Jacobs,2025-05-06 The New York Times bestselling author of The Year of Living Biblically chronicles his hilarious adventures in attempting to follow the original meaning of the Constitution as he searches for answers to one of the most pressing issues of our time How should we interpret America s foundational document I don t know how I learned so much while laughing so hard Andy Borowitz A J Jacobs learned the hard way that donning a tricorne hat and marching around Manhattan with a 1700s musket will earn you a lot of strange looks In the wake of several controversial rulings by the Supreme Court and the on going debate about how the Constitution should be interpreted Jacobs set out to understand what it means to live by the Constitution In The Year of Living Constitutionally A J Jacobs tries to get inside the minds of the Founding Fathers by living as closely as possible to the original meaning of the Constitution He asserts his right to free speech by writing his opinions on parchment with a quill and handing them out to strangers in Times

Square He consents to quartering a soldier as is his Third Amendment right He turns his home into a traditional 1790s household by lighting candles instead of using electricity boiling mutton and because women were not allowed to sign contracts feebly attempting to take over his wife's day job which involves a lot of contract negotiations The book blends unforgettable adventures delivering a handwritten petition to Congress applying for a Letter of Marque to become a legal pirate for the government and battling redcoats as part of a Revolutionary War reenactment group with dozens of interviews from constitutional experts from both sides Jacobs dives deep into originalism and living constitutionalism the two rival ways of interpreting the document Much like he did with the Bible in *The Year of Living Biblically* Jacobs provides a crash course on our Constitution as he experiences the benefits and perils of living like it's the 1790s He relishes for instance the slow thinking of the era free from social media alerts But also discovers the progress we've made since 1789 when married women couldn't own property Now more than ever Americans need to understand the meaning and value of the Constitution As politicians and Supreme Court Justices wage a high stakes battle over how literally we should interpret the Constitution A J Jacobs provides an entertaining yet illuminating look into how this storied document fits into our democracy today

The Way to Become a Person in Heaven While Living Woo Myung,2024-08-31 The ultimate answer to the questions about the reason and purpose of our existence Why are we born into this world and what do we live for Teacher Woo Myung provides the answer to this deep question through his book The reason why humans are born is to achieve human completion and to become Truth It is not for the purpose of just making money or having a comfortable life In other words he is saying that one needs to know why he is born into this world and where he goes when he dies One has to live the life of Truth know the principle and meaning behind life and death Life of Truth is the life of great liberation without any concerns or worries It is the life lived following the flow of the universe just as nature does It is natural for anyone to have a wishful thinking about living such a life However if you are not able to achieve it in reality what use would it be Teacher Woo Myung talks about how to become a person in Heaven in this reality that we are living in at the moment while living He talks about living the life of nature's flow This is possible because even though we are currently living with stress having become enslaved to materials fame and desires our original self is nothing like this Which means that you can become a complete existence if you discard the self-centered human mind and recover your true nature The ultimate happiness and life of Heaven can be achieved by becoming the mind of Truth while one is alive The author earnestly convey throughout the book that Heaven is not a place one goes to after death that one should go while living Such a level of consciousness cannot be understood from within

human conceptions or knowledges not to mention one cannot reach that level It can only be achieved through the process of emptying the mind through self reflection and enlightenment With this method it is possible for everyone to achieve it regardless of their ethnicity level of knowledge or any other background Perhaps it was said that Truth is truly fair because this process that is taking place now is open to everyone The life that all humankind has been yearning and dreaming for is given to all of us who are living at this moment not just to a special someone in a distant future
