and why it matters In *On Patience* Matthew Pinalto revives a richer understanding of what patience is and why it is centrally important in both virtue theory and everyday life Drawing from a wide range of philosophical and religious sources Pinalto shows that our contemporary tendency to equate patience with waiting fails to do justice to other aspects of patience such as tolerance perseverance and the opposition of patience to anger With this broader understanding of patience Pinalto further shows how patience supports the development of other moral strengths such as courage justice love and hope In these ways *On Patience* sheds light on Franz Kafka's remark that Patience is the master key to every situation and Gregory the Great's perhaps surprising claim that Patience is the root and guardian of all the virtues This first book length contemporary philosophical examination of patience will be of interest to students and scholars not just of virtue ethics but also of moral philosophy more broadly

Punishment and the Moral Emotions Jeffrie G. Murphy, 2014-03 The essays in this collection explore from philosophical and religious perspectives a variety of moral emotions and their relationship to punishment and condemnation or to decisions to lessen punishment or condemnation

**The Bible on Forgiveness** Donald E. Gowan, 2010-02-01 What does the Bible say about forgiveness It is a major subject in Scripture but it has been strangely overlooked by biblical scholars Forgiveness is the amazing way that alienation can be healed and guilt assuaged and there is an extensive literature on the subject written largely by psychologists pastoral counselors and philosophers but until now anyone searching those many books for a thorough treatment of the Bible's message would have been frustrated Now in a clear and concise form Donald E. Gowan has offered a survey of all that the Bible says about this crucial subject from Genesis to Revelation

**Christianity and Criminal Law** Mark Hill QC,Norman Doe,RH Helmholtz,John Witte, Jr.,2020-05-28 This collection by leading legal scholars judges and practitioners together with theologians and church historians presents historical theological philosophical and legal perspectives on Christianity and criminal law Following a Preface by Lord Judge formerly Lord Chief Justice of England and Wales and an introductory chapter the book is divided into four thematic sections Part I addresses the historical contributions of Christianity to criminal law drawing on biblical sources early church fathers and canonists as far as the Enlightenment Part II titled Christianity and the principles of criminal law compares crime and sin examines concepts of mens rea and intention and considers the virtue of due process within criminal justice Part III looks at Christianity and criminal offences considering their Christian origins and continuing relevance for several basic crimes that every legal system prohibits Finally in Part IV the authors consider Christianity and the enforcement of criminal law looking at defences punishment and forgiveness The book will be an invaluable resource for students and academics working in the areas of Law and Religion Legal Philosophy and Theology *The Joy of Pain* Richard H. Smith,2013-07-02 Few people will

easily admit to taking pleasure in the misfortunes of others But who doesn't enjoy it when an arrogant but untalented contestant is humiliated on American Idol or when the embarrassing vice of a self-righteous politician is exposed or even when an envied friend suffers a small setback The truth is that joy in someone else's pain known by the German word *schadenfreude* permeates our society In *The Joy of Pain* psychologist Richard Smith one of the world's foremost authorities on envy and shame sheds much light on a feeling we dare not admit Smith argues that *schadenfreude* is a natural human emotion one worth taking a closer look at as it reveals much about who we are as human beings We have a passion for justice Sometimes *schadenfreude* can feel like getting one's revenge when the suffering person has previously harmed us But most of us are also motivated to feel good about ourselves Smith notes and look for ways to maintain a positive sense of self One common way to do this is to compare ourselves to others and find areas where we are better Similarly the downfall of others especially when they have seemed superior to us can lead to a boost in our self-esteem a lessening of feelings of inferiority This is often at the root of *schadenfreude* As the author points out most instances of *schadenfreude* are harmless on par with the pleasures of light gossip Yet we must also be mindful that envy can motivate without full awareness the engineering of the misfortune we delight in And envy-induced aggression can take us into dark territory indeed as Smith shows as he examines the role of envy and *schadenfreude* in the Nazi persecution of the Jews Filled with engaging examples of *schadenfreude* from popular reality shows to the Duke Kentucky basketball rivalry *The Joy of Pain* provides an intriguing glimpse into a hidden corner of the human psyche

**Crime and Punishment** Hyman Gross, 2012-01-12 It is generally assumed that we are justified in punishing criminals because they have committed a morally wrongful act Determining when criminal liability should be imposed calls for a moral assessment of the conduct in question with criminal liability tracking as closely as possible the contours of morality Versions of this view are frequently argued for in philosophical accounts of crime and punishment and seem to be presumed by lawyers and policy makers working in the criminal justice system Challenging such assumptions this book considers the dominant justifications of punishment and subjects them to a piercing moral critique It argues that none overcome the objection that people who are convicted of a serious crime and sent to prison have their basic human rights violated The institution of criminal punishment is shown to be a regrettable necessity not deserving of the moral enthusiasm it enjoys among many politicians and the popular press From a moral point of view punishment is entitled at best to grudging toleration In the course of developing the argument the book introduces the principal issues of criminal law theory with the aim of presenting a morally enlightened perspective on crimes and why we punish them Enforcement of the law by police prosecutors and courts is a matter of concern for political morality and the principal practices of the criminal justice system are subjected to moral scrutiny The book presents an original engaging and provocative approach to the philosophy of crime and punishment challenging not only students but a wide range of other readers to rethink the fascinating and troubling questions at the foundations of crime and punishment

*Spirituality in Dark*

*Places D.* Jeffreys, 2013-03-12 Jeffreys explores the spiritual consequences and ethics of modern solitary confinement and emphasizes how solitary confinement damages our spiritual lives He focuses particularly on how it destroys one's relationship to time and undermines our creativity and proposes institutional changes in order to mitigate profound damage to prisoners

**Making Amends** Linda Radzik, 2011-04-07 It is often assumed that wrongdoing can only be resolved through punishment or forgiveness But this book explores the responses that wrongdoers can and should make to their own misdeeds responses such as apology repentance reparations and self punishment It examines the possibility of atonement in a broad spectrum of contexts from cases of relatively minor wrongs in personal relationships to crimes to the historical injustices of our political and religious communities It argues that wrongdoers often have the ability to earn redemption within the moral community that respect and trust among victims communities and wrongdoers can be rebuilt and that the moral responsibility of wrongdoing groups can be addressed without treating their members unfairly

*Being Good* Michael W. Austin, R. Douglas Geivett, 2011-12-20 This volume offers a fresh timely practical look at eleven key Christian virtues faith open mindedness wisdom zeal hope contentment courage love compassion forgiveness and humility Writing from a distinctively Christian perspective the authors thoughtfully explore and explain these select virtues seeking to nurture readers in lifelong character growth and to promote the centrality of the virtues to the Christian faith Grouped under the headings Faith Hope and Love the chapters each conclude with questions for further reflection Contributors Michael W Austin Jason Baehr Rebecca Konyndyk DeYoung R Douglas Geivett David A Horner William C Mattison III Paul K Moser Andrew Pinsent Steve L Porter James S Spiegel Charles Taliaferro David R Turner

*Modernism and Mourning* Patricia Rae, 2007 The essays in *Modernism and Mourning* examine the work of mourning in modernist literature or more precisely its propensity for resisting this work Drawing from recent developments in the theory and cultural history of mourning its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments especially those about the politics of modernism It also makes clear the pertinence of this literature to the present day in which the catastrophic losses of 9/11 of retaliatory war of racially motivated genocide of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate Patricia Rae is Head of the Department of English at Queen's University

*War and Border Crossings* Peter A. French, Jason A. Short, 2005-02-25 *War and Border Crossings* brings together renowned scholars to address some of the most pressing problems in public policy international affairs and the intercultural issues of our day Contributors from widely varying disciplines discuss cross cultural ethical issues and international topics ranging from American international policy and the invasion and occupation of Iraq to domestic topics such as immigration the war on drugs cross cultural bioethics and ethical

issues involving American Indian tribes The culture clashes discussed in these essays raise serious questions about what principles ought to inform the negotiating of conflicts in order to achieve or at least approach outcomes that are fundamentally just fair responsible and ethical     The Road Home Darrell Puls,2013-03-22 Remarkably as many as sixty six thousand churches are in conflict at this moment and one third of those will experience permanent damage Though Christ commanded his followers to forgive we often don t and that lack of forgiveness poisons all of our relationships Churches are particularly vulnerable to unforgiveness for a simple reason no one has taught us what forgiveness actually is how it benefits the forgiver and the forgiven and most importantly how to forgive The Road Home provides a pathway to forgiveness and healthy reconciliation for churches wounded by conflict While the road it follows is not easy just as forgiving is not easy the result is an explosion of grace and restoration taking relationships beyond where they were to where they were meant to be
