

An abstract painting featuring a central, stylized face in profile, facing right. The face is rendered with thick, expressive brushstrokes in a palette of warm colors: bright yellow, orange, and red. The background is a complex, layered composition of various colors including deep blues, purples, and greys, with some areas appearing more textured and painterly. The overall style is expressive and emotional, with a focus on color and form over realistic detail.

*Spiritual Truths and Experiences of Life after Death* Gert Niemand, 2013

Most of the information in this book came from Angels and Spiritual Masters who are living in the greater World of Spirit Therefore I

would like to thank all the Angels and Masters who came down to do their work for God in Love and with Love and all their helpers who helped me to fulfill an oath I made During an out of the body experience while standing at Mountain Zion in the Presence of God I promised Him that I would tell all the people the truth about Him and His Spiritual Messengers the Angels and other life in the Spirit World All the Angels and Masters spoken to have nothing but Love for God their fellows spirits all of Mankind and the Animal Kingdom Life as we know it continuo after death in a slightly different format and regardless of what we say or believe every one of us knows deep in our inner being that we came from the world of spirit and we knows deep inside ourselves that that world is real and that we must one day return to it Regardless of what we say or believe we know within ourselves about the Presence of God I have used most of these short stories as talks during church services because Angels advised me what to write down and to use what they have shown me in the world of spirit as the talk Therefore most of the information in this book is from spiritual beings they are the real authors of this book I am just an instrument used by them as a voice box in the wilderness of Babel to explain some of the wonderful stories we read of in the bible In this way am I also complying with the vow I made to God

*Life After Death* Alan Segal, 2010-06-23 A magisterial work of social history *Life After Death* illuminates the many different ways ancient civilizations grappled with the question of what exactly happens to us after we die In a masterful exploration of how Western civilizations have defined the afterlife Alan F Segal weaves together biblical and literary scholarship sociology history and philosophy A renowned scholar Segal examines the maps of the afterlife found in Western religious texts and reveals not only what various cultures believed but how their notions reflected their societies realities and ideals and why those beliefs changed over time He maintains that the afterlife is the mirror in which a society arranges its concept of the self The composition process for Judaism Christianity and Islam begins in grief and ends in the victory of the self over death Arguing that in every religious tradition the afterlife represents the ultimate reward for the good Segal combines historical and anthropological data with insights gleaned from religious and philosophical writings to explain the following mysteries why the Egyptians insisted on an afterlife in heaven while the body was embalmed in a tomb on earth why the Babylonians viewed the dead as living in underground prisons why

the Hebrews remained silent about life after death during the period of the First Temple yet embraced it in the Second Temple period 534 B C E 70 C E and why Christianity placed the afterlife in the center of its belief system He discusses the inner dialogues and arguments within Judaism and Christianity showing the underlying dynamic behind them as well as the ideas that mark the differences between the two religions In a thoughtful examination of the influence of biblical views of heaven and martyrdom on Islamic beliefs he offers a fascinating perspective on the current troubling rise of Islamic fundamentalism In tracing the organic historical relationships between sacred texts and communities of belief and comparing the visions of life after death that have emerged throughout history Segal sheds a bright revealing light on the intimate connections between notions of the afterlife the societies that produced them and the individual s search for the ultimate meaning of life on earth
