Getting from Here to There Anne Flounders, 2014-01-01 How many places do people go in a day People are always on the go between school work shopping and activities But how we go can be just as important as where we go Learn about different ways people move from one place to another how transportation affects our air land and water and how you can get there green now to make a difference for Earth Book features Table of Contents Glossary For More Information including books and web sites Index photos and captions charts and graphs source notes *Getting from Here to There? Power, Politics and Urban Sustainability in North America* Ernest J. Yanarella, Robert W. Lancaster, 2016-05-04 Getting from Here to There seeks to take the study of sustainable cities into a realm of analysis and critique that has not been seriously investigated in any explicit and systematic manner the sphere of power and politics Using detailed case studies of selected urban sustainability programs some stillborn or short lived others celebrated still others most promising it focuses on the political agencies shaping them and the structural elements either impeding or facilitating efforts to build sustainable cities To accomplish this task the authors utilize three theories or models of urban power growth coalition urban regime and neo Gramscian hegemonic to explore the dynamics of power and politics to better understand these cases and to derive important lessons about getting from here to there These models offer valuable lessons for ongoing or future sustainable city programs community or business groups key policy makers grassroots organizations mayors and urban planners involved in or contemplating moving urban sustainability projects forward as well as students of urban politics and environmental and sustainability researchers *Getting From Here to There* Sheldon Bach, 2013-05-13 It is clinical work with the most difficult patients those with severe narcissistic sadomasochistic and borderline disorders that poses the greatest challenge to the therapist's guiding assumptions about clinical process indeed such work often leads therapists to question beliefs and expectations that formerly seemed self evident In *Getting From Here to There* Analytic Love Analytic Process Sheldon Bach elaborates the holistic vision that guides him in work with just such patients He dwells especially on the attentive presence through which the analyst effects a meeting with patients that invites the latter's trust in the analyst and in the therapeutic process And he writes of love of patient for analyst and of analyst for patient that grows out of this mutual trust and sustains therapeutic process For Bach analytic therapy aims at understanding the person as a mind body unity that manifests particular states of consciousness This holistic vision of treatment sustains a flexible clinical orientation that enables the analyst to meet states of consciousness in order to bring them into a system of which the analyst forms a part Bach thoughtfully explores the clinical issues that enter into this taxing process among them the establishment and maintenance of basic trust the patient's or the therapist's presence in the other's mind and the shifts in agency between patient and therapist And he describes at length the frequently exhausting even demoralizing transference countertransference struggles that enter into this type of analytic work Throughout Bach is guided by the conviction that work with extremely challenging

patients promotes the psychological growth and increased self knowledge of patient and analyst alike And he is admirably clear that the mutual living through of such treatments nurtures a kind of love between patient and analyst Getting From Here to There not only records the clinical lessons learned by an unusually gifted analyst it also chronicles the movement of psychoanalysis itself from the dissection of love into component parts to a synthetic grasp of its vital role in psychoanalytically informed treatment

The Angel Of San Diego Paul David Graham,2005-08-18 The Angel Of San Diego is the story of Robin Oracle Psychic Detective In this the first of the series Robin is killed in a freak accident and his body donated to science Eight months later he wakes up in a laboratory connected to a lot of machinery No one can understand how he was resurrected or how his brain which was severely damaged in the accident could have healed itself He is discharged and sent to live in a halfway house He meets a woman named Nancy Velvet who explains that the reason he has headaches hears voices and has strange dreams is because the accident awakened his psychic abilities She teaches him how to control his powers and he starts a psychic detective agency for finding lost things One day he is called upon to find a missing child kidnapped by a psychopathic serial killer and Robin begins the search of his life It will take all of his willpower and strength to catch the killer before he strikes again *Elihu Root Collection of United States Documents Relating to the Philippine Islands* ,1898 The Chosen One Connie Leonard Geron,2013-12-12 If youve ever wondered what Mary of Nazareth was like as a child here is her story She must have been an extraordinary little girl for God to reach down and choose her to fulfil the ancient prophecy about a virgin that would bear a son Jesusthe only son of God Here is the story of Mary the little girl from a normal humble family in the area of Galilee She lived in the little village of Nazareth Her life was simple and ordinary Her household was fullwith parents and grandparents two big brothers and a haughty gorgeous older sister Mary delighted in everyday life and found joy and excitement in a humdrum existence She had no idea what was in store for her life Th ere was no clue that this seemingly unremarkable young girl would experience a grand adventure worthy of history books She was set in place and time to be chosen by God Himself to become the mother of the Savior of the world *Getting Here from There* Margaret R Miles,Hiroko Sakomura,2012-01-26 This book of conversations between Margaret R Miles and Hiroko Sakomura compares the experiences of two women who grew up in different societies with different educations different professions and different religious orientations Reflecting on the different ways in which Japanese and American societies inhibited and enabled them these two women share their struggles difficulties and achievements All of this is set in the context of one of the most radical social movements in the history of the world as women are gaining increments of equality with men in designing and administering the institutions of public life with opportunities dangers and rewards This is a moment in which a critical mass of women want it all now in the best sense of the phrase seeking to preserve and reinterpret traditional values while

exercising their capabilities and skills both in the home and in public life This book is the memoir of two women s painful and joyful experiences in getting here from there *Hearings* United States.
