My Three Dads Jessa Crispin, 2022-08-16 Sharp and thought provoking this memoir meets cultural criticism upends the romanticism of the Great Plains and the patriarchy at the core of its ideals For many Americans Kansas represents a vision of Midwestern life that is good and wholesome and evokes the American ideals of god home and country But for those like Jessa Crispin who have grown up in Kansas the realities are much harsher She argues that the Midwestern values we cling to cover up a long history of oppression and control over Native Americans women and the economically disadvantaged Blending personal narrative with social commentary Crispin meditates on why the American Midwest still enjoys an esteemed position in our country s mythic self image Ranging from The Wizard of Oz to race from chastity to rape from radical militias and recent terrorist plots to Utopian communities My Three Dads opens on a comic scene in a Kansas rent house the author shares with a masculine ghost This prompts Crispin to think about her intellectual fathers her spiritual fathers and her literal fathers She is curious to understand what she has learned from them and what she needs to unlearn about how a person should be in a family as a citizen and as a child of god ideals Crispin argues that have been established and reproduced in service to hierarchy oppression and wealth Written in Crispin s well honed voice smart assured comfortable with darkness My Three Dads offers a kind of bleak redemption the insight that no matter where you go no matter how far from home you roam the place you came from is always with you like it or not *Fronds and Anemones* Dr.

William Allan Plummer, 2017-02-08 Author Dr William Allan Plummer's interest in nature was stimulated one winter by the sight of snowbirds slate colored juncos in the family's backyard in Wilkes Barre Pennsylvania That same spring he spotted the yellow bellied sapsucker during its migration and he was hooked In *Fronds and Anemones* he offers a collection of nature based essays and articles most of which appeared in the quarterly newsletter Screeches of Spencer Crest Nature Center as well as in several other publications *Fronds and Anemones* begins with Plummer's accounts of bird watching as a Boy Scout and then spreads to a love of native plants This interest continued and increased when he bought a wooded lot on which to build their home and he describes the evolution of the garden and the gardener He covers a plethora of subjects from ferns to native wildflowers to the shrubs and trees on his lot the vagaries of weather shade gardening building paths and stone walls and trips to natural areas and gardens Concluding with a collection of garden quotes *Fronds and Anemones* presents a varied

When the hamburgers all disappeared along with the buns I was warming I thought I was seeing things But when my spatula went through the cast iron grill top I had to let it go out of reflex No way was I going after it I d been burned too many times It wasn t like I had a choice after that Because the grill itself dropped out through the bottom of the rolling coach we were cooking out of that summer I looked up at Ham my order taker partner and lover only to see her fall through the floor as well A look of shock and trying to say something but frozen in time Then the coach disappeared and I fell with it but only as far as the pavement it used to be parked on I could see the asphalt beneath my feet at least Until it turned to some sort of foamy waves lapping on a beach I d never seen before Green hard packed sand Green water And a long white line that went down this beach like it was some sort of dual lane highway Get Your Copy Now **Things New and Old in Discourses of**

with God New Age Spritual Awakening Thatree Pokavanich,2021-09-29 Areeya Metaya Oneness with God New Age Spritual Awakening A New Earth Awakening to Your Life s Purpose 5D Spiritual Abundance Becoming Areeya Metaya the Civilisation of Love Areeya Metaya is a psychological and philosophical science novel that talks about spirituality and logically explains the different theories of cosmology For thousands of years religion and science have taken conflicting approaches and concepts on discussions relating to physical aspects such as the birth of all things the origin of human beings and animals the cosmos and the universe or about energy for example the existence of spirits and ghosts heaven and hell angels and gods and so on The latter concepts are especially considered absurd in the eyes of many scientists What you are about to read in this book is an attempt to integrate all this knowledge into one concept It is a confluence of science and religion the physical and the spiritual You will learn about the secret mechanisms that created the earth the cosmos and the universe and most importantly how the system moves and exists All this knowledge is written down and explained in the form of a novel so that everyone can understand it easily What if by chance you stepped into an interplanetary portal that transported you to another parallel world a planet that is so similar to Earth but one where its inhabitants could telepathically read thought waves How would you interact with these friendly beings including your soulmate that you meet along your journey in this parallel world who kindly share with you their way of life history and civilisation of love What if you had to make a choice between living the rest of your life with your newly found happiness in this parallel world or giving everything up including

your soulmate and returning to Earth with a mission to tell mankind the actions they must take to avoid the destruction of their own world and their own species Areeya Metaya The Journey to Meeting God is written by Thatree Pokavanich a graduate of Chulalongkorn University's Faculty of Arts majoring in Painting His initial goal was to be a recognised artist but since his love of drawing small animals and nature was too niche to be widely sold he channeled his creative energy into being a full time graphics designer He loves a good story and can be spellbound by every movie he watches even if it has been viewed more than once From the Author Never in my life have I ever considered writing a book but a strange inner voice in my head kept on telling me many times to write this story And many times I have queried why me I have wrestled with that voice for quite a long time since I was convinced that I have little writing skills if any at all But that voice continued to persuade that I put pen to paper because the story would be published in dozens of languages so that others across the world upon reading it would feel inspired and find answers to their lives Haha ha I just laughed at that inner voice and at the thought planted in my head which seemed very amusing However after much pestering I finally yielded to the call So here it is a novel that I'm sure was driven by an unknown force that is looking out for humankind Areeya Metaya is a psychological and philosophical science novel that talks about spirituality and logically explains the different theories of cosmology For thousands of years religion and science have taken conflicting approaches and concepts on discussions relating to physical aspects such as the birth of all things the origin of human beings and animals the cosmos and the universe or about energy for example the existence of spirits and ghosts heaven and hell angels and gods and so on The latter concepts are especially considered absurd in the eyes of many scientists What you are about to read in this book is an attempt to integrate all this knowledge into one concept It is a confluence of science and religion the physical and the spiritual You will learn about the secret mechanisms that created the earth the cosmos and the universe and most importantly how the system moves and exists All this knowledge is written down and explained in the form of a novel so that everyone can understand it easily if you ask how successful I expect this novel to be my sincere answer is that if there is just only one individual who reads and understands this whole story and feels inspired and lifted after turning the pages I would really be contented Please allow me to joyfully embrace you with all my heart if a mysterious guiding force has placed this book in your hand If you are that person your journey to the world of Areeya Metaya is about to begin With love Thatree Pokavanich Bangkok Thailand
