competence confidence self respect and the respect of others Of the small number of books and videos available on the subject most were written by professionals in the field and many begin with the supposition that blindness is at best sad and at worst tragic Few maybe none have the ardent passion for independence that the parent of a blind visually impaired child brings to the subject Instead of overwhelming parents and teachers with the difficulty of the undertaking before them Getting Ready for College Begins in Third Grade will inspire their confidence and enthusiasm for the task at hand Kids Learn!
