**Globalization and Politics** Jan-Erik Lane, 2017-11-28 Globalization and Politics brings together vision and imaginative insight to the analysis of the evolution of inter state politics to produce a clear comprehensive and coherent sense of how globalization works and how it might work better The study looks upon globalization as a distinct set of phenomena energy economy environment and politics all of which interact Presenting opportunities for interdependency and governance globalization offers both dangers and promises which explains why it is equally feared and praised Globalization is an economic trend with strong spillovers and as such has become a political trend with cultural implications This volume is an invaluable highly readable new text for graduate and undergraduate courses It sets out the key challenges for globalization in the 21st century and looks at the challenges responses and risks of globalization It is required reading for analysts students and professionals who want to understand what s at stake in the globalization debate

**Globalization, Poverty and Inequality** Raphael Kaplinsky, 2013-05-13 Globalization is characterised by persistent poverty and growing inequality Conventional wisdom has it that this global poverty is residual as globalization deepens the poor will be lifted out of destitution The policies of the World Bank the IMF and the WTO echo this belief and push developing countries ever deeper into the global economy Globalization Poverty and Inequality provides an alternative viewpoint It argues that for many particularly for those living in Latin America Asia and Central Europe poverty and globalization are relational It is the very workings of the global system which condemn many to poverty In particular the mobility of investment and the large pool of increasingly skilled workers in China and other parts of Asia are driving down global wages This poses challenges for policy makers in firms and countries throughout the world It also challenges the very sustainability of globalisation itself Are we about to witness the implosion of globalisation as occurred between 1913 and

1950 Using a variety of theoretical frameworks and drawing on a vast amount of original research this book will be an invaluable resource for all students of globalization and its effects      **The Globalisation of Chinese Business Firms** H. Yeung, K. Olds, 1999-11-23 Chinese business firms and their networks of personal and business relationships are becoming increasingly important players in the global economy This book examines the global and regional operations of Chinese business firms and considers their implications for the management and organisation of these firms aided by specific case studies Written by leading researchers in this field The Globalisation of Chinese Business Firms is a valuable and timely contribution to the study of Asian business systems
