**How to Read Hands** L. A. Justice, 2000      **The Hand Reveals** Dylan Warren-Davis, 2021-04-26 A practical guide to the fascinating art of reading hands Cheiromancy is the art of handreading in which all aspects of a person s hand are considered in order to gain an accurate picture of their inner nature distinct from the fortune telling of palmistry What has come down to us as palmistry today is a rather degenerate and effete form of the ancient discipline of chiromancy The word cheiromancy comes from the Greek chir meaning hand and manteia meaning divination literally meaning divination through the hand The Hand Reveals is not merely theoretical at various points throughout the book readers are encouraged to try and apply this knowledge at every opportunity to find confirmation of the ideas There is a considerable amount of knowledge and information compressed into these pages and

even the most diligent student would have difficulty in digesting it in one reading It is recommended that you refer back as often as necessary to go the material you have read to allow your understanding of cheiromancy to grow gradually Originally published in 1993 this edition has been revised and updated with new material

a quadrilogy the author discusses Holistic Palmistry which teaches us to investigate the surface of the palm enabling us to recognize the entirety in which a person's becoming is placed This helps us make decisions and alter our destiny Unlike Chiromancy which interprets destiny as inevitable Holistic Palmistry believes destiny is in our hands because the signs of existence are drawn and imprinted on them in a continuous exchange and transformation Thus the hands speak to those who know how to read and listen to them This text presents theoretical suggestions and reflections with simple historical and philosophical indications but mainly guides us through the main points and methods for reading hands This offers everyone new possibilities and knowledge      **How to Read Hands** Lori Reid, 1985
